**Please write down your login information in case you need to log back in.*

2) Making your entries. You will see drop down menus listing the department, division and class. The description field is not required, but you are encouraged to enter a brief description of your item to help keep multiple entries sorted, for example the color of the item. Select "Add Entry to Cart". If you wish to add additional entries, select "Add Different Entry" There will be a tally running in the left-hand corner with all the entries added to your cart. There is also an "Add a Similar Entry" option.

****IF** you do not see the departments and divisions you want to enter double check the links above to make sure you are using the correct one.

3) You can go to the "Items" tab to select any additional items you may want.

4) If you would like to come back and add more entries or pay at a later time, select "Save this Cart for Later" *Note: Your entries will not be registered with the Fair office until you have paid using the step below.*

5) Select "Check Out" to proceed to pay with debit/credit card and submit your entries. Review your cart. Balance due will be charged to your card upon completion of this process. Select "Debit/Credit Card" and select your payment in the drop-down menu. Enter your card information. **This process MUST be completed for your entries to be submitted to the Fair.**

You will now receive a confirmation email. *Please save this email for your records.*
