General Principles

- 1. By submitting an Indiana State Fair Entry Form or online entry, 4-H Exhibitors agree to all Terms & Conditions.
 - a. Exhibitors entered under one account are also responsible and held accountable to all Terms and Conditions.
- 2. The Indiana State Fair is fully committed to ensuring integrity in all 4-H Competitions. As such, there is **No Tolerance** for any violation of Terms & Conditions; intent is not relevant (i.e., strict liability) and any determined violations including testing results are final and binding. 4-H Exhibitors should expect that any animal exhibit may be tested at any time while on the Fairgrounds or at harvest.
- 3. The Indiana State Fair is fully committed to carrying out the Animal Wellness & Care Plan and ensuring the proper treatment of all animal exhibits. Therefore, sick animals shall not be exhibited because of the risk to the animal exhibit, other animal exhibits, the 4-H Exhibitor, other 4-H Exhibitors, other persons, and the integrity of 4-H Competitions. Based on Animal Wellness & Care Plan, the Board or Show Management may prohibit an animal exhibit from showing at their sole discretion.

Care Of Animal Exhibits

- 4. 4-H Exhibitors are completely responsible for the care and custody of animal exhibits at the Indiana State Fair.
- 5. 4-H Exhibitors may receive clipping and grooming assistance from members of their immediate family (father, mother and siblings), from a current Indiana 4-H member, and from individuals enrolled in the Indiana 4-H Approved Animal Grooming Assistance Program. Temporary guardianships established for the intent of animal exhibition or grooming purposes are not permitted and shall result in immediate disqualification.
 - a. State Fair and 4-H officials reserve the right to request identification from any individual grooming any animal(s), ID refusal and violations to the policy may result in the disqualification of an animal entry.
 - b. To access the Indiana 4-H Approved Animal Grooming Assistance Program contact your local Purdue Extension Office.
- 6. Ownership of the animal exhibits passes from the 4-H Exhibitors or their families to the Indiana State Fair Commission when the Indiana State Fair Commission takes possession of the animal exhibits for harvesting.

Code of Ethics

7. In order to protect the integrity of the Indiana State Fair 4-H Competitions and the food supply, the Indiana State Fair reserves the right to disqualify any animal(s) they have reasonable cause to believe have been fitted in an unethical manner.
 - a. By submitting an Indiana State Fair Entry Form or online entry, 4-H Exhibitors represent that the exhibitors' animal(s) natural conformation and structure has not been altered in any way. This alternation is also known as "unethical fitting" and includes but is not limited to injection of air, gas, or other foreign substances, cutting/tearing of the hide or removal of tissue in an attempt to alter the physical appearance or shape of the animal, numbing an animal's tail, cutting tendons of an animal, using foreign substances to build or cosmetically re-shape feet.
 - b. Any animal found to have surgical alterations other than dehorning, castration, or docking as permitted by the species-specific rules may be disqualified. Unethical fitting also includes attempts to disrupt or change normal dental development. The act of artificially filling animals internally, which includes stomach pumping or any other method per os (by esophagus) is prohibited for all species.
 - c. No injection sites (including sites from acupuncture treatments) may be found in marketable areas such as top, rounds, loin, hips, etc.
 - d. The administration of any drug prohibited by Federal, State, or Local law or any drug used in a manner prohibited by Federal, State, or Local law is prohibited.
 - e. In such cases where unethical fitting appears to have been attempted, the Indiana State Fair may appoint a veterinarian to inspect the entry. The Indiana State Fair will follow a course of action based on the findings and conclusions of the examining veterinarian. Any 4-H Exhibitor that is disqualified for any rules or code of ethics violations will forfeit all premiums

Drug & Alterations Testing/Examination Principles

8. The Indiana State Fair 4-H Animal Testing Program protects the integrity of the Indiana State Fair, 4-H Competitions and the food supply. At no time shall animal exhibits have any substance present, alteration or tissue anomalies that:
 - a. Violates standards established by the United States Department of Agriculture (USDA).
 - b. Violates standards established by the Food and Drug Administration (FDA). Should testing results reveal non label compound use, consideration may be given if credible veterinary disclosure or testimony is provided, accompanied by credible documentation citing appropriate exercise of the Animal Medicinal Drug Use Clarification Act of 1994 (AMDUCA) within an existing Veterinarian Client Patient Relationship (VCPR) at the time of treatment is provided in a timely manner when requested by State Fair officials before, not after an Appeal Process as outlined in General Terms & Conditions 34-50 has been initiated and is recorded and present on the exhibit's Animal Affidavit.
 - c. Is determined by the Purdue University Meat Lab Manager or State or Federal Meat Inspectors to be unacceptable for human consumption either during or post-harvest.
 - d. Provides any potential performance enhancing quality or any potential showing advantage including but not limited to tampering, altering, or misrepresenting any exhibit; coloring that alters or misrepresents breed characteristics [except as allowed in 4-H Beef Cattle, 4-H Sheep, and 4-H Meat Type Goats]; pumping air or other substances to alter conformation; methods to induce artificial fill; performing surgical and/or non-surgical procedures to alter the animal's configuration or natural conformation of any part of the animal's body; and unethical fitting. The following generally accepted management practices are allowed: hoof trimming, dehorning, removal of hair, castration, branding, tattooing, ear notching, and docking of tails.

Treatment of Acute Injury Policy for 4-H Animal Exhibits at the 2022 ISF.

9. In the event that an animal suffers an acute injury, it is permissible for the animal to be treated with FDA approved medications. An ISF veterinarian must administer all treatments. The determination of the time of injury and its impact on the animal is solely based on the evaluation and diagnosis of the attending ISF veterinarian. For market animals, all withdrawal times must be completed prior to the start of the show. Failure to meet this withdrawal time requirement shall disqualify an animal from exhibition. Non-market animals are exempt from withdrawal times being completed by the time of show with the exception of any breeding females which may be loaded on market trucks at the ISF.
10. The use by non-veterinarians (exhibitor or otherwise) of animal compounds or other substances in any manner other than in accord with the labeling approved by FDA is a violation of federal law and individuals found to be in violation may be disqualified and/or ejected from the event at the discretion of Show Management.

Animal Affidavit

11. Upon check-in at the State Fairgrounds, an animal affidavit (found at <https://www.indianastatefair.com/p/state-fair/competitions--contests/livestock-information>) shall be submitted for all animal exhibits (i.e., market and breeding) in the:
 - a. Beef Cattle Department,
 - b. Dairy Cattle Department,
 - c. Swine Department,
 - d. Sheep Department,

 - g. Meat Goat Department.

12. All medications, vaccinations, injections, medical treatments, and any foreign substances administered, in any form or manner, from the ownership deadline (May 15, 2022) through the day of check-in must be recorded.
13. Disclosing drugs and/or alterations on the animal affidavit does not affect the imposition of penalties should there be a violation of the Code of Ethics or drug testing /examination principles outlined above. Attaching accompanying veterinary documentation to support any Animal Affidavit claims is recommended.
14. A separate affidavit will be required for each event a 4-H Member enters. (ie If an affidavit is submitted by the 4-H Member exhibiting barrows a new affidavit will be required if they are also exhibiting gilts.)
15. Failure to complete the animal affidavit shall result in automatic disqualification and may result in additional imposed penalties as listed below in General Terms & Conditions 36-40.

Veterinary Treatment Of Animal Exhibits

16. Upon check-in at the State Fairgrounds, all 4-H Exhibitors irrevocably consent to emergency medical care that may be needed to preserve an animal's life or prevent extreme suffering. 4-H Exhibitors and any person affiliated with them hereby waive any claim related to emergency medical care and, to the fullest extent permitted by law, 4-H Exhibitors and any person affiliated with them hereby agree to indemnify, defend and hold harmless the Indiana State Fair Board, Indiana State Fair Commission, Purdue University, Indiana 4-H Program, Cooperative Extension, the State of Indiana, and respective agencies, affiliates, agents, officers, and employees from all claims and suits including court costs, attorney's fees, and other expenses related to emergency medical care. If the following conditions have been met, the Indiana State Fair is expressly authorized to perform any medical treatment, including but not limited to medical practices/procedures, administering of medications, surgery, and euthanasia, for an animal in the absence of the 4-H Exhibitor if:
 - a. The 4-H Exhibitor is unreachable after due diligence has been made to contact the 4-H Exhibitor, and

17. Only the State Fair Veterinarians may administer drugs to animal exhibits at the Fairgrounds.
18. Within 2 hours of treatment, the State Fair Veterinarians shall report all performed treatments to the Department Superintendent on an Indiana State Fair-provided reporting form.

The exception to this policy will be unloading the animal for euthanizing and disposing of the animal. If an animal becomes non-ambulatory after arrival at the Indiana State Fairgrounds, then the following policy will be strictly enforced:
 - a. The owner shall immediately notify the Superintendent in charge of that department.
 - b. The Department Superintendent shall immediately notify the State Fair Veterinarian and the Livestock Coordinator about the animal in question and circumstances evolving around how this condition happened.
 - c. Show Management and the owner (or representative) will consult each other to come to the best decision for the animal with the emphasis being for the well-being of the animal. Only the persons that are available need to be involved in the decision. If euthanasia is determined to be the best option, this will be at the owner's expense.
 - d. Livestock that becomes non-ambulatory after arriving at the Indiana State Fairgrounds must be disposed of or removed for treatment within 12 hours of discovering or receiving notice of the animal's condition. If the animal is treatable and Show Management agrees, the owner must remove that animal from the Fairgrounds (at the owner's expense) within the 12-hour period.

If necessary, fairgrounds staff will assist moving the carcass to a designated area/into the owner's vehicle.

- Fire extinguishers are located throughout every barn and building. They may be used for approved purposes only. Do not use a fire extinguisher if you are not trained on its proper use.

- During a severe weather situation, you will be asked to remain inside, away from windows and doors whenever possible. Staff may be instructed to close all doors and windows, including overhead doors.
- Larger barns and buildings will be used for shelter-in-place (points of refuge) to allow Fairgoers to seek shelter. This may cause an influx of people into livestock areas and result in the postponement of a show or exhibition. Exhibitors should be mindful of this, keep aisles and walkways clear, and tend to their animals accordingly.

Food Preparation/Cooking Policies & Procedures

- Cooking inside and adjacent to barns and buildings is not advised. The Indiana State Fair Biosecurity plan recommends that food be excluded from animal areas. If cooking and/or food preparation is necessary, the following policies and procedures must be followed:

Animal Wellness & Care

The Animal Wellness & Care Plan (AWAC) was established to reinforce the Indiana State Fair's commitment and belief in the proper treatment of all animals in exhibition. The Indiana State Fair holds exhibitors of the various species of animals being exhibited to the highest standards in wellness, care and ethics of exhibition. The AWAC is responsible for ensuring the most up to date standards as well as to be a

source for the public to seek answers to their questions relating to the health and safety of the animals involved in the Indiana State Fair. Failure or refusal by an exhibitor or fairgoer to comply with the Animal Wellness & Care Plan can result in penalties up to and including but not limited to removal and a ban from the Fairgrounds for the duration of the event.

Biosecurity

The Indiana State Fair Biosecurity Plan was developed to prevent the outbreak of diseases carried by both animals and humans that spread pathogens that can be transmitted to and from farm animals, as well as through the food supply. Many diseases and pathogens can be prevented through maintaining the cleanliness of facilities and encouraging good hygiene. The Biosecurity Plan will be enforced during the Indiana State Fair and all exhibitors are expected to carryout and preform basic biosecurity and hygienic task including:

- Hand Washing/sanitizing following exposure to animals and always before consuming food or drinks
- Excluding human food and food preparation from animal areas
- Maintaining general cleanliness of animals and animal areas
- Properly disposing of animal waste/soiled bedding in properly identified/designated areas
- Cleaning-up after your animal if it soils/has a biological event in a building/Fair common space
- Reporting the appearance or evidence of animal/human sickness or distress to Fair officials

Failure or refusal to comply with the above can result in penalties up to and including but not limited to removal and a ban from the Fairgrounds for the duration of the event.

The Indiana State Fair is committed to providing opportunities for all 4-H participants to show their animals as part of the State Fair. The State Fair also wants to ensure the integrity of its 4-H competitions as is evidenced by the various terms and conditions set forth in this Entry Book, including its policy with respect to testing for unauthorized substances in certain animals that are entered into these competitions and the penalties associated with positive results. By entering into these competitions, you agree to these terms and conditions and as such, we strongly recommend that you read this information carefully prior to submitting your entry.

INDIANA 4-H PROGRAM PHILOSOPHY AND EXPECTATIONS

The Indiana 4-H Youth Development program serves the youth of Indiana by providing a strong educational youth development program. This program delivers educational experiences in a variety of settings. Caring, capable and contributing adults assist in the 4-H program as role models for youth. The rich heritage of the 4-H Program is one to be valued and passed along to future generations. The Indiana 4-H Youth Policies and Procedures Handbook includes certain standards and guidelines to assure that 4-H is a positive youth development program. County 4-H policy is guided by the county 4-H policy making or governing board (i.e., 4-H Council) as provided by the County Extension

Board. Legal authority for the 4-H Program rests with the Director of the Cooperative Extension Service at Purdue University. No county 4-H policy may conflict with state 4-H policy or with federal guidelines and requirements. Deadlines for county and state participation should be carefully constructed so as to encourage rather than to discourage participation. Such deadlines should be well published. Members not complying with established and published dates and deadlines for exhibition may be denied the opportunity to exhibit. It is the policy of 4-H to be an inclusive organization. No county policy or practice should be used to arbitrarily exclude youth from either membership or participation. Youth should participate in 4-H Youth Development opportunities at levels and times that best suit the youth's development.

Per state and federal guidelines, volunteers and Extension Educators may not require youth to attend 4-H club meetings in order to complete 4-H or exhibit their work.

4-H MEMBERSHIP:

Youth may become 4-H members when they enter the third grade and may continue their membership through the completion of grade 12. Each individual may continue membership for a maximum of ten (10) consecutive years. An individual's 4-H grade is determined by the school grade in which he or she is classified at the time of year he or she enrolls in 4-H. A member does not advance in 4-H grade until he or she enrolls in 4-H for the subsequent year. Each member should enroll in the division of a project/subject that would best suit his/her interest and potential for personal growth and would enhance their family involvement. Opportunities in the 4-H program are available to all Indiana youth as defined regardless of race, religion, color, sex, age, national origin or ancestry, marital status, parental status, sexual orientation or disability. Married young men and women of 4-H age may participate in any of the 4-H projects and activities. However, married persons must participate by the same terms and conditions and/or guidelines as unmarried participants. Membership in 4-H is gained by annually enrolling through a Purdue University Cooperative Extension Service Office located in each of Indiana's 92 counties. The Indiana 4-H Youth Development program year is October 1 to September 30 annually. Enrollment is an annual process attained by completing individual 4-H enrollment via the 4-H Online enrollment process. Statewide 4-H Online enrollment occurs annually October 1 through January 15.

COMPLETION:

The completion of a 4-H experience may include a variety of options and must not be misinterpreted solely as exhibition of a project at a local, county, or state fair. There are a number of ways that a young person may participate in the 4-H Youth Development Program in addition to the club-based option. Participating in these 4-H opportunities enable the youth to build skills that will serve them well throughout their adult lives. Some of these participation options do not include the preparation of a specific exhibit by an individual that would be on display at a fair or similar event. In some cases, the youths' actual participation may be the final product that results in their completion of a year of 4-H. Some examples of this participation include working as a team to develop a robot for a workshop or challenge; completing a Spark Club experience; participating in State 4-H Band or Chorus; taking part in a science training or experiment; participating in an after school 4-H experience; etc. 4-H members are considered complete in their 4-H educational experience for the year when they have (1) completed the 4-H member enrollment process prior to the established and published date for enrolling; and (2) had an officially recognized 4-H volunteer/Extension Educator verify the existence of the completed project/subject or the member's participation in a 4-H educational experience. Additionally, 4-H members who participate in a club- or fair-based 4-H project/subject will submit a completed 4-H record sheet based on printed or web-based educational materials (used by Indiana 4-H Youth Development) prior to the established and published date. Though exhibiting in local, county, and state exhibits/fairs is not required for project completion, as it does not necessarily relate directly to content and skills learned in the development of the 4-H project, project exhibition is encouraged as a continuation of the educational experience. Extension employees and volunteers are obligated to eliminate (and should not create) any practices that limit, deprive, or tend to deprive any youth of opportunities for membership and/or participation in the Indiana 4-H program.

EXHIBITION AT THE INDIANA STATE FAIR:

Exhibition of 4-H projects in local, county or state exhibits/fairs is considered a privilege and is voluntary on the part of the exhibitor. The exhibition of 4-H projects provides 4-H members an opportunity to display their 4-H projects, enter into competition and participate in an educational/social environment with their peers. With exhibition also comes the responsibility for abiding by all of the terms and conditions

pertaining to the respective 4-H project. Not following the established terms and conditions of the projects will be grounds for exclusion from the competition/exhibition or the project itself.

1. If DNA is not submitted by May 15th to the County Extension Office that animal is not eligible to show at the Indiana State Fair. (Required for: BEEF, DAIRY BEEF, DAIRY FEMALES, SWINE, SHEEP AND MEAT GOATS)
2. An exhibit may not be entered in more than one State Fair 4-H class except in some animal classes where designated. In a State Fair class requiring more than one item, all items must be exhibited by the same 4-H member. All parts of an exhibit made in one class must belong to one 4-H member.
3. All 4-H exhibits at the State Fair must be prepared during the current 4-H year. Eligibility rests solely with the State 4-H Youth Program Leader or their designee on entries in all 4-H classes.
4. Any 4-H exhibit removed from display prior to the official release will be disqualified. Any 4-H placings/prizes (including ribbons, money, medals, trophies, etc.) awarded that exhibit will be forfeited.
5. 4-H exhibitors having an entry in animal classes at State Fair are expected to show their own animals. In cases where this cannot be done, the owner may request another Indiana 4-H member to serve as a substitute showman. Substitute showmen must be approved in writing by the 4-H show manager, 24 hours prior to showing of the animal(s) needing a substitute showman. Requests will only be granted for medical emergencies, conflicts with showing other animals, or circumstances deemed unavoidable by the 4-H show manager. Failure to be excused from a job and/or participation in a non 4-H-related creative arts or sporting event or practice will not result in a substitute showman being granted.

4-H ANIMAL OWNERSHIP, POSSESSION AND EXHIBITION:

Each 4-H member shall own his/her own 4-H exhibit. Ownership must be in effect on or before the county and state ID deadlines and continuously until after the 4-H show at the County and/or State Fair.

1. For 4-H breeding animals, family corporations and/or partnerships of 4-H members with one or more parents, siblings, grandparents, aunts, uncles, or legal guardians are acceptable.

4. 4-H animals are expected to be in the personal possession and regular care of the 4-H member who owns/leases them (unless other arrangements have been agreed upon by the County 4-H Extension Educator) from the animal ID deadline until the conclusion of the County and/or State Fair.
5. 4-H market animals and commercial animals must be individually identified and verified under the supervision of the county 4-H program at county identification events by May 15th (May 16 in 2022 since the 15th falls on a weekend). 6. 4-H animals purchased, sold, or offered for sale after the enrollment deadline and prior to the Indiana State Fair (including animals that have gone through a "Premium Only Auction"), shall not be eligible to show in the 4-H show at the Indiana State Fair. Sale of products of animals (milk, cheese, wool, etc.) in lieu of the animal, is considered equivalent to a "Premium Only Auction."
7. 4-H animals exhibited after the May 15 State 4-H animal ID deadline (May 16 in 2022 since the 15th falls on a weekend) at any show by anyone other than the individual whose 4-H enrollment record is connected to the ID of the animal in Indiana 4-H Online will not be eligible to be shown in the 4-H show at the Indiana State Fair. This term/condition does not apply to siblings, who may show each other's animals at any show during the year without jeopardizing State Fair eligibility. 4-H animals that are selected by 4-H Extension Staff or 4-H Adult Volunteers for use in supreme showmanship contests (Master Showmanship, Round Robin, etc.) may be used in those county events without jeopardizing State Fair eligibility. This policy applies to all 4-H animal projects. For animal projects without state ID deadlines, the person who enters them in the Indiana State Fair 4-H show is the equivalent of the owner of the animals.
8. 4-H members showing registered beef, Boer goats, dairy, dairy goats, sheep and swine must present a registration certificate (no photocopies, carbons or fax copies, except a fax directly from the national breed association to the Indiana State Fair) to the 4-H show manager before the specified time for each specie, showing that the exhibitor owns the animal being exhibited, as per ownership terms, on or before the May 15 ID deadline (May 16 in 2022 since the 15th falls on a weekend) and continuously until 4-H show day at the Indiana State Fair.

10. 4-H breeding beef, Boer goats, dairy goats, sheep and swine will NOT be accepted in the State Fair 4-H Show if they are registered in a father's name only, farm name only, or partnerships with unrelated persons (such as "Smith View", "Smith Oak", "John Doe and William Smith (4-H member)", "Long Oak and William Smith (4-H Member)", etc.).
 11. For 4-H dairy cattle, partnerships of the 4-H member with unrelated persons or dairy operations are acceptable (i.e. John Doe and William Smith (4-H member) or Long Oak and William Smith). Dairy cows and heifers, owned in a partnership, may not be exhibited by more than one person from May 15
(May 16 in 2022 since the 15th falls on a weekend) until the conclusion of the State Fair 4-H Dairy Show. This person must be the exhibitor of the animal in the current State Fair 4-H Dairy Show, or the animal will be ineligible for this show. 4-H dairy cattle will not be accepted in 4-H classes at the State Fair if they are registered in the father's name only or in a farm name, such as "Smith View", "Smith Oak", etc., unless the 4-H member has a certified lease agreement for this animal.
 12. The Dairy lease program is only for 4-H members who do not own their own dairy cows and/or heifers. Only dairy heifers that will be less than two years-of-age at the time of the Indiana State Fair 4-H dairy show, may be leased. Leasing a dairy heifer will be considered the equivalent of ownership. The 4-H member should be regularly involved in the care of the heifer, regardless of where the heifer is kept, and the 4-H member should have exclusive show rights to the heifer during the 4-H lease period from May 15
(May 16 in 2022 since the 15th falls on a weekend) until the 4-H dairy show at the Indiana State Fair. Leased 4H dairy heifers must be registered (although it is not necessary to have the registration paper transferred to the 4-H member's name) by May 15
(May 16 in 2022 since the 15th falls on a weekend) and be properly identified in Indiana 4-H Online.

5. Animals shown in pair classes must have been shown as individual ewe lambs or yearling ewes, and the pair must be entered and shown by the same 4-H exhibitor.
6. All breeding sheep may be exhibited either shorn or with full fleece except for Dorset Advantage, Shropshire, Southdown, Texel and Commercial ewes. All Dorset Advantage, Shropshire, Southdown and Commercial ewes must be slick shorn for exhibition.
7. Ewes in any slick sheared class must be slick sheared at a uniform length (1/8 inch) with no wool between hock/knee and ears.
8. Any slick shorn ewes with wool over 1/8 of an inch in between the hock/knee and ears will not be permitted to enter the ring. This includes belly wool.
9. A separate class for slick sheared ewe lambs will be offered for the Dorset, Suffolk, Hampshire, Tunis and Oxford breeds. The slick shorn class will be shown as the first class of ewe lambs in each breed. The Dorset, Suffolk, Hampshire, Tunis and Oxford breeds will also offer a slick shorn class for yearling ewes and this class will show before the fitted yearling ewes.
10. All ewes must be identified by a 840 RFID tag, 5 digit county tag and/or official scrapies tag, and DNA hair sample..
11. The three (3) highest placing 4-H ewes in each class will be have their 840 RFID tags scanned immediately following the placing of their class. Ewes whose 840 RFID tag cannot be verified will be disqualified.
12. Except for commercial ewes, all breeding sheep must be registered, the registration number recorded with the breed association and the papers (no photocopies, carbon or FAX copies except a FAX directly from the national breed association to the Indiana State Fair) in the possession of the exhibitor. The breeder's tag/tattoo must be worn if required by the breed association.
13. All commercial ewe lambs and yearling ewes will be weighed for class designations.
14. Classes will have a maximum of 20 ewes

15. Ewe lambs shown as 4-H market lambs at the 2022 Indiana State Fair will not be eligible to show in 4-H breeding ewe classes at the 2022 Indiana State Fair.
16. Breeding ewes may be shown in the ring by two exhibitors. If two exhibitors are used, the 4-H exhibitor who owns the ewe being shown, must hold the ewe's head. Pairs may have three exhibitors.
- IMPORTANT** 17. The champion ewe in each breed will compete for the Supreme Champion 4-H Ewe. Once a Breed Champion is selected for any position in the overall Ewe selection that respective Reserve Breed Champion will be allowed to enter the ring for contention.
18. Once an ewe is selected for the Celebration of Champions, it cannot be withdrawn by the exhibitor, withdrawing will result in the disqualification of the animal and any and all awards and premiums for that animal shall be forfeited.

Sheep Classes and Showmanship Qualifications

4-H members who participate in State Fair 4-H sheep showmanship classes may only show their own animals that will be exhibited by them in a regular State Fair 4-H class. Showmanship will be judged on the fitting and training of the animal and the showmanship ability of the exhibitor.

1. ELIGIBILITY FOR SHOWMANSHIP

Each 4-H member who competes in the State Fair 4-H market lamb show may enter the market lamb showmanship contest. Also, each 4-Her who competes in the State Fair 4-H breeding ewe show may enter the breeding ewe showmanship. Each breed will have showmanship classes, which will not exceed 25 participants. A 4-H member may show in only one (1) market lamb and one (1) ewe showmanship class. Contestants may compete in both the market lamb and breeding ewe showmanship contests.

2. SHOWMANSHIP CLASSES. Grade in school on January 1 of the current year.

- a) Junior showmanship - all 4-H exhibitors in the 3rd, 4th or 5th grades are eligible. Once an exhibitor is the overall junior market lamb showmanship winner, the 4-Her is only eligible to compete in the intermediate or senior market lamb showmanship classes in future years. The same is true for ewe showmanship.
- b) Intermediate showmanship - all 4-H exhibitors in the 6th, 7th or 8th grades are eligible (exception only for any previous year's junior showmanship winners). Once a 4-H member is the champion intermediate market lamb or ewe showman, they must compete in the senior division of that showmanship category in subsequent years.
- c) Senior showmanship - all 4-H exhibitors in the 9th grade or above are eligible (exception only for any previous year's intermediate showmanship winners).

In both the ewe and market lamb showmanship events, only one (1) 4-H exhibitor from each breed and the commercial class may show for champion showman. This is true for the junior, intermediate and senior divisions. Both the champion senior market lamb showman and the champion senior breeding sheep showman will represent the 4-H sheep department in the 4-H supreme showman contest.
