

FFF Trade Show – Dock Access

LOAD-IN INSTRUCTIONS

As you plan to set up your booth space(s), please be reminded that set-up materials cannot be brought in through the main convention center entrance (this includes oversized materials, signage, dollies, hand trucks, rolling carts, etc.) Instead, booth materials should be unloaded in the rear of the convention center at the loading dock. Only personal belongings may be brought in through the main entrance. This map showing directions to the loading dock should be used for load-in purposes during the designated times. **Please come to our convention registration area to obtain your credentials prior to proceeding to the loading dock area in the rear of the convention center.**

Oversize Vehicle Parking

After unloading, oversized vehicles must park in the "red" designated areas indicated on this map.

This includes Buses, Trailers and other oversized vehicles.

Oversized vehicles parked in other locations, who are not actively loading or unloading, are subject to being ticketed or towed at the owner's expense.
