General Responsibilities

The following provisions regarding the Pork Production Program are required by law:

- ✓ Forms must be completely filled in.
- ✓ Reports must be filed 15 days after period ending date. If the amount of checkoff funds is less than \$25.00 per month, the remittance can be made quarterly by the 15th day of January, April, July and October of each year.
- ✓ Check or money order for the amount of assessments is to be remitted to the National Pork Board with monthly or quarterly reports.
- ✓ Assessment should be made on all hogs unless documentation of previous assessment is presented and established (sales receipt). Swine can only be assessed once in each class. For example, a feeder pig is assessed the first time it is sold. If it is sold again as a feeder pig, there is no assessment. However, if that feeder pig is later sold as a market hog, there will be an assessment. Similarly, if a boar is sold for breeding stock, there is an assessment. If the same boar is sold later for slaughter, he will be assessed as a market hog.
- ✓ The National Pork Board has the responsibility of monitoring compliance of this law. Failure to properly collect, report or remit assessments and failure to retain and make records available for inspection could result in fines of up to \$1,100. Monthly late charges of 1.5% on late payments are also mandated by the law.
- ✓ Monthly or quarterly reports (even when purchases have not been made) will prevent unwarranted late report notices.
