NEW! LIL' LUMBERJACKS AT THE FAIR

Sponsored by: Sewall Forestry

The Northern Maine Fair Association is excited to announce a new interactive children's educational exhibit called Lil' Lumberjacks at the Fair. Modeled after our successful Lil' Farmer's exhibit, this new project will be based on Maine's Forestry Industry. Children of all ages will navigate through a series of educational buildings and activities, as they learn in an elementary way about the industry, from seedlings to the production and marketing of forest products. With final completion expected in 2023, there will be a significant part of the exhibit open this year. *Make sure to check it out!*
