SATURDAY, NOVEMBER 7

FROM 9:30 AM TO 11:30 AM

WORKSHOP ROOM #3

CARDINAL WOOL PAINTING

Skill Level: Beginner
Age Requirement: 13 & Up

Description: Learn the art of needle felting a two dimensional "wool painting" with Jen from The Felted Bee. In this beginner friendly workshop, you will learn skills and techniques specific to needle felting on a flat surface as well as how to make your own wool painting of a cardinal on a branch.
Needle felting is a technique of using a very sharp, barbed needle to repeatedly stab into the wool to create felt. Using this technique, we will place wool fabric flat onto a surface and gently stab loose wool fibers into place to create images. Unlike needle felting something three-dimensional, wool painting can be very unrestricted, freeing and open ended. We are still using the same materials and tools; we are just keeping everything two dimensional. If you like painting or drawing, wool may be your next favorite medium.
