

The City of Dripping Springs is set to twinkle with creativity as it launches Stars of Dripping Springs, a city-wide art initiative featuring captivating star sculptures. Organized by the City of Dripping Springs, Destination Dripping Springs, Dripping Springs Chamber of Commerce, and the Dripping Springs Art League, this project will be a vibrant public art project that invites local artists to illuminate Mercer Street to highlight the City's Dark Sky community.

The project will be ongoing, starting with a series of stars to be unveiled in the fall along Mercer Street. In the future, residents and visitors can look forward to discovering these creative star sculptures in unexpected places, from shopping areas to the City's beautiful parks and more throughout the City and ETJ. Each star will tell a unique story, reflecting themes tying into the night sky and the beauty of the Hill Country.

We are currently seeking sponsors to help support this exciting new community project!
