

2026 Swine Weigh in Times Tuesday, May 12, 2026

This release program has been designed to create a more efficient process of getting all animals weighed in. We appreciate everyone's patience and commitment to make this a smoother process.

*If an exhibitor cannot make the assigned time due to a conflict we ask that you notify the Fair Office, or one of the other numbers below.

**When the assigned time is close, we ask that you wait patiently near your pen. When your group's time comes they will come and notify you. Please do not head to the scales prior to being released. Should you have a light animal, please communicate that you wish to weigh in later.
