Letter from the Chairman

Dear Exhibitors, Families, and Friends,

On behalf of the Extraco Events Center, I would like to personally say: Welcome to the 2022 Heart O' Texas Livestock Show! We are looking forward to another outstanding show. We look forward to having you here in Waco.

Your participation helps us deliver on our mission to produce events for education, entertainment, and agricultural experiences at the premier multi-use facility while giving back through youth scholarships and a positive economic impact in Central Texas. That is a tough task to deliver on, but because of participants like you, we were able to do so in 2021 awarding over \$300,000 in scholarships and driving an economic impact of over \$47 million! So, thank you for your continued support.

We will be celebrating our 70th anniversary this year and we hope to make it our most successful one yet. Over the years, The Heart O' Texas Livestock Show has continued to grow into one of the premier livestock shows in Texas and across the country. We are very proud of that reputation and plan to continue "Raise the Standard" for ourselves so we can continue to deliver a great product known throughout the livestock world.

We survived 2020, thrived in 2021, and plan on delivering more of the same kind of success this year. We've learned to be forward-thinking in everything we do. Thus, please let us know if you see any areas in which we can improve. We cannot grow and improve without each of you. We have a lot of "showin'" scheduled for you, so I hope you are as ready and as excited as we are!

We have something very special here at the Heart O' Texas Fair and Rodeo. Sure, we have history, tradition, an incredible rodeo, an outstanding fair, an amazing livestock show, an unbelievable staff, and an unwavering volunteer force. But what we have that is so special is you. As a participant in the Heart O' Texas Livestock Show, you become part of our legacy of success.

In closing, I truly believe that our 2022 Heart O' Texas Livestock Show will be another opportunity to continue that legacy of success. We will strive to produce the best livestock show in the great State of Texas this year, and look forward to you being a part of that success. I also want to take this opportunity to say thank you to our 2022 Heart O' Texas Livestock Show Presenting Sponsor, Bar None Country Store!

We look forward to seeing you at the 2022 Heart O' Texas Livestock Show.

Sincerely,

J. Tanner Moore
Chairman of the Board

Homeland Security System Warning Statement:

Evacuation of Livestock/Equine: During such times as deemed necessary by local, state, or federal authorities, the HOT Livestock Show, and/or its officials may temporarily or permanently evacuate the Extraco Events Center (EEC) under the authority of the Homeland Security Act. Incidents such as, but not limited to, bomb threats, acts of war, declarations of war, code red of the Homeland Security System, etc. will be acted upon in accordance and cooperation with local, state, and federal authorities. Priority evacuation will be given to human life, then livestock and/or equine. In such cases, exhibitors and/or contestants will turn over the care of their livestock or equine to the HOT Livestock Show. Proper animal husbandry practices will be followed within reasonable expectations. At which time the evacuation notice is lifted, exhibitors/contestants will be allowed to reenter EEC and claim their livestock or equine.

By making entry into the Show, you authorize the HOT Livestock Show and its officials to detail your livestock/equine on these premises. Furthermore, you agree to hold harmless and without liability the HOT Livestock Show, its officials, show management, and staff for those animals under the reasonable care of the show.

Rules

All rules and regulations apply to all shows. It is the exhibitor's responsibility to know and understand each and all the rules applicable to them and their exhibits.

1. **The HOT Livestock Show reserves the final and absolute right to interpret these General Rules & Regulations, Judges Rules, and/or any applicable special requirements as published in this Exhibitor Catalog (collectively, the "Rules") and to reasonably settle and determine all matters, questions, and differences in regard thereto, or otherwise arising out of or connected with or incident to the Fair, and the right to amend or add to these rules as its judgment may determine. An exhibit that violates any of the following rules may forfeit all privileges, fees paid, and premiums and be subject to such penalty as the HOT Livestock Show may order.**

The failure of the HOT Livestock Show to enforce any of the provisions, rules, rights, or remedies of this exhibitor catalog or to exercise any options or sanctions herein provided will in no way be construed to be a waiver of such provisions, rules, rights, remedies, sanctions or options.

If there is a conflict between the special rules or requirements of any department or division and the general rules & regulations, the special rules or requirements shall apply.

2. **Invitational Show:** The HOT Livestock Show is an invitational livestock show, which reserves the right to extend, withhold, or revoke an invitation to any exhibitor or contestant.
3. **Interpretation and Violation of Rules:** The HOT Livestock Show reserves, to its Executive Committee, the final and absolute right to interpret these general rules and arbitrarily settle and determine all matters, questions, and differences in regard hereto, or otherwise arising out of the right to amend or add to these rules as its judgment may determine. **The HOT Livestock Show also reserves the right to change the show schedule, delete classes or add breeds/classes at the discretion of the show officials.** An exhibitor who violates any of the rules will forfeit all privileges and premiums and be subject to such penalty as the Executive Committee may order.
4. **Use of Drugs:** The use by non-veterinarians of animal drugs or other substances in any manner other than in accord with the labeling approved by the FDA is a violation of federal law. Exhibitor's and their parents and/or guardians agree that: (1) they are absolutely and completely responsible persons for the care and custody of their animals, (2) the HOT Livestock Show shall be entitled to disqualify an exhibitor whose animal tests positive for any drug, even if the exhibitor and the exhibitor's parents and/or guardians are innocent of any wrongdoing and did not administer the drug, (3) the drug test results of the testing laboratories are final and binding upon the exhibitor and the exhibitor's parents and/or guardians. Even if the source of the drug is unknown, the HOT Livestock Show shall be entitled to disqualify the exhibitor.

5. **Drug Testing Policy:** All entries are subject to random testing. The HOT Livestock Show reserves the right to test any animal officially entered in the livestock show for foreign substances including drugs, chemicals, or feed additives. All Grand and Reserve Grand Champions from each species will be tested at the conclusion of each Scholarship Show champion drive. Randomly selected animals will be tested after the completion of their respective class. The HOT Livestock Show maintains a **Zero Tolerance Policy** for unethically fitted livestock. This includes but is not limited to the use of off-label drugs and non-antibiotic therapeutic medications.
- A. **Approved Drug Use:** If an animal has been administered a drug that is Food & Drug Administration (FDA) approved for its species and class, sufficient time must have passed so that the animal does not test positive for that drug upon arrival at the EEC. Animals must remain free and clear of all drug and chemical residues while on show grounds. Please note that elimination time (the time it takes for no drug residue to be found in the system) is generally longer than the labeled withdrawal time for most approved drugs. The show will not tolerate the presence of zilpaterol hydrochloride (Zilmax™) or ractopamine hydrochloride (Paylean™ Optaflexx™) in species for which they are not FDA approved.
- B. **Unapproved Drug Use:** The showing of any animal that has been administered during its life any quantity of any unapproved drug, chemical, or medication is strictly prohibited. Such drugs include, but are not limited to, any diuretic, unapproved growth stimulant, or other unapproved medication. Unapproved means not approved by the (FDA) and/or the U.S. Department of Agriculture (USDA) for slaughter animals including animals that may be destined for human consumption.

Classes of Drugs:

Antibacterial Therapeutic Medications

Used to treat infection, these compounds don't create competitive advantage but can create food safety concerns if not used according to label directions. Many are only FDA-approved for particular species, meaning that extensive research has been conducted regarding the proper dosage and type of administration to be efficacious in that species as well as the withdrawal time that is necessary for meat products to be safe for human consumption.

Non-Antibiotic Therapeutic Medications:

Inclusive of anti-inflammatories, antipyretics, diuretics, and anesthetics, these medications can result in a competitive advantage by altering the physical appearance of the animal and/or concerns with food safety. Some are available over the counter and others can only be legally sourced and administered through prescription by a licensed veterinarian. Many are only FDA-approved for a particular species and may only be used in another species with a prescription from a licensed veterinarian.

Beta-agonists:

Originally developed as bronchodilators in humans, larger dosages have a growth-promoting effect in animals and result in increased muscle and decreased fat. The only beta-agonist that is currently FDA approved and available for use in livestock production is ractopamine, which is approved for use in cattle, swine, and turkeys with a zero-day withdrawal (i.e. research indicates that meat products are safe for consumption at any time during the feeding period). Use of ractopamine in any other

species or class within species, or any beta-agonist lacking animal approval in any species, creates concerns with both food safety and competitive advantage.

- C. **Inspection/Testing:** Each exhibitor, by entering or exhibiting an animal at the HOT Livestock Show, agrees that any animal entered by him or her may be subjected to inspection or examination by any veterinarian appointed by HOT Livestock Show and that HOT Livestock Show may subject any such animal to any tests, sample-takings, or inspections that HOTFR deems necessary or appropriate, including but not limited to testing for drugs or other substances, at any time. The HOT Livestock Show shall have the right to conduct or have conducted for it all tests, inspections, or analyses it deems appropriate or necessary, including but not limited to ultrasound, DNA, blood, tissue, and urine laboratory analysis, on any animal, entered in or exhibited at the HOT Livestock Show. The exhibitor and the exhibitor's parent, legal guardian, AST, or CEA must be present during the collection of an initial urine sample for testing and must witness, seal and sign the sample, thereby establishing that the sample was properly collected and prepared for analysis. Subsequent samples of any sort may be taken by or for HOT Livestock Show without the presence of the exhibitor or his/her parent, legal guardian, or AST or CEA.

All decisions, determinations, and conclusions based on any test, inspection, analysis, or examination shall be final and conclusive without recourse against HOT Livestock Show or any of its Show Management, directors, volunteers, and employees, or any veterinarian appointed by HOT Livestock Show.

EACH EXHIBITOR, BY ENTERING AND EXHIBITING AN ANIMAL OR PROJECT IN OR AT THE HOTFR, WAIVES AND RELEASES HOT LIVESTOCK SHOW FROM ANY AND ALL CLAIMS, SUITS, CAUSES OF ACTION, LIABILITIES, DAMAGES, DEMANDS, COSTS, EXPENSES (INCLUDING ATTORNEYS' FEES) AND OTHER LOSSES OF EVERY SORT BASED ON, ARISING OUT OF OR RELATING TO THE INSPECTION OR TESTING OF ANY SUCH ANIMAL AND ANY RULING, DECISION, OR ACTION TAKEN AS A RESULT OF OR IN RELIANCE ON THE RESULTS OF ANY TEST OR INSPECTION, WHETHER OR NOT SUCH TESTING OR INSPECTION WAS CONDUCTED IN COMPLIANCE WITH THESE RULES. THE FOREGOING WAIVER AND RELEASE APPLIES TO ANY CAUSES OF ACTION, CLAIMS, AND DEMANDS BASED ON HOTFR'S ACTUAL OR ALLEGED NEGLIGENCE.

6. **Drug Testing/Residue Avoidance Program is in effect.**
7. **Eligibility of Exhibitors:** To be eligible in the HOT Livestock Show, exhibitors must be Texas residents and a member of a Texas 4-H Club or FFA Chapter. Exhibitors must have continuously owned and personally fed and cared for their animal under the direct supervision of a County Extension Agent (CEA) or Ag Science Teacher (AST). Exhibitors must meet a 4-H age which is eight (8) years old and in 3rd grade or nine (9) years old before August 31, 2022, and not older than eighteen (18), and must be enrolled and attending a public, private, or home school. 2. **Decision of Judges:** The decisions of the judges will be final in all cases, except where mistake, fraud, misrepresentation or collusion, not discovered at the time of the award, is proven. 3. **Interference with Judges:** If any exhibitor, in any way, whether in person or by agent or servants, interferes with the judges during their adjudication, or shows any disrespect to them or the Show, the Show Management may demand a proper apology from such exhibitor, or it may exclude him or her from the ring and may also withhold exhibitor premiums and may bar exhibitor from future participation in the HOT Livestock Show.
4. **Time of Judging:** The Livestock Judging Program as published in the Livestock Exhibitor Catalog will be followed as closely as possible. Exhibitors should ascertain at what time the exhibits will be judged. Any exhibit not presented promptly on scheduled time will be ruled out and barred from competition in the class called. No complaint or protest on the ground that judges overlooked exhibits will be considered.
5. **Unworthy Exhibits:** Judges must not award a prize to an unworthy exhibit. It is the intention of HOT Livestock Show that no premium or distinction of any kind shall be given to any animal or article that is not deserving. Judges are also requested to discriminate against animals upon which a surgical operation has been performed to improve their "show" appearance. These rules must be strictly adhered to, whether there is a competition or not.
6. **IAFE National Code of Show Ring Ethics:** Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to all livestock offered in any event at a livestock show. In addition to the IAFE National Code of Show Ring Ethics, fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels. All youth leaders working with livestock exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethic demean the integrity of all livestock exhibitors and should be prohibited from

competition at all livestock shows in the United States and Canada. The following is a list of guidelines for all exhibitors and all livestock in competitive events:

- a. All exhibitors must present, upon request of the fair and livestock show officials, proof of ownership, length of ownership and age of all animal entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
- b. Owners, exhibitors, fitters, trainers or absolutely responsible persons shall provide animal health certificate from licensed veterinarians upon request by fair or livestock show officials.
- c. Livestock exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
- d. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for Show Management to obtain any specimens of urine, saliva, blood or other substances from the animal to be used in testing. Animals not entered in an event which culminates in the animals entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with the federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of the saliva, urine, blood or other sample taken from the livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer, transfer to the laboratory and analysis of the sample are correct and accurate of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer or absolutely responsible person to prove otherwise. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medication for the sole purpose of protecting the health of the animal shall be administered by a licensed vet.

- e. Any surgical procedure or injection of any foreign substance or drug or the external application of a substance (irritant, counterirritant or similar substance) which could affect the animal's performance or alter its natural contour, conformation or appearance, except the external applications of substances to the hoofs or horns of animal which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
- f. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance or other similar practices are not acceptable and are prohibited.
- g. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives or show officials before, during or after the competitive event is prohibited. In furtherance of their official duty, all judges, fair and livestock show management or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

- h. No owner, exhibitor, fitter, trainer or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute to cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
- i. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer or participant whether or not he or she was actually instrumental in or had actual knowledge of treatment of the animal in contravention of this code of ethics.
- j. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the IAFE, including Fairs and Expositions and any special notices to members.
- k. The act of entering of an animal in a fair or livestock show is giving of verification by the owner, exhibitor, fitter, trainer or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

11:00 - 11:30 AM	Food Challenge Registration	EEC BASE
11:30 AM	Food Challenge Contest	EEC BASE

The HOTFR hosts a Food Challenge Show modeled after the hit TV Series “Iron Chef.” Food Challenge gives FCCLA, FFA and 4-H students from across Texas the chance to showcase their cooking skills, but also requires the students to know preparation, nutritional facts and origins of ingredients. Exhibitors compete as teams in this competition in which they are randomly assigned into one of four categories: Bread & Cereal, Fruit & Vegetable, Main Dish and Nutritious Snacks.

Special Rules

1. The show is subject to the General Rules, Judges’ Rules, and the following Special Rules.
2. **Eligible exhibitors are all FFA and 4-H members of Texas. Must pre-enter online through ShoWorks. Only Ag. Science Teachers or County Extension Agents may enter participants.**
3. The contest and teams will be divided into two (2) divisions:
Junior: Ages 8 - 13 (*Age as of August 31, 2022*)
Senior: Ages 14 - 19 (*Age as of August 31, 2022*)
Teams will consist of three (3) - four (4) members each.
Teams will compete based on the age of the oldest member. Any junior may register and compete on a senior team.
4. The Texas 4-H Food Challenge Guidelines, including the official supply box list, can be accessed at: <https://texas4-h.tamu.edu/projects/food-nutrition/>
5. **Contest Format:** Teams will be randomly assigned to a contest category (see categories above).
6. **Rules of Play:** The following is a summary of the contest procedure and rules:
 - a. Preparation: Each team will receive an information sheet with their contest category and “key” ingredient for that category (no ingredient amounts, recipe, or instructions will be provided at the station). The “key” ingredient will be representative of one of the 4 categories listed above. Key ingredient examples: Main Dish (fish), Fruits and Vegetables (fennel), Bread and Cereal (barley), Nutritious Snacks (chickpeas). Teams will have access to a “grocery store” of additional ingredients which should be combined with the team’s “key” ingredient to create an original recipe/dish during the contest. Grocery store items will include items commonly found in grocery stores and/or home pantries, including items such as produce, seasonings, canned goods, etc. Teams must use at least two additional items from the grocery store. Teams will also receive a pricing sheet for grocery store items at their station. Grocery store items will be “purchased”

- using a pricing system and “contest currency.” The currency system will be explained prior to the contest. Teams may not exceed the provided “contest currency” or trade “currency” or grocery store items with other teams. Example: teams may be provided \$5.00 in “contest currency” to spend at the grocery store.
- b. **Resources:** Each team will be provided with nutrition and food safety resources at the food preparation station to use in preparing their presentation. These include MyPlate Mini-Poster, Fight Bac - Fight Food Borne Bacteria Brochure, Know Your Nutrients, and Food Safety Fact Sheet. No other resource materials will be allowed. Teams may not use their personal copies of the resources during the contest. A worksheet will be provided for teams to write down the recipe invented, as well as other key points to highlight in the presentation to the judges.
 - c. **Presentation:** After the preparation time, each team must present their dish and give an oral presentation to a judging panel.
7. **Time:** Each team will have forty (40) minutes for the preparation portion of the contest (prepare a dish, plan a presentation and clean up their assigned preparation area). Five (5) minutes are allowed for the oral presentation.
 8. **Supplies:** Each team must supply their own equipment for the Food Challenge. Teams may only bring the supplies listed in the official supply box list (4-H Food Challenge Guidelines, see link above). Supply boxes will be checked by contest officials. Teams should plan to not have access to a kitchen facility and, therefore, should plan to clean supplies upon returning home from the contest.
 9. **Dress Attire:** Each team will have the option of wearing coordinated clothing or aprons. Each team member is required to wear closed toe shoes and a hair restraint.
 10. Teams that experience any equipment malfunction(s) may not replace the equipment with supplies from another team, leaders, volunteers, County Extension Agents or show management. Instead, team members must work together and be creative in completing preparation without the malfunctioning equipment.
 11. **Presentation:** When time is called, each team will present their dish to a panel of at least two judges.
 - a. All team members must participate in the presentation, with all team members having a speaking role.
 - b. Teams are allowed the use of note cards during the presentation but should not read from them, as this minimizes the effectiveness of their communication.
 - c. To earn maximum points, teams must use the five (5) minute presentation to address the following areas of the presentation scorecard: Knowledge of MyPlate, Nutrition Knowledge, Food Preparation, Safety Concerns, and Serving Size.
 - d. Teams will have a maximum of five (5) minutes to give oral presentation to judges.
 - e. No talking and no writing are allowed among any team members while waiting to give the team presentation. Team members caught talking and/or writing will receive a warning. The second time, the team will be disqualified and asked to leave the contest facility. Team members should not have pens or pencils in their possession while waiting to give their presentation.
 12. **Absolutely no electronic devices/jewelry are allowed in the contest. This includes cell phones, smart watches, or other communications devices.**

made when required. HOT Trap Shooters Extravaganza Management maintains the objective of producing timely, accurate and complete scoring records for each event. They do not represent any club, county, team, or individual. 27. **Appeals:** A shooter may appeal a dead/lost ruling on the field if he/she feels a referee has missed a call. Once the shooter has changed posts, such right of appeal is lost. The referee may seek assistance from the official scorer or may poll the squad at his or her discretion. The decision of the referee in regard to dead or lost targets on the field is final and not subject to further appeal. A parent or coach’s score is not an official score and will not be consulted.
28. **Protest:** Shooters only may protest any injustice, violation of the rules, or other circumstances that may have resulted in placing them at a disadvantage relative to other shooters. Such conditions must be reported to the field referee immediately. If satisfaction is not obtained, the situation should be reported immediately to the Shoot Coordinator or Chief Referee. If resolution is not reached at this point, the shooter only has the right to present a written protest with a \$20 protest fee to the Chief Referee or Shoot Coordinator within one (1) hour of the time their squad has finished or score was posted. The Protest Jury will investigate and reach final resolution of the matter as soon as possible considering all circumstances. Results of all protests are final and will be reported to the shooter. The names of the Chief Referee, Shoot Coordinator and Protest Jury members will be posted at the shoot.
29. **Field and Range Boundaries:** For multiple reasons, control of traffic on and around all fields and ranges is essential. Since coaching is not permitted on the ranges, there is no reason for a parent or coach to be on the ranges unless invited by the Range Officers. The field boundary is behind the gun rack/bench. Please respect these boundaries and the directions of officials. Failure to do so or argument with officials is considered unsportsmanlike conduct and will result in appropriate actions, up to removal from the event, range, area, or grounds.
30. **Disruption:** Parents, coaches or other individuals should remain positive and supportive, being careful not to disrupt or exhibit behaviors deemed detrimental to shooters or the operation of the match. Sanctions ranging from a warning to ejection from the grounds or disqualification of shooters may be imposed for interference with the operation of the match or disruption of the events on a firing line or field.
31. **Coaching:** Coaching during competition will not be permitted while participants are on the firing line. Coaching includes any communication between the coach, parent or other spectator and the shooter; verbal or non-verbal. The shooter may request assistance from a Range Officer and the Range Officer may assign an assistant.
32. **Alcohol Policy:** No shooting allowed following the consumption of alcohol. No alcohol is allowed on shooting ranges by participants or spectators. Consumption, use and possession of alcohol by persons under the age of 21 is prohibited by law and is not permitted anywhere on the grounds at any time.
33. **Drug Policy:** No shooting is allowed while under the influence of any drug or prescription medications that affects judgment and conduct to a degree that a participant is unsafe.
34. **Tobacco Policy:** No smoking is permitted on or near the firing lines or in any area where it

would be considered inappropriate or in a situation where the smoke constitutes interference to shooters. Smoking, use and possession of tobacco products (including smokeless) by minors is prohibited by law and is not permitted anywhere on the grounds at any time.

35. **Dress Code:** Participants and spectators are required to dress appropriately. Both young people and adults should wear attire appropriate for the weather while remaining modest and socially acceptable. Shooters must wear a shirt with sleeves. Clothing deemed immodest or distracting to other shooters will not be permitted. Where eye and/or ear protection is required, fully enclosed shoes must be worn for safety reasons by both shooters and spectators. All shooters and coaches should remember that they may be having photographs taken or be asked to interview for the media.
36. **Use of Two-Way Radios:** To assist us in range and match operations, only authorized persons are permitted to use two-way radios on the grounds. Any action by either youth or adults interfering with the frequencies in use imposes a safety hazard. Deliberate disruption of range communications by anyone at the event will be considered a safety violation and treated as such.
37. **Practice:** A practice field will be open and operated by WS&TC at the shooter's expense.
38. **Ties and Shoot-Offs:** Ties in the Extravaganza will be determined by a shoot-off.
