Department 51
Tractor Pull

Matthew Bryant, Superintendent Center Conway, NH 03813
(C) (603) 730-2946
Everett Danforth Ass’t., Stoneham, Me.(207) 928-2289
David Heald, Ass’t., Ctr. Conway, NH, (603) 662-9814
Todd Keenan, Ass’t., W. Buxton, Me. (207) 642-3862

Fryeburg Fair assumes no responsibility for loss, theft, or injury of any participant or property competing. As Safety is of the utmost importance, anyone not operating safely will be asked to leave the grounds.

Judges decision will be final on any point of controversy, and any disagreement will result in disqualification.

The contest operational rules will follow the current Maine State Truck and Tractor Pullers Association general rules. (MSTTPA), and current guidelines of the Department Superintendent of the Fryeburg Fair for all classes.

The following are rules for STOCK CLASSES.

1. All tractors to be stock (NO ENHANCED) and checked for RPM’S. Go strictly by engine RPM’S 3000 RPM max for 4 & 6 cylinder, 3400 RPM max for V-8 cylinder.
2. Contest open to tractors with rubber tires. No 4 wheel drives allowed, no dual tires, no tire studs or chains are permitted. All power must be transmitted through the wheels.
3. Drivers 14 & 15 allowed to pull in stock class with parental permission and passing with certified farm tractor course with cert., Drivers 16 & 17 years of age are permitted to pull with parental permission. Drivers 18 yrs and older. Permission not required.
4. Each tractor may enter 2 classes.

5. Tire sizes 0-15,000 lb -18.4 Tire sizes, 12,500 lb - 20.8 Tire size.
6. Only 1 driver may drive the same tractor in each class.
7. Weight of tractor shall include driver, also driver must not leave seat of tractor while pulling.
8. Chain must be hooked to the following drawbar specifications. Minimum draw bar length is 18" from center of rear wheels to point of hook measured horizontally, drawbar to be stationary in all directions. Maximum height is 20" from the top of hitching device, perpendicular to the ground. Drawbar must be equipped with steel hitching device not more than 1" thickness, with a **3" diameter opening** and cross-sectional thickness must be 7/8" minimum. Pulling point may not be more than 1.5" from the back edge of hitching device. No supports can be attached to the drawbar.

A. Draw-bars to be rigid with no movement allowed when ready to pull. Draw -bar specifications to be minimum length of 18" measured horizontally from center of rear axle to point of hook. Maximum height to be 20" from the top of hitching device perpendicular to ground. Draw-bar to be a steel hitching device not more than 1" thickness with 3" diameter opening, cross-sectional thickness must be a minimum of 7/8". Pulling point may not be more than 1-1/2" from the back edge of hitching device. No supports attached to draw-bar.

9. No portion of the tractor may interfere with the sled or sled hitch during the pull.
10. All weight must be safely secured to the tractor and must not extend rearward beyond rear tires 6" or be more than 13" in front of tractor to front of weight.
11. All tractors must be equipped with workable rear wheel brakes.
12. All tractors must have a strong and rigid seat; all tip seats must be securely fastened while pulling.
13. The use of stabilizer bars is strongly recommended.
14. All tires will turn in correct rotation.
15. There will be no ether cans on the tractor or in the driver's possession while on the pulling track.
16. All tractors will use fuel originally designed for tractor.
17. All tractors will have the power take off shaft in normal working condition and not slipping.
18. Excessive oil and water leaks are subject to disqualification.
19. Any weight that falls off while under the green flag will be grounds for disqualification.
20. Contestants must pull at position drawn immediately at the time the sled is at readiness. Any delay will mean disqualification. If presiding judge is notified he may drop a contestant having mechanical problems.
21. Any unsportsmanlike conduct will be an immediate disqualification of

the tractor driver and pit crew; any purses won will be reneged.

22. In case of a dispute or misunderstanding, the decision of the judges or superintendents will be considered fair, impartial and final.
23. Obvious consumption of alcoholic beverages will be grounds for disqualification & or barred from competition.
24. Any tractor that leaves course boundaries will be disqualified. Flaps are not included as part of sled.
25. Side shields are recommended, to be minimum thickness of 0.60”
26. No electronically controlled engines, includes no computers (laptops)
27. A registration fee of $20.00 per class will be charged for all classes.

Big Rigs

1. Stock Big Rig Trucks only must have a 5th wheel.
2. No Chaining or altering suspension in any way.
3. No Shifting is allowed.

9	Under 12,500 lbs.	$240.00	$192.00	$168.00	$144.00

Trophies - First place in each event.

Tuesday Tractor Pull Rules

1. The West Oxford Agricultural Society operating as Fryeburg Fair assumes no responsibility for loss, theft and/or injury to the participant or property competing.
2. Tractors must be standard make, rubber tread, wheel type, equipped for farm use. No four wheel drives allowed, and no dual tires, All power must be transmitted to the wheels.
3. The order of pulling in each class will be determined by drawing numbers for each class prior to the start of that class.
4. The contestants may enter each tractor in a maximum of two classes.
5. The first place winner may enter the next class and pull last in order. The second place tractor will only be allowed to enter the next class if the pull officials determines that the class is less than full and time allows.
6. Classes 1 & 2 will be allowed a total of 3 minutes of pulling time. Classes 3 through 9, inclusive, will be allowed a total of 4 minutes pulling time with the **following exception.** If the tractor is moving in **a steady, forward motion** when the 4 minutes have expired, the contestant may continue to pull until forward motion has stopped.
7. All pulls must be made on the concrete slab provided. Dead hitch to boat by cable, clevis and pin provided. Drawbar height is 20 inches for all tractors 1000 pounds and over and 12 inches for under 1000 pounds. All drawbars will be flat, horizontal bars rigid in all directions. (Note: when clevis is installed on drawbar it must not be able to move upward during pull). Conventional two or three point drawbars must be rigid and not moved during pull; if moved, tractor will be disqualified.
8. Load must be pulled six feet in one hitch from the starting point for a full pull. Distance is measured to the point where the boat first stops

forward motion.

9. All tractors must be weighed on fairground scales. Weight includes operator.
10. The winner of the previous class may add weight to correspond to the next class.
11. No portion of the tractor may interfere with the boat.
12. All weight must be safely secured to the tractor and must not move rearward while pulling. No weight may extend more than 24 inches from the front of the tractor's factory frame.
13. All tractors must have a rigid seat and tip seats must be secured while pulling.
14. The Fair Association strongly recommends the use of stabilizer bars and they are mandatory in Class 9.
15. Operators will use all due consideration for safety of other operators, track crew, and spectators and must stay in contact with seat at all times. No operator shall allow their tractor to continue spinning after the boat has stopped.
16. The rules and classes are subject to change. Any changes will be announced at the contest. All decisions of the officials will be final.
17. A tipping block will be used on the boat, if necessary. If block tips, measurement for that pull will not count.
18. Rear tires must remain on slab for the full distance of pull.
20 . The drawbar hole must be easily accessible to hookup. The hole size is to be no smaller than 1 1/4 inches.
21. Any loss of liquid on the pulling surface or loss of weights or safety equipment may be cause for disqualification.
22. Class #1 and #2 must use lawn and garden type tires. No slicks or professional pulling tires are allowed.
23. Class #1 and #2 are for stock tractors only. Any tractor that the judges feel has been modified to give it an advantage over the other tractors in that class may be disqualified by the officials.

Department 54
Open Youth Horseshow
Sunday, October 4, 2026 9:00 AM

Jenn Coen, Superintendent
(E) coenj13@yahoo.com

All horses must be on the grounds by 8 a.m. the first Saturday of the Fair. Horses can be brought onto the grounds through the gate. Horses will be permitted to stay overnight Saturday in the paddock. Please request stall space on the entry form, space is limited. Chaperones are required for all participants under the age of 18 while on the premises. There are no dorm facilities on the grounds. Papers for horses and participants will be checked from 7 a.m. – 8:15 a.m. Sunday morning.

Entries need to be in by August 15, 2026. A negative Coggins is required within six months for out of state residents, within 36 months for in State of Maine residents. All horses and ponies must have equine herpes type one (EHV-1) not less than 14 days or not more than six months before coming onto Fryeburg fairgrounds.

Suitable riding attire requires a helmet, required for everyone under the
