The Grange is a 155-year-old family fraternity. Originally founded to unite the nation after the Civil War, the Grange continues to seek ways to create a better America. The organization is community-based with representatives at the state and national level. Membership is open to children, from ages 5 - 14 (Junior Grange) and adults. Meetings are held twice monthly. The organization's goals include personal development, and improved rural life.

As a Grand Prize, a Tri-Color ribbon will be given to the Grange Exhibit having the highest score; this may be Subordinate or Pomona.
All items used in a Grange display must be made and owned by the Grange Club.
