

**Agriculture Building
Presented by Save Mart
Showcasing Fresno County's Agricultural Abundance!**

Come experience Valley-grown fun at the 2021 Big Fresno Fair! To get your daily dose of fruits and vegetables, visit the Agriculture Building presented by Save Mart. Each year, people come from all over the world to see what the diverse agricultural communities of Fresno County have grown this year. Presenting their best-looking fruits, vegetables and nuts, all are judged and displayed at The Big Fresno Fair for everyone to enjoy.

Eight Community Booth Displays!

Local communities construct their own Fair booths every year in order to showcase the most famous agricultural products grown in their own backyard. The communities that are participating at this year's Fair include: Clovis, Fowler, Kerman, Kingsburg, Parlier, Reedley, Sanger and Selma. Thanks to dedicated volunteers in these communities, their booths are constructed before the Fair even begins. Among these combined exhibits are more than 350 varieties of fruits and vegetables on display - making this building one of the largest agriculture buildings in the nation!

Monstrosities.....On display during the Fair

One of the most unique displays! Come see fruits, vegetables and nuts that have grown into grotesque shapes, some at unusually large proportions. Not suitable for the market, they make their way to the Fair for a bit of fun as we wonder how these monstrosities came to be! Judging happens Monday, October 4.

Home Gardener.....On display during the Fair

Catch gardening at its best! This display features the products of all home-grown varieties. Judging will take place on Wednesday, September 29.
