If your event will include alcohol to be served or sold, it will be done so exclusively by our Alcohol Services Contractor and security personnel are required to be present. The number of security personnel needed is based on how many guests will be attending. The User is responsible for covering the security costs and that expense will be discussed in detail when the Use of the building is arranged. Security costs are \$26.00 per hour, per guard, with a 4-hour minimum, and that rate increases on holidays and the holiday rate will be quoted when you schedule your event. The County will work with you to provide contact information for the Alcohol Services Contractor. If you need Catering Service, we will provide you with our current list of Caterers who are contracted and approved to do business at the facility, and you can choose a caterer off that list who you will then work with directly. The County will schedule the security personnel for your event with the County's security contractor.
