

# Academic Rodeo Computer Science Documentation Templates

The documentation for all Computer Science projects should be complete on 1 page (preferred), but no more than 2 pages.

It should outline the purposes and resources used for the project.

The documentation Document should be signed by the Sponsor for Computer Science at the school or group, verifying that the submission is the work of the registered student.

A Number will be assigned to the project and placed on the front of the project for judging.

The back of the document, as well as **all other parts** of the project should be labeled as follows:

CSF Level CSF Category Project Title Student Name Student Grade School/Group Name
