What an exciting way to start off the bull division of our catalog! Jordyn Walker and Emory Livestock are proud to present to you the Grand Champion Purebred Bull from the 2023 North American International Livestock Exposition. NE Skynyrd is a bull that possesses an excellent combination of traits. He is powerful, big-footed, and structurally correct in his design. This makes him suitable for use in any purebred or crossbreeding herd. Skynyrd stems from a lineage of high-performing bloodlines inside and outside of the ring. He is the offspring of SG BLC Ozportunity D901, our top donor cow. D901 has raised many successful calves that have excelled in the pasture, the show ring and on test. NE Skynyrd has a robust pedigree and is destined to work.

Selling 100% possession, 100% semen sales, and 100 units of semen stored at Hawkeye Breeders in Adel, Iowa. The Brinks are retaining an in-herd only semen interest for semen in storage for their personal use.

553K is a deep sided, thick top, Easy Sleep son that gets genetics for calving ease and lower birth weight from his sire Easy Sleep. His conformation, style and moderate growth won him the senior calf championship at the Tulsa State Fair. He ranks in the Top 3% in the breed for CEM, BW 4%, CED and API 10% and TI 20%. This tremendous genetic package tested homozygous polled.

JAMS On Time is the definition of a powerhouse! Moderate and stout made he is robust through his forerib and stout. When set into motion it is impressive that he still manages to get out and go sound and square off both ends while being well balanced on the profile. Being produced by an such iconic and proven mating. On Time has obtained many national titles and been named 2023 Reserve Beefbuilder Bull of the Year behind his brother. The opportunity to intergrade this sire's genotype and phenotype qualities into your herd is here. Do not miss this great opportunity, It pays to be ON TIME! - Carrier TH, Negative PHA.

WOW! What an incredible opportunity to have some GREAT genetics for success in the show ring and the pasture. This cow has been a beast ever since she hit the show ring and has looked the part every time. She has won many national shows and was named Beefbuilder Show Heifer of the Year two years in a row! Not to mention, her first calf, Miss JMS Prada L395 was named Reserve Overall Champion at NAILE, her first show. JMS Prada will be at the sale to view, and I highly recommend you check her out. There are so many ways to mate this cow; the opportunities with her offspring are out of this world. What is even cooler is that you get to decide on what that offspring will be! Buyer receives opportunity to IVF flush this donor to sire of buyer's choice with guarantee of a minimum of 6 eggs, no cap, and guarantees two 60-day pregnancies if put in by certified embryologist. Buyer will pay all flushing expenses. Donor, Miss JMS Tiva J210, Reg #BC100756, will be ready to flush after sale and must be done by June 1, 2024.

PE 7/16/2023 to 9/3/2023 to N7R Key Largo 61K and 8/15/2023 to 9/3/2023 to N7R Keystone 14K. Vet ultrasound confirmed for late April calf.

An own daughter of the Foundation Aron. Dam was a moderate and deep bodied Vernon daughter who was my pick of Fullblood cows to flush at Broken Oak Ranch. Diamond N7 has worked to keep a small part of their herd Fullblood and this is the best one they have ever had. However, they need to simplify their program and this cow needs to be bred back fullblood to maintain some foundation genetics in the breed, and needs be in someone's herd to get that done. Top 25th percentile for both Weaning Weight and Yearling Weight. This big bodied, 1375 pound cow is one you can breed to most any Fullblood bull out there and will get top progeny.

Bred AI on 5/22/23 to Fullblood SWISS-WAY CHINOOK, OB10848.

PE 5/29 - 8/5/23 to MCB MR 3C 5030 0223, OB99888.

Everyone loves a good bred cow and this is what one should look like! Jalyn wishes she would have taken a picture when she had her first calf at side. Easy keeping, she held up better than most first calf heifers, not to mention her having a perfect udder. Her sire is one of her absolute favorite bulls in the breed and has had some of the best calves she has ever seen. Whoever gets this one will have one heck of a cow roaming in their field doing awesome things. Miss JMS Petals checked 80-85 days bred on 9/6/23, due to calve end of March 2024.

Presented by: Jalyn Smith, Jay H Farms

This fullblood show prospect is pretty dang impressive. Still green, she is changing for the better and developing into a copy of her full sister, Miss JMS Beth K312. JMS Beth has already proven what these genetics are capable of in the show ring. A couple titles to mention, Reserve overall at Fort Worth and Reserve overall at NAILE. Beth is also currently in the lead for the Fullblood Cup! Beth's sister, Luna, already has the perfect attitude. All you have to do is feed her right and watch her turn into a tremendous female. Bid with confidence on this one! The opportunities are endless in the Fullblood world!
