Meeting

Fair Entry Update

Pat discussed set up of the Mock Sale in Fair Entry. The sub-committee will test the system to work out kinks and be able to train others at the Mock Sale at 6:00 pm on July 13th at the Pavilion.

Any computer or tablet connected to internet can log into Fair Entry (cloud based) so it will be easier to set up with IT on the day of the sale.

Bidder Screen

IT is purchasing two TVs to replace the rented bidder screen.

TVs will be outdoor rated and hung in the Pavilion by Facilities prior to the Livestock Sale.

Hats, Photographer, Caterer

All of these have been confirmed and paid for.

Budget Update

The budget was discussed and there are no concerns as of now that there will be overages.

Allison will add in anticipated costs for in kind items in case they need to be covered in the future.

Auctioneers

Gary Debus and George Geiger will be the auctioneers again.

Clerks and Sale Help

The committee created a list of past volunteers for the sale so they can begin to reach out about their interest and availability.

Mock Sale

Scheduled for 6:00 pm on July 13th in the Pavilion. IT will bring all the equipment to use for the night.

Storing Animals After Sale

Due to increased demand at local packing plants, the committee discussed options for transportation of animals after the Sale.

The Fair Board will need to limit the number of animals entering the Sale to the number of spaces available at the packing plants.
