**Auto Racing Agreement
Improvements to Fair Facilities 2023**

Promotor name, the Contractor, will provide plans for any improvements to the racing facility to the Association Board prior to any work being performed, throughout the term of the contract.

This includes all perimeter fencing, specifically around turns three and four for the protection of the soccer field/vendor parking/RV lot; any damages that occur to the soccer field because of any race related events shall be the responsibility of the Contractor to repair prior to the next scheduled soccer event at Contractor's expense.

All improvements made must be done according to the State of California construction standards and codes.

Contractor is liable and required to secure and meet standards according to the State of California Inspection code of race facilities.

Contractor shall acquire bids for work to be done if the contracted work to be done is over \$5,000.00.
