

STACKS LOGISTICS

Seamless Logistics, Connecting Possibilities Nationwide

PROBLEM

Storage Space Constraints

Businesses lack adequate storage space which leads to difficulties organizing and accessing assets when needed.

Asset Management

Keeping track of inventory can be challenging. Poor asset management can result in misplaced or damaged items.

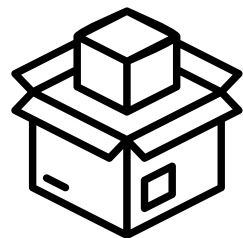

Transportation Logistics

Businesses need quick turnaround, accessibility, tracking and accountability for their assets.

STACKS SOLUTION

Warehousing and Inventory Management

- Over 150,000 square feet of space nationally with space to accommodate trailers and containers
- Robust inventory management system
- Real-time asset visibility
- Barcoding and scanning technologies
