## GOAT RULES

- a) All goat health records including NYS Health Certificate issued on, or after, May 1, 2024 or Interstate Certificates of Veterinary Inspection (CVI's) issued on, or after, July 8, 2024 must accompany animals to the Fair.
- b) Goats must have a Scrapie's ear tag or breed registry tattoo that is to be used as positive identification on the official goat entry form and health papers.
- c) The Interdepartmental Rabies Committee (NYS Health Department, Department of Environmental Conservation and Department of Agriculture and Markets) recommends appropriate off-label rabies vaccine by a licensed veterinarian. This is subject to change upon approval of a vaccine for goats.
- d) Goats may be purebred or recorded grade.
- e) No male goats of any age are allowed in the Dairy Goat Show.
- f) Any animal showing an open sore may not be exhibited. Any animal(s) that produces an open sore while at the Fair will be sent home immediately at the discretion of the NYS veterinarian.
- g) Herd and/or dairy signs will be permitted.
- h) The day of show will be the base date for determining age of goats for the respective breed classes.
- i) Dairy Goats with horns will not be permitted to show. Any scur over 1" will have to be cleared by two members of the advisory committee.
- j) All exhibitors are required to participate in Showmanship and complete records.
- k) All animals exhibited at the Fair are required to be shown in their respective breed classes.
- l) All animals (registered or not) will meet the specific breed standards for that breed.
- m) Each exhibitor may show any number of owned goats. No exhibitor may enter more than two animals in any one class.
- n) If showing a registered animal, a copy of the registration form MUST be presented at Check-In on Tuesday, August 8.
- o) Students in grades 7<sup>th</sup> -12<sup>th</sup> who are active in the school they attend's FFA Chapter and have paid State and National Dues are eligible to show.
- p) Exhibitor MUST wear FFA Official dress when showing their animal.
- q) All goats (kids) must be born before 6/1/2024.

## DAIRY GOAT REGULATIONS

- a) All Goat Rules (listed above) will apply to this section.
- b) Absolutely NO milk is to be dumped into the Fairgrounds storm sewer system. All bad milk (milk treated with antibiotics or milk not worthy of being processed for consumption) must be dumped in into the container outside the barn designated for milk (OR, if no container is present yet, at the Agricultural Discovery Center in the Milking Parlor Drain). This is the ONLY place bad milk can be dumped.
- c) **All animal waste must be taken to the manure boxes and not left on the pavement to mix with run-off or storm water.**
- d) The date of freshening MUST be indicated on the entry form for ALL does that are lactating.
- e) All lactating does will be "milked out" for Best Doe and Best Udder.
- f) Any doe which appears to be "over uddered" will be stripped immediately.
- g) *Since 4-H/FFA judging, for both breed classes and showmanship, follows the guidelines laid out in the American Dairy Goat Association (ADGA) Scorecard, it is **strongly suggested** that all dairy does, aged 2 years and over, be in milk. Dry does may be shown, however since the mammary system accounts for approximately 1/3 of the overall scorecard scoring competitors exhibiting dry does, should be aware that their doe(s) will not be placed ahead of those does who are shown in milk.*
- h) No wethers are permitted to be shown in the dairy goat show.

## COMMERCIAL DAIRY GOAT

- a) All Goat and dairy goat rules (listed above) will apply to this section.
- b) Goats exhibited in this section are not required to have official registration papers but must be of dairy crosses.
- c) Pygmy goats do not qualify for this section.
