We lead off this elite offering with a Fireball son that is currently Number 8 among non-parent bulls in the breed. This elite herd sire offers "sleep all night" calving ease with ample growth to go along with his elite marbling potential. This is a great example of the value that comes through the Texas Angus sales. The dam of this stud was purchased as a bred heifer in a past Autumn Classic sale. D011 ranks in the top 1% for seven traits including CED, Marb, \$Grid, \$Beef and \$Combined.
