It's Complicated. Complicated Wine that is. They like to keep it simple: it's all about making great wine that overdelivers. Grown in sustainable vineyards in Monterey County, coastal influences create bright, balanced, and food-friendly wines. Complicated wines are designed to look and taste great, and show you how uncomplicated well-crafted wine can be. It's a little tongue-in-cheek, but it's exactly how we feel: open it, pour it, sip it, enjoy it.

We will open it, and pour it, and you can sip and enjoy it at **Wine Knot 3.0** in Clear Lake Shores this Saturday. Great wines, restaurant tasty treats, craft cocktails, artisan vendors and more for one all-inclusive ticket. Only \$45. At **Wine Knot 3.0** it's not Complicated.

Tasmania. Wine. Who puts those two together? Tasmania is making beautiful wines, especially sparkling. Anybody checked the price of Champagne these days? Jansz is a steal of a deal. Dare you to do a blind tasting.

Or better yet, come to **Wine Knot 3.0** and try for yourself. \$45 will get you sipping and noshing for 3 hours all-inclusive on Saturday, September 24. Tickets are at <https://www.foodandvintime.com/.../wine-knot-30-at-clear...>

It's an intimate event in a lovely environment. And its another Food & Vine Time Productions event.

**JANZS**™ PREMIUM ROSÉ  
TASMANIA

**91 POINTS**

Think strawberries, peaches, mandarin orange and orange sherbet. Flavors are plump and juicy, with hints of white flowers and spice on the refreshing finish.
