Through participation in the Georgia Career and Technical Instruction Organization students with disabilities learn about the world of work and the employment skills they need to be successful. Georgia CTI provides students the opportunity to sharpen skills learned in their career and technical education classes. In addition students experience work related activities that assist them in their planning for post secondary opportunities. Georgia CTI students develop confidence and maturity through meeting challenges and completing projects as they prepare for state wide competitions. As they receive recognition for those achievements, their self-esteem grows and they become more confident of their abilities. Participation in the CTI organization helps students become well-rounded individuals.

CLASS

01 GEORGIA CTI PIN DESIGN CHALLENGE

A copy of the online registration confirmation will be required to check-in for competition.

OBJECTIVE: Participants design a lapel pin that can be used to promote Georgia CTI's theme for the current year.

PROCEDURES: All graphics must be saved as a .pdf file with the file name Pin_student's name and put on a CD. A copy of each graphic must be printed, placed in a plastic sheet protector, and mailed with the CD containing the files. All graphics and CDs along with a copy of the online registration confirmation must be mailed to Georgia CTI home office and postmarked by September 22, 2021.

CONTEST RULES:

The design must meet the following criteria:

1. **All exhibitors are required to read and abide by the Georgia National Fair General Rules and Regulations. PLEASE NOTE: IT IS YOUR RESPONSIBILITY TO READ AND UNDERSTAND THE RULES. If you have questions, you may certainly email us at georgiacti@gmail.com or contests@gnfa.com. Please help us prevent entry disqualifications.**
2. There will be no use of copyrighted materials other than the CTI logo.
3. Participants will design a CTI pin that can be worn on blazers, jackets, shirts, sweaters, or blouses.
4. The pin must include the letters CTI.
5. The design must be computer generated and submitted on 8 ½" x 11" paper and must include the design in both actual size and in an enlarged version to show detail.
6. The actual pin size will range from ¾" to 2". The size and number of letters in the design must be taken into consideration; a letter on a 10 inch piece of paper will be reduced to 1/10 of an inch on a 1" pin. Therefore, fewer letters and greater size is recommended for a more legible pin.
