GRAYS HARBOR COUNTY FAIR 2023 (applicable to all departments)**

1.The general supervision of the entire Fair, including all exhibits, entertainment, and concessions has been vested in the Officers and Directors of the Fair Board. "FAIR" includes members of the Fair Board, Manager, and employees of the Fair Department and Grays Harbor County. Additional or special requirements may be written into any exhibitor's or concessionaire's contract with the Fair. The management reserves the final and absolute right to alter, interpret, or change these rules and regulations as may become necessary and to determine all matters, questions, and differences that may arise incidental to the fair.

2.Each exhibitor is responsible for damage or personal injury caused by his/her animal.

3.Entries will be accepted on a space available basis with preference given to: #1 - County Residents; #2 - Adjoining County Residents; and #3 - Other Areas.

4.No animal shall be withdrawn from the Fair before 10:30 p.m. Saturday, closing day of the fair, except by written permission of the Manager.

5.First place will be designated by blue tags or ribbons, second place by red tags or ribbons, and third place by white tags or ribbons.

6.Every animal or article must be entered in the name of the owners, maker, or grower whose name must be endorsed on the entry card that will specify the section and class, and such card will be attached to the article or pen. Anyone trying to deceive the fair in regard to ownership, manufacture, or production, shall forfeit all claims as an exhibitor. Only one article may be entered by an individual in any one class, except as otherwise specified under department rules.

7.Under no circumstances will any person or firm be allowed to place any advertising matter upon buildings or trees, or any place in the Fairgrounds, either during the fair or at any time before commencement of the fair, outside of the space assigned to them.

8.No person shall be allowed to sell or give away articles upon the Fairgrounds, either during the fair or at any time before commencement of the fair, outside of the space assigned to them, and not until the license for the privilege has been paid and a receipt therefore issued. This includes balloons and other novelties for which the fair contracts sale privileges.

9.The initial bedding for animals will be provided by the fair. Any additional bedding, after the initial bedding, is the responsibility of the exhibitor. Animal exhibitors are required to clean their stall space immediately following the closing of the fair.

10.In the livestock departments, all exhibits must be clean, the stall constantly kept clean, and no trash or supplies of any kind will be permitted to accumulate in or about the stalls. FFA and 4-H members showing livestock at the fair must house their stock in the area designated for their own group. A small attractive sign may be placed on the wall behind the stock indicating the owner, breed, or production. All livestock must be kept unblanketed from 10:00 a.m. to 8:00 p.m. each day of the fair, except on the day of judging until judging is completed. An exception may be made by the Department Superintendent for animals under a veterinarian's care.

11.Any animal that is unruly and considered a danger to the public may be removed at the discretion of the Fair Board Livestock Committee.

12.The management has the final decision on the location and display of exhibits. Any recommendations will be given complete review and consideration.

13.All concession space will be sold by the management and application must be made in writing. Under no circumstances will anyone be permitted to operate a concession without a signed contract.

14.Under no circumstances will articles that are offensive by reason of their explosive or combustible character be accepted or admitted, and if any such item is allowed admission through misrepresentation or acceptance, or otherwise, they may be removed by order of the Manager. No monstrosities will be allowed, nor begging or soliciting for private charity.

15.The Fair Board reserves the right to bar any exhibitor from exhibiting an entry, and upon such action, or in the event of any entry being disqualified from winning a prize by the decision of the committee, such decision shall be final and binding upon the exhibitor.

16.Exhibitor must provide for the delivery of their articles upon the exhibition ground. The fair will not, in any case, make provisions for their transportation or be subjected to any expense thereof either on their delivery or return from the fairgrounds. All expenses connected therewith must be provided for by the exhibitors themselves, and all freight, express, and carriage must be prepaid.

17.All exhibitors shall guard their exhibits and protect public for coming in contact therewith and every such exhibitor shall indemnify the fair from such claims, demands, costs, damages, charges, and expenses which it may occur, suffer to be put to, by reason of any accident, or of any such exhibit not being properly guarded or the public not being protected or failure to use reasonable care in any act or omission by exhibitor.

Use of intoxicants, narcotics, illegal drugs (except drugs used in strict compliance with a doctor's prescription), vulgarity, dishonesty, misrepresentation, and other undesirable behavior by anyone attending, producing, representing, chaperoning, acting in guardianship of, or profiting from a concession or exhibit will result in immediate closure of the concession and removal of exhibit in such violation.

19. No pets or other animals, except those on exhibit or assisting a physically impaired person, are allowed on the fairgrounds during the fair.

20. The fair will take reasonable precautions to insure the safety of exhibits but the owners themselves must take the risk of exhibiting them, and should any exhibit or portion thereof be injured, burned, lost, or stolen, the fair will give assistance toward recovery of same, but will not be liable or make payment for the value thereof. Small or valuable articles should be exhibited in showcases which may be securely locked.

21. The exhibitor must remove his exhibit by 3:00 p.m. on Sunday following closing of the fair. Any article or equipment left in a building or on the grounds after this date will be at the risk of the owner, and will become the property of the fair after three days.

22. Exhibitors must supply their own tools for the set up of their exhibit or display. The fair will not loan any tools.

23. NO PERSON SHALL INCUR ANY OBLIGATION WHATSOEVER AGAINST THE FAIR WITHOUT FIRST OBTAINING A REQUISITION FROM THE MANAGER. ANY PERSON CONTRACTING ANY OBLIGATION AGAINST THE FAIR WITHOUT FIRST OBTAINING A REQUISITION FROM THE MANAGER WILL BE HELD PERSONALLY LIABLE FOR SAME.

24. There will be no moving of cars or trucks upon the fairgrounds between the hours of 9:30 a.m. and 10:00 p.m. This will be strictly enforced.

25. 4-H and FFA members who camp on the fairgrounds must be accompanied by either their advisor, parent, or leader, before the fair will grant permission for their overnight stay on the fairgrounds. Members will be assigned sleeping quarters by the Manager. Curfew time is 11:00 p.m. Anyone disobeying these rules will be sent home and premium money forfeited. Please refer to specific camping rules.

26. All large displays, such as tractors, trailers, etc., must be in place 48 hours prior to the fair opening, except where the manager permits later entry.

ANIMAL HEALTH REQUIREMENTS

The fair will have an official veterinarian on call. The fair office will call the veterinarian in case of emergencies or in special situations. Service call charges are the responsibility of the exhibitor.

All sheep and goats, except castrated male goats, must have official USDA National Scrapie Eradication assigned flock identification.

Individual health certificates for Washington animals are not required for entry into the fair. The fair veterinarian may issue a blanket health certificate covering all in-state entries to the fair.

No animal from a quarantined area or premises may be permitted to enter the fair or show.

All out-of-state animal entries must comply with State of Washington import requirements. No exceptions unless exempted by rule. Please call the fair office for more information on out-of-state animal entries.

Fair veterinarians will inspect all classes of livestock and poultry (including horses, pet animals, rabbits, fur-bearing animals, pigeons, ducks, geese, and turkeys) before they are exhibited to determine that the livestock and poultry show no clinical indications of contagious, infectious diseases and or ectoparasites.

Fair veterinarians will reject any animal with infectious or contagious diseases or ectoparasites. Exhibitors should be aware that ringworm, warts, pinkeye, strangles, contagious ecthyma, scabies, lice, mites, ticks, and fleas fall into these categories.

Animals exhibiting disease symptoms during the course of the fair will be rejected by the fair veterinarian and removed from the exhibit area to a quarantined area at the fairgrounds. The Fair Veterinarian will then make the determination whether or not to send the animal home.

It is strongly recommended, but not required, that cattle be vaccinated in the current show year against respiratory diseases.

The fair veterinarian's professional decision as to the health status of an animal is final and will be upheld by the fair board.

All 4-H club members must be enrolled by April 1 of the current year to participate in fair activities. An official membership list of all participating 4-H clubs must be provided to the fair office by July 1. Each exhibitor should have their exhibits checked by the project leader before making entries in the fair. When exhibits and contests are divided into age groups, the WSU Extension 4-H Youth Development Policy applies. (4-H Age is determined by October 1st of the current 4-H year)

Cloverbuds: 5 to 7 years of age

Juniors: 8 to 10 years of age

Intermediates: 11 to 13 years of age

Seniors: 14 to less than 19 years of age

2. All state 4-H policies (found in <http://extension.wsu.edu/4h/>) and the most recent revision of the Grays Harbor County 4-H Policies apply during the fair.
3. All 4-H club exhibitors shall observe the general rules and regulations of the Grays Harbor County Fair.
4. Members enrolled in both a 4-H club and FFA chapter may exhibit in both; HOWEVER, they must declare and document which animal is a 4-H animal and which animal is an FFA animal by July 10. The animal's tag, tattoo, leg band number, or other acceptable means of identification must be noted on the animal entry form at the time it is submitted to the Fair Office. No changes will be allowed after that date. A 4-H project will be used for 4-H fitting and showing contests, and likewise an FFA project must be used for FFA fitting and showing contests.

5. **ANIMAL HEALTH AND THE USE OF ILLEGAL SUBSTANCES** - The use of illegal drugs and/or improper use of animal health products or foreign substances will not be tolerated in the 4-H Youth Development Program. Extension personnel, 4-H volunteers, families, youth, and fair/show officials have a legal and moral obligation not to misuse these products. We have the responsibility to tell others not to use these substances, and to report those who do use any illegal substance. The administration of any drug or medication which could affect an animal's performance resulting in an unfair advantage or the disposition of the animal, is unacceptable. Additionally, there are federal penalties for using illegal substances that are going into the nation's food supply.
6. All 4-H animals are to be left outside the 4-H barns until the animals are checked by the veterinarians outside the barns. Superintendents have the authority to refuse entry until the animal is examined and approved for entry by a veterinarian. If the animal shows signs of infectious or contagious diseases following the original inspection, a committee of three persons designated by WSU Extension Staff and the Fair Board Livestock Committee may ask for removal of the animal from the fairgrounds or a veterinary inspection paid for by the exhibitor. Consult your veterinarian as to diseases such as IBR, BVD, P13, etc. for which vaccinations are recommended and for which preventative measures are indicated, and also proper timing for such actions. **DO NOT** leave this matter to the last week before fair and expect to accomplish effective disease management.
7. 4-H Equine entries are due by July 26 to the Grays Harbor County Extension Office, PO Box 3018, Elma WA 98541. All entry forms must be

8. accompanied by a signed Grays Harbor County 4-H Code of Conduct/Parental Consent and Release Form.
9. Unless special arrangements are made in advance with individual superintendents, exhibit entry times will be as listed at <https://extension.wsu.edu/graysharbor/4-h/links/>
10. Exhibitors will be responsible for their own exhibits. Each exhibitor is responsible for damage or personal injury caused by his animal, and it is mandatory that you have liability insurance. Contact your insurance agent.
11. Each exhibitor is required to furnish their own straw, hay, grain, water buckets, barn tools, grooming equipment, and tack boxes. Initial bedding will be supplied by the fair. Grain must be kept in tack boxes or suitable containers. Feeding of poultry and rabbits will be provided for and feed furnished. Each exhibitor must clean their stall space within two days of the closing of the fair. Failure to do this will result in the scrutiny of future participation.
12. Entry forms and exhibit tags are available to 4-H leaders at the County Extension Offices in Elma or Shelton. Complete instructions for making members entries are also available.
13. 4-H livestock exhibits (including poultry, rabbits, tack, tack boxes, and decorations) may not be removed from the barns before closing time on the last day of the fair. All non-auction animals, leave after the conclusion of the fair. Market animals leave on the date established by the auction committee. 4-H equine exhibits will leave on the date established by horse superintendent.
14. Any member whose animals are removed from the fair before the established check out time must have approval from the WSU Extension Staff and Fair Board Livestock Committee.
15. Any exceptions to the printed rules must be approved in writing by WSU Extension Staff.

16. Animal Health Requirements:

The fair will have an official veterinarian on call. The fair office will call the veterinarian in the case of emergencies or in special situations. Service call charges are the responsibility of the exhibitor

All sheep and goats, except castrated male goats, must have official USDA National Scrapie Eradication assigned flock identification.

Individual health certificates on Washington animals are not required for entry into the fair. The fair veterinarian may issue a blanket health certificate covering all in-state entries to the fair.

No animal from a quarantined area or premise may be permitted to enter the fair or show.

All out-of-state animal entries must comply with State of Washington import requirements. No exceptions unless exempted by rule. Please call the fair office for more information on out-of-state animal entries.

Fair veterinarians will inspect all classes of livestock and poultry (including horses, pet animals, rabbits, fur-bearing animals, pigeons, ducks, geese, and turkeys) before they are exhibited to determine that the livestock and poultry show no clinical indications of contagious, infectious diseases and ectoparasites.

Fair veterinarians will reject any animal with infectious or contagious diseases or ectoparasites. Exhibitors should be aware that ringworm, warts, pinkeye, strangles, contagious ecthyma, scabies, lice, mites, ticks, and fleas fall into these categories.

Animals exhibiting disease symptoms during the course of the fair will be rejected by the fair veterinarian and removed from the exhibit area.

It is strongly recommended, but not required, that cattle be vaccinated in the current show year against respiratory diseases.

The fair veterinarian's professional decision as to the health status of an animal is final and will be upheld by the fair board.

- 1) Grays Harbor Veterinary Services will perform Vet Checks and limited veterinary services for the Fairgrounds, during the Fair. However, private veterinary services will not be performed on the Fairgrounds behalf, for individual livestock or animal owners, on site.
- 2) All Livestock/Animals must be vet checked **prior to entering barns**, except for Open Class Equine that arrives on Saturday morning (and do not stall overnight).
- 3) Haul-In and Vet Checks will take place on Tuesday, August 1st, for all livestock/animals, but Dogs and Cats. Those animals will be vet checked on their specified Haul-In date and times.
 - a. General Haul-In and Vet Check time for all 4H and FFA livestock and animals, will be from **8:00am to 6:00pm**.
 - b. Haul-In and Vet Check time for all Equine Exhibitors will be from 2:00pm to **6:00pm**.
 - c. **HAUL-IN AND VET CHECK FOR ALL OPEN CLASS LIVESTOCK EXHIBITORS WILL BE FROM 8:00am to 5:00pm.**
- 4) All livestock/animals, except Equine will enter the Fairgrounds through the “Playground” Gate, or Pit Road.
 - a. The Vet Check lines will form in the Pavilion parking lot, in a similar manner as the Exit Strategy.
 - b. From **8:00am** to 11:00am, there will be two lines. One line will be strictly for Swine Exhibitors. The other line will be for Sheep/Lambs.
 - c. From 11:00am to 6:00pm, there will be two lines. One line will be strictly for Beef, Dairy and Animals of the World. The other line will be for Rabbits, Poultry and Goats.
 - d. There will be five (5) Fair Board members (volunteers) serving as Line Assistants who will meter entry through the gate and manage the flow of the line.
 - i. Line Assistant “A” (Ken Waber) will be stationed at the head of the lines, near the Parking Lot Ticket Booth, at a Stop sign. They will be notified through radio communication what line to take the next vehicle(s) from, for entry.
 - ii. Line Assistant “B” (David Wyatt) will be stationed centrally, inside the gate, at the Vet Check Station that will be located near the northeast corner of the Beef and Dairy Barn. They will be communicating with the Vets and monitoring lines to determine what animal type can enter next. They will relay that information to Line Assistant “A”.
 - iii. Line Assistant “C” will be stationed near the southwest corner of the Beef and Dairy Barn to help direct traffic toward Goat Alley and the Rabbit & Poultry Barn. They will also make sure people do not block the roadway when unloading.
 - iv. Line Assistant “D” will be stationed between Goat Alley and the Rabbit/Poultry Barn to make sure people do not block roadway when unloading and direct them to the Blue Gate, for exit.

- v. Line Assistant “E” will be stationed at the Blue Gate to make sure no one enters that gate and that it remains “exit only”.
- 5) From 8:00am to 2:00pm there will be one Vet, as well as one Vet Technician at the Main Vet Check Station, located near the northeast corner of the Beef and Dairy Barn. At 2:00pm, the Vet Technician will move from this Vet Check Station out to the Equine Vet Check Station that will be located in the open, grass area of C Lot (prior to reaching the Ortquist Barn).
- 6) Haul-in Time and Traffic Flow for each Livestock Department
 - a. **Swine, Sheep/Lambs** will be hauled in, and vet checked between **8:00am and 11:00am**. Vehicles hauling in these animals will turn right just before reaching the beef barn and proceed toward the scales (behind the northeast ends of the barns). Animals will be vet checked and enter barns from this location. Vehicles will exit behind the barns, through the blue gate.

***Note: A CHUTE WILL BE CONSTRUCTED WITH PANELS THAT SWINE MUST USE WHEN TAKEN TO THEIR PENS IN SWINE ALLEY. SWINE CANNOT BE MOVED TO STALLS WITHOUT USE OF THE SHUTE OR A CART.**
 - b. **Beef, Dairy and Animals of the World** will be hauled in, and vet checked between **11:00am and 6:00pm**. Vehicles hauling in these animals will turn right just before reaching the Beef and Dairy Barn and proceed toward the scales (behind the northeast ends of the barns). Animals will be vet checked and enter barns from this location. Vehicles will exit behind the barns, through the blue gate.
 - c. **Rabbits, Poultry and Goats** will also be hauled in and vet checked between the hours of 11:00am and 6:00pm. However, vehicles hauling in these animals will continue just past the northeast corner of the Beef and Dairy Barn and will stop just in front of the location of the Monte Farm and Home booth, where vet check for these animals will take place. Please do not block entry to the area behind the barns where vehicles will turn into the scale area. At completion of vet check, these vehicles will continue just past the Beef and Dairy Barn, turn right at the southwest corner of that barn and proceed to unload at Goat Alley or the Rabbit/Poultry Barn. Please pull off to the side of the roadway. After unloading, these vehicles will also exit through the blue gate.
 - d. **Equine** will begin haul-in and vet check beginning at 2:00pm, through no later than 6:00pm. All vehicles hauling in Equine will enter the Fairgrounds using Pit Road. They will proceed down Pit Road to the Vet Check Station that will be located in the grass area of C Lot, just prior to reaching the Ortquist Barn. After Equine vet checks, unloading and stalling are completed, exhibitors will park horse trailers in the designated, graveled area of E Lot only.
 - c. **All Open Class Livestock/Animal Exhibitors** must haul-in and complete the vet check process between the hours of 8:00am and 5:00pm.
 - c. Anyone exhibiting in more than one livestock barn is encouraged to begin bringing their animals as close to 11:00pm, as possible, in order to help keep the lines down, as much as possible.
 - c. Livestock/Animals should be in barns by 7:00pm. The Livestock Meeting will start at 7:15pm at the Monte Farm and Home Livestock Arena.

- d. Dogs will be vet checked at the Borden – Seabert Building at **8:00am**, on Wednesday, August 2nd.
- e. Cats will be vet checked at the Borden – Seabert Building at 8:00am, on Friday, August 4th.
- f. Open Class Horse will arrive on Saturday morning at 8:00am near the Ortquist Barn.

General Notes:

- Superintendents are asked to provide a full list of exhibitors in their departments to the Fair Office, no later than the day prior to the Vet Check. That list will be provided to the Fair Vet prior to the start of the vet check process.
- Flexibility in haul-in times may be granted to families with multiple participants, exhibitors with multiple animals, exhibitors needing to make multiple haul-in trips, or other special circumstances. To request special arrangements, please contact Fairgrounds Management.
- Please make sure to park off the roadway, while unloading. We need to make sure we have clear access and egress for vehicles.
- A Vet and/or Technician will be making rounds in the mornings and at night, through the week of the fair.
- If you identify an animal that you feel needs veterinary attention, please contact David Wyatt, who is the Fair Board Livestock Committee Chairman. In his absence, please contact Mike Bruner, the Fairgrounds Manager. Other Fair Board Livestock Committee Members include Ken Waber, Mike Machowek, and Marsha Whitaker is the Fair Board President.
- As the number of animals being exhibited in each barn fluctuates from fair to fair, and special circumstances can arise, adjustments may need to be made to the Vet Check process.
- If you make observations during the Vet Check/Animal Haul-in process and have thoughts you would like to share, please note them and communicate your ideas after the fair.
