Old Business

Bids for contracted items- Still working on Hats, Photographers, Caterers. All bids should be in for the January Meeting.

Processing plant options- Another location needs to be available for us to have the sale. Too much liability if the animals stay on or of property after the sale waiting to be processed.

Phil spoke with Innovative; they will not be ready for the 2022 Sale. Nick passed on a contact for a new option in Peyton. Wes had a contact for a location in Laramie. Phil will make phone calls and update the committee on availability.

New Business

Move Livestock Sale date in 2022 or 2023- The committee discussed options for moving the livestock sale in 2022 to have the animals arrive at the Elizabeth Locker Plant before Elbert County. Can the Sale move by a few days, or need to move to the Saturday before the Rodeo?

Committee will discuss the 2023 Sale date after they confirm the date for 2022 but know that it may also need to be moved.
