Hi Natalie – Happy Monday!

Thank you SO much, we absolutely love working with you. The Sip n Stroll was super fun! So glad we dodged the rain 🤞

Your feedback is important to us – so thank you so much for that. I'll check with Justin and see if he has any updates, but I was very happy with everything and cannot thank you enough.

Thanks again!

Tamara, Justin,

Thank you for coming to join us again yesterday - I hope you and your wonderful crew liked your spot and had a good evening (despite the threat of thunderstorms - not a drop of rain) - we enjoyed having you so much and your display was as usual a hit with our guests not to mention your delicious food!

Please feel free to share anything you or your team would like us to know or do differently next time. Our next Katy Sip NStroll is scheduled for Saturday 4th November - I will be sending invitations in a few weeks, hope you will consider joining us again as we would love to have you back!

Have a lovely relaxing Sunday!

Thank you!

The Rouxpour does a few offsite events like this every year, but without a doubt Sip n Stroll is our favorite to participate in. From the venue, to the organization, to the great turn out, it is always a great experience for us!

Thank you! We look forward to participating in the next one!

### TOP STORY

**Katy ISD considers local designation system  
to award statewide Teacher Incentive Allotment**

Katy ISD partnered with Kiewit Consulting Group, LLC to develop a local designation system for the statewide Teacher Incentive Allotment created from 2019 House Bill 2.

#### Details on the Allotment program:

Teachers could earn from \$3,000 to \$32,000 in additional compensation per year.

Teachers could be designated as recognized, exemplary, or master teachers.

10% of those funds would kick back to the district for administrative fees related to the ITA program.

If approved, the data collection period would occur during the 2023-24 school year. Eligible teachers who earn one of three designations would receive additional monies at the start of the 2025-26 school year.

For more information, read here.

### THIS JUST IN

#### Meet the 4 astronauts flying to the moon

Astronaut leaders often say the race to space is a marathon, not a sprint. Astronaut Victor Glover likened it more to a series of sprints—a relay race—and now, he said, the nation has been passed to a new generation of astronauts.

NASA officials announced the four astronauts who will be part of Artemis 3, a 2024 mission that will take humans around the moon.

#### The four astronauts are:

1. Reid Wiseman, mission commander

2. Victor Glover, mission pilot

3. Christina Herndon Koch, mission specialist

4. Jeremy Hansen, mission specialist

Staying local: Many NASA astronauts live in the Clear Lake area of Houston and train at the Johnson Space Center.

#### More on the mission:

During Artemis 3, Koch said she and her three teammates will live in the Orion spacecraft atop the Space Launch System. NASA's most powerful rocket to date, for eight months and then stay high in orbit, tens of thousands of miles above the Earth, testing various systems.

Everything checks out, they will begin a four-day journey nearly 263,000 miles to the moon and fly around it, Koch said.

On the return to Earth, they will reach speeds of 26,600 mph in Earth's atmosphere before splashing down in the ocean, Koch said.

In total, the mission will last 10 days.

#### Houston-Galveston Area Council seeks public comment on 2045 regional transportation plan

With the Houston region estimated to double its population by 2045, the Houston-Galveston Area Council has laid out its plans to accommodate the accompanying growth in transportation needs with its 2045 Regional Transportation Plan Update.

#### The public response:

- Following a public comment period from March 15-April 17, the H-GAC's Transportation Policy Council will approve and adopt the Regional Transportation Plan Update, or RTP, on April 28.
- The agency held the last of its public meetings on the plan March 21. H-GAC updates its RTP, which guides major transportation investments, every four years.

#### Five goals of the agency:

- Improve safety
- Advance and maintain a state of good repair
- Move people and goods reliably and efficiently
- Strengthen regional economic competitiveness
- Conserve and protect natural and cultural resources.

### WORTH THE TRIP

#### New art installation 'Efflorescence' debuts at The Ion

What is the double structure made with white green plastic that flourishes subtly at night and glitters during the day for passersby at the Ion?

The answer is a "Efflorescence," the latest creation by an installation Houston's Midtown.

How to see it: Officially opened to the public March 23, visitors to the Ion's deck can now see the art installation that will sustain a future for the next three months, according to a recent release.

Who made it? "Efflorescence" was created by the Austin-based artist team consisting of Ben Papp and Naveh Karkus from Midgard Design.

#### 7 facts about the "Efflorescence" art installation:

- Consists of a glass vine structure comprised of 200 lush twisted rods
- Negative space between the rods' different elements creates diamond patterns that are filled with multi-geometric pattern plastic
- Some are painted with a differently pigmented mica paint and are suspended from the twisting vine structure
- Some are made from aluminum film, a type of film that transforms clear materials, which allow "Efflorescence" to continuously change color as each viewer changes position
- Some of the flowers attached to "Efflorescence" have a kinetic component and, as visitors to the Ion pass underneath, it triggers a signal for flowers to bloom in or soon and close pattern
- The flowers, made from upcycled plastic, are also subtle at night, emitting a photoluminescent glow
- Mounted spirally along the edges enhance night-time viewing opportunities by bouncing light off of the reflective mica paint and outdoor film

### Katy Sip N Stroll Benefits

Katy Sip N Stroll is an annual fundraising event for The Ballard House, a nonprofit organization that provides support and resources for women and children in need. The event is set to return on April 15, 2023, and will feature a variety of activities, including wine tasting, live music, and a silent auction. The event is free and open to the public, and all proceeds will go to support the organization's mission.
