## Health & Safety Update

As you know, the COVID-19 health crisis has altered each and every one of our lives in one way or another. One thing that is consistent is that we are all in this together – and we will get through it together!

We are actively working on the 2021 Big Fresno Fair, which will run October 6 – 17! The health and safety of our Fair staff and community is of the utmost importance. So here is what we are doing:

- ✓ Closely monitoring and reviewing information related to flu season and COVID-19.
- ✓ Staying in constant contact with our local and state government entities and health officials.
- ✓ Keeping each one of you informed through our website ([www.FresnoFair.com/covid-19](http://www.FresnoFair.com/covid-19)), Big Fair Fan Club email newsletter and social media handles.
- ✓ Planning for heightened cleaning and sanitization procedures for the 2021 Big Fresno Fair that align with CDC guidelines, along with other recommended proactive measures.

So don't wait! Start on those competitive exhibit entries so you can be part of the 2021 Big Fresno Fair, as we showcase the very best of our community and come together for this longstanding annual tradition!

We look forward to seeing you all in October. In the meantime, continue to do your part and wash up, mask up, back up and keep yourself and your family happy, healthy and hopeful!

## GENERAL INFORMATION

This marks the 30th year that The Gem and Mineral Department will be sponsored by the Big Fresno Fair. This department is intended to display the works associated with the Gem and Mineral hobby and includes exhibits from prospectors, lapidaries, mineral collectors, rock hounds, fossil collectors, metal smiths and jewelers.

The Gem & Mineral Department's goal is to create an exhibit reflecting the talent and artistry of the state. Competition builds quality, improving exhibitors' skills and igniting his or her personal satisfaction, while recognizing the Club's endless support.

A successful Gem & Mineral exhibit will depend on exhibitors' cooperation, assistance, and willingness to share knowledge and talents with over a half million fair visitors.

Locked cases will be provided for exhibits. On-going demonstrations will occur daily throughout the fair.

Please share this information with your clubs and friends to encourage them to join you in exhibiting. For further information and additional entry forms, please contact the Exhibit Office at (559) 453-6890 or at 1121 S. Chance Ave, Fresno, CA 93702. All entry forms must be completely filled out and mailed to address above by September 10th or enter on line at [www.fresnofair.com](http://www.fresnofair.com) by September 13th.

**All Competitive Exhibitors** "Exhibitor" is understood to mean either an individual or family, or group whose names shall be listed on the entry form. All work shall be personally done by exhibitor.

**Open Division Qualifications (Adult)** Professionals, advanced collectors and those highly skilled in lapidary may ONLY exhibit in the open division. This also includes any exhibitors and/or immediate members of their households, who regularly buy, sell or advertise for sale, mineral specimens, gem material, custom lapidary or silver work, and those who receive pay regularly for teaching lapidary or jewelry.

**Amateur Division (Adult):** This division is provided for the non-professional hobbyist only.

**Adults** Juniors may not enter any adult divisions. The adult scorecards will also apply to the juniors.

**Double Entering** No exhibitor may enter both the Amateur and Open Divisions.

**Previous Awards** Any exhibitors who have been awarded 2 first place ribbons in the same class may not enter that class for a third time. Novice must move to Amateur Division and Amateur must move to the Open division. After winning (2) blue ribbons in the Open division the Exhibitor may not enter the same class for the third time.

**Claim Checks** Claim checks will be furnished when exhibits are delivered to the building.

A family member wishing to enter as an individual must submit a separate entry form.

**Membership** Current member in the California Federation of Mineralogical Society or any local Mineralogical Society is not a requirement for entry in this Department.

**Clubs** are NOT eligible in competitive classes.

**Out of Class Specimens** Lapidary in mineral exhibits, mineral in lapidary exhibits, and synthetic in mineral exhibits shall be considered out of class specimens and will be penalized in scoring.

**Spraying/Coating** Lapidary exhibits which have been sprayed or otherwise coated will not be judged. This rule does not apply to "doublets" or "triplets". However, such material must be properly labeled.

**Labeling** Name tags, initials, symbols, and club affiliations may appear in competitive exhibits provided they are face down during judging. Any identifying sign shall cause DISQUALIFICATION if not covered. Important: Names of all exhibitors showing in case(s) must be listed on entry form.

Labels should include the following information:

- Identification of mineral.
- Identification of associated minerals where significant. This applies to mineral classes only.
- Locality, as complete as possible.

**Managements' Rights** Management reserves the right to limit the amount of cases and space to exhibitors, and has the final decision on the placement of the cases.

**Cases Needed** Exhibitor must indicate on entry form the total number of cases needed. For special display problems, write a separate letter to the Superintendent of the Gem and Mineral Department.

**Original Work** All lapidary work must be the work of the exhibitor. All specimens must be the property of the exhibitor.

**Disqualification** Refusal to comply with the rules or any unethical conduct displayed may result in disqualification. Objections to the rules are not to be considered justification for complaint, but where an apparent error in evaluation or interpretations has been made, appeal may be made to Supervisor. Any protest must be made in accordance with State Rules.

**Judging** All entries will be judged using the American System of Judging. Entries will be judged on merit. Minimum Merit Point Scores are:

- Master Faceter 90 points
- Open Division 80 points
- Amateur Division 70 points
- Novice & Junior Division 60 points

Cash award will be given to exhibitors with the highest scores, above the division minimum. If score is below minimum merit points, it will be considered as insufficient merit. No award or ribbon given.

**Cases** All entries shall occupy one full case in accordance with class rules. Single entries will be displayed with other single entries in special display cases. Alterations to the basic construction of the cases are not permitted. Exhibitors are encouraged to use their own case if they have one.

**Locked Cases** Locked cases are available and will be assigned to exhibitors.

**Case Liners** All display cases should be lined by exhibitors. No sand or gravel allowed. Inside dimensions are very tight. Liners should be slightly smaller to avoid problems. Don't forget to allow for overlap of liner pieces. First liner piece inside case should be back, then bottom piece and sides last. The exhibitor should be aware that dimensions may vary slightly from case to case.

### Case Dimensions

## JUDGES' GUIDELINES

**Judging Panel:** Qualified members of The California Federation of Mineralogical Societies and/or people from colleges and professional schools are chosen to be on the judging panel.

**Labeling:** Labels will be judged on correctness of identification, spelling, and legibility. Accuracy and spelling of mineral, species and locality will also be factors. Neatness, size of label, etc. will be considered under showmanship. Labeling should be aimed at the general public. Pink Tourmaline is as acceptable as Tourmaline or Rubellite. All other things being equal, the labels with the most complete locality shall receive a higher score for labeling. This applies for both lapidary minerals and fossils. See other label requirements under general rules.

**Showmanship:** Shall refer to the ability of the exhibitor to use material exhibited, background, lighting, arrangements, neatness, and labeling to create an attractive and interesting display.

**Quality of Material:** Quality of material refers to the following properties: Color, crystal arrangement, color pattern, texture, and brilliance, freedom from flaws, cracks, and foreign material.

**Rarity:** Rarity refers to the rarity of occurrence of the mineral, of mineral association, or crystal form or habit.

**Orientation:** The proper position and angular presentation of the specimen on its mount so that the central point of interest may be observed without further movement of the mount.

**Workmanship:** this refers to the shaping, polishing, symmetry, and general precision of the exhibited material. The ability to work in a wider variety and hardness of material will receive a relatively higher score.

**Variety of Work:** Judging will be based on the variety of work exhibited. Cabochon, flats, faceted stones, transparencies, spheres, composite carvings and novelties shall be considered as different varieties. Variety of work in jewelry and metalwork shall be based on variety of techniques and surface finishes.

**Originality of Design** Use of new designs as well as the ability to use old ideas for unique design.

**Variety of Material** Life formative units, locations worldwide, replacing material. Use of diverse kinds of material, colors, differing ranges hardness.

**Reference List** A list of references is required to obtain the scientific name for each specimen. This list may cite publications, institutions or individuals used as the authority for this identification.

**Variety of Exceptional or Unusual Forms of Association** This includes physical features, minerals present, etc.

**Overall** In every class all other things being equal, the exhibit which in the opinion of the judges, carries the most interest to the general public, shall receive the higher score.
