2021 Ag Mech Build Off

Superintendents: Joey Isbell
Assistant Superintendents: Dillon Bradbury, Brady Sapp
Judge: Kyle Pate and Dr. Marlin Priddy

2021 SALE

The Ellis Co. Youth Expo is a market sale only. No breeding animals may go through the sale ring. Shop projects (other than Champion and Reserve and designated for the sale), Food & Fiber entries are not eligible for the sale. Grand and Reserve Champions in each Market division and Champion Ag Mechanics project designated for sale must sell as champions. This could dictate drop for an exhibitor.

In the past, we have had a mandatory pre sale meeting for those that qualified for the Sale of Champions. We will not have that meeting this year. Included in your entry packet will be the rules of the sale that you would have heard in that meeting. They are also listed below.

It is your responsibility to know these rules. *Any* violation to these rules will forfeit your spot in the sale.

Based on the total number of animals assigned to a class and respective placing the TOP 40% of each class will go through the sale ring.

NO "Bump ups" will occur for this sale. Drops will continue.

Sale places are determined as follows, using the number of animals on the list prepared for the show ring: TOP 40% (Sale Qualified)

# in Class	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
Top 40% (sale qualified)	1	1	1	2	2	2	3	3	4	4	4	5	5	6	6

Exhibitors can receive premium money for only one animal with the exception that the overall grand champions and reserve grand champions must sell. Breeding animals and shop projects do not count as market animals. Animals that go through the sale cannot be bought back from the floor. If the animal is given back to the student, animal disposition must be made before the animal leaves the ring. Any student, or persons representing the student, including a relative or breeder, who ask the buyer for their animal back before, during or after the sale, will forfeit their sale slot and any monies earned at the sale. This includes during the duration of the raising period.

No gifts are to be given to buyers on sale day. Thank you notes shall be delivered to buyers before premium money is received.

ANIMAL DROP RULES:

Exhibitors with more than 1 entry in the market show, have 30 minutes after grand & reserve judging of each division, to fill out a drop card telling which animal from that division you want to be considered for possible sale.

EXAMPLE 1: if you have 2 goats, you need to fill out a drop card after the goat show is complete, listing both goats.

EXAMPLE 2: if you have a hog and a lamb, you need to fill out a drop card after the hog show is complete, listing both the hog and the lamb.

SALE CATALOG:

The Sale catalog will be produced by office personnel at the conclusion of the final market show. In the event the office identifies a missing drop card for an exhibitor, the office will make the determination based on the following guidelines:

1. Drop lowest placing market animal
2. If both entries have same placing, drop animal with largest number in the class
3. If class size is the same - drop earliest shown entry during the week.

The Draft catalog will be posted as early as possible. It is the Advisor/Exhibitor responsibility to identify any errors in the catalog by 10:00AM Friday April 2, 2021.

An exhibit listed on the final Catalog must sell. Failure to present the exhibit at the appropriate time during the sale, will result in forfeiture of sale privilege AND disqualification for the next year's show. An automatic appeal to review circumstances will be accommodated. Appellate board will consist of a Show Superintendent, Show Committee Chair and a CEA/AST from a club other than that of the exhibitor.

FLOOR:

Buyers may floor ANY purchased market animals. Animals may not be purchased from the floor.

Students may qualify to sell their animals on the floor. An animal is considered "qualified" to floor only if the animal was entered, weighed and exhibited at the ECYE and fits into one of the three categories below:

- 1) Animals not making the sale
- 2) Animals making the add-on group
- 3) Animals sold where the buyer returned ownership ("Gave Back")

Students may floor qualified animals by filling out the provided floor cards and presenting the card and animal at the designated area where a representative will sign the card and provide further instructions.

Non-sale, floored animals will be loaded between the conclusion of your respected show until 9:00 P.M. the day of your show.

There will be no floored animals loaded after 9:00 p.m. with the exception of ones that qualified for the sale and were later dropped due to another qualifying project.

A sifted animal may receive a lower floor price than show animals. Sheep must be shorn, as for the show, or they will not sell. These animals must be weighed before they are put in the pens for floored animals. They must also be tagged. THE SWITCHING OF ANIMALS BETWEEN THE SHOW AND SALE WILL RESULT IN DISQUALIFICATION AND THE LOSS OF ANY PREMIUM MONEY.

ADD ON MONEY:

Any exhibitor, regardless of placing may receive add on money. This does not exclude Breeding or Ag Mechanic projects.

SALE DISBURSEMENTS:

All sales, including add-on are subject to a sale commission. The sale commission is set each year by the Board of Directors and will not exceed 10%.

There is no commission on floor proceeds.

Exhibitor's checks will be distributed thru the supervising AST or CEA. Any lost checks must be reported to AST or CEA.

There will be a \$ 25.00 per check charge to stop payment & re-issue new checks to an exhibitor.
