 - a. Exhibitors entered under one account are also responsible and held accountable to all Terms and Conditions.
- 2. The Indiana State Fair is fully committed to ensuring integrity in all 4-H Competitions. As such, there is No Tolerance for any violation of Terms & Conditions; intent is not relevant (i.e., strict liability) and any determined violations including testing results are final and binding. 4-H Exhibitors should expect that any animal exhibit may be tested at any time while on the Fairgrounds or at harvest.
- 3. The Indiana State Fair is fully committed to carrying out the Animal Wellness & Care Plan and ensuring the proper treatment of all animal exhibits. Therefore, sick animals shall not be exhibited because of the risk to the animal exhibit, other animal exhibits, the 4-H Exhibitor, other 4-H Exhibitors, other persons, and the integrity of 4-H Competitions. Based on Animal Wellness & Care Plan, the Board or Show Management may prohibit an animal exhibit from showing at their sole discretion.

- 5. 4-H Exhibitors may receive clipping and grooming assistance from members of their immediate family (father, mother and siblings), from a current Indiana 4-H member, and from individuals enrolled in the Indiana 4-H Approved Animal Grooming Assistance Program. Temporary guardianships established for the intent of animal exhibition or grooming purposes are not permitted and shall result in immediate disqualification.

Code of Ethics

7. In order to protect the integrity of the Indiana State Fair 4-H Competitions and the food supply, the Indiana State Fair reserves the right to disqualify any animal(s) they have reasonable cause to believe have been fitted in an unethical manner.
- a. By submitting an Indiana State Fair Entry Form or online entry, 4-H Exhibitors represent that the exhibitors' animal(s) natural conformation and structure has not been altered in any way. This alternation is also known as "unethical fitting" and includes but is not limited to injection of air, gas, or other foreign substances, cutting/tearing of the hide or removal of tissue in an attempt to alter the physical appearance or shape of the animal, numbing an animal's tail, cutting tendons of an animal, using foreign substances to build or cosmetically re-shape feet.
 - b. Any animal found to have surgical alterations other than dehorning, castration, or docking as permitted by the species-specific rules may be disqualified. Unethical fitting also includes attempts to disrupt or change normal dental development. The act of artificially filling animals internally, which includes stomach pumping or any other method per os (by esophagus) is prohibited for all species.
 - c. No injection sites (including sites from acupuncture treatments) may be found in marketable areas such as top, rounds, loin, hips, etc.
 - d. The administration of any drug prohibited by Federal, State, or Local law or any drug used in a manner prohibited by Federal, State, or Local law is prohibited.
 - e. In such cases where unethical fitting appears to have been attempted, the Indiana State Fair may appoint a veterinarian to inspect the entry. The Indiana State Fair will follow a course of action based on the findings and conclusions of the examining veterinarian. Any 4-H Exhibitor that is disqualified for any rules or code of ethics violations will forfeit all premiums

Drug & Alterations Testing/Examination Principles

8. The Indiana State Fair 4-H Animal Testing Program protects the integrity of the Indiana State Fair, 4-H Competitions and the food supply. At no time shall animal exhibits have any substance present, alteration or tissue anomalies that:
- a. Violates standards established by the United States Department of Agriculture (USDA).
 - b. Violates standards established by the Food and Drug Administration (FDA). Should testing results reveal non label compound use, consideration may be given if credible veterinary disclosure or testimony is provided, accompanied by credible documentation citing appropriate exercise of the Animal Medicinal Drug Use Clarification Act of 1994 (AMDUCA) within an existing Veterinarian Client Patient Relationship (VCPR) at the time of treatment is provided in a timely manner when requested by State Fair officials before, not after an Appeal Process as outlined in General Terms & Conditions 34-50 has been initiated and is recorded and present on the exhibit's Animal Affidavit.
 - c. Is determined by the Purdue University Meat Lab Manager or State or Federal Meat Inspectors to be unacceptable for human consumption either during or post-harvest.
 - d. Provides any potential performance enhancing quality or any potential showing advantage including but not limited to tampering, altering, or misrepresenting any exhibit; coloring that alters or misrepresents breed characteristics; pumping air or other substances to alter conformation; methods to induce artificial fill; performing surgical and/or non-surgical procedures to alter the animal's configuration or natural conformation of any part of the animal's body; and unethical fitting. The following generally accepted management practices are allowed: hoof trimming, dehorning, removal of hair, castration, branding, tattooing, ear notching, and docking of tails.

Treatment of Acute Injury Policy for 4-H Animal Exhibits at the 2022 ISF.

9. In the event that an animal suffers an acute injury, it is permissible for the animal to be treated with FDA approved medications. An ISF veterinarian must administer all treatments. The determination of the time of injury and its impact on the animal is solely based on the evaluation and diagnosis of the attending ISF veterinarian. For market animals, all withdrawal times must be completed prior to the start of the show. Failure to meet this withdrawal time requirement shall disqualify an animal from exhibition. Non-market animals are exempt from withdrawal times being completed by the time of show with the exception of any breeding females which may be loaded on market trucks at the ISF.
10. The use by non-veterinarians (exhibitor or otherwise) of animal compounds or other substances in any manner other than in accord with the labeling approved by FDA is a violation of federal law and individuals found to be in violation may be disqualified and/or ejected from the event at the discretion of Show Management.

Attaching accompanying veterinary documentation to support any Animal Affidavit claims is recommended.
 14. A separate affidavit will be required for each event a 4-H Member enters. **(ie If an affidavit is submitted by the 4-H Member exhibiting barrows a new affidavit will be required if they are also exhibiting gilts.)**

- During a severe weather situation, you will be asked to remain inside, away from windows and doors whenever possible. Staff may be instructed to close all doors and windows, including overhead doors.
- Larger barns and buildings will be used for shelter-in-place (points of refuge) to allow Fairgoers to seek shelter. This may cause an influx of people into livestock areas and result in the postponement of a show or exhibition. Exhibitors should be mindful of this, keep aisles and walkways clear, and tend to their animals accordingly.

Food Preparation/Cooking Policies & Procedures

- Cooking inside and adjacent to barns and buildings is not advised. The Indiana State Fair Biosecurity plan recommends that food be excluded from animal areas. If cooking and/or food preparation is necessary, the following policies and procedures must be followed:

Animal Wellness & Care

The Animal Wellness & Care Plan (AWAC) was established to reinforce the Indiana State Fair's commitment and belief in the proper treatment of all animals in exhibition. The Indiana State Fair holds exhibitors of the various species of animals being exhibited to the highest standards in wellness, care and ethics of exhibition. The AWAC is responsible for ensuring the most up to date standards as well as to be a source for the public to seek answers to their questions relating to the health and safety of the animals involved in the Indiana State Fair. Failure or refusal by an exhibitor or fairgoer to comply with the Animal Wellness & Care Plan can result in penalties up to and including but not limited to removal and a ban from the Fairgrounds for the duration of the event.

Biosecurity

The Indiana State Fair Biosecurity Plan was developed to prevent the outbreak of diseases carried by both animals and humans that spread pathogens that can be transmitted to and from farm animals, as well as through the food supply. Many diseases and pathogens can be prevented through maintaining the cleanliness of facilities and encouraging good hygiene. The Biosecurity Plan will be enforced during the Indiana State Fair and all exhibitors are expected to carryout and preform basic biosecurity and hygienic task including:

- Hand Washing/sanitizing following exposure to animals and always before consuming food or drinks
- Excluding human food and food preparation from animal areas
- Maintaining general cleanliness of animals and animal areas
- Properly disposing of animal waste/soiled bedding in properly identified/designated areas
- Cleaning-up after your animal if it soils/has a biological event in a building/Fair common space
- Reporting the appearance or evidence of animal/human sickness or distress to Fair officials

Failure or refusal to comply with the above can result in penalties up to and including but not limited to removal and a ban from the Fairgrounds for the duration of the event.

The Indiana State Fair is committed to providing opportunities for all 4-H participants to show their animals as part of the State Fair. The State Fair also wants to ensure the integrity of its 4-H competitions as is evidenced by the various terms and conditions set forth in this Entry Book, including its policy with respect to testing for unauthorized substances in certain animals that are entered into these competitions and the penalties associated with positive results. By entering into these competitions, you agree to these terms and conditions and as such, we strongly recommend that you read this information carefully prior to submitting your entry.

INDIANA 4-H PROGRAM PHILOSOPHY AND EXPECTATIONS

The Indiana 4-H Youth Development program serves the youth of Indiana by providing a strong educational youth development program. This program delivers educational experiences in a variety of settings. Caring, capable and contributing adults assist in the 4-H program as role models for youth. The rich heritage of the 4-H Program is one to be valued and passed along to future generations. The Indiana 4-H Youth Policies and Procedures Handbook includes certain standards and guidelines to assure that 4-H is a positive youth development program. County 4-H policy is guided by the county 4-H policy making or governing board (i.e., 4-H Council) as provided by the County Extension Board. Legal authority for the 4-H Program rests with the Director of the Cooperative Extension Service at Purdue University. No county 4-H policy may conflict with state 4-H policy or with federal guidelines and requirements. Deadlines for county and state participation should be carefully constructed so as to encourage rather than to discourage participation. Such deadlines should be well published. Members not complying with established and published dates and deadlines for exhibition may be denied the opportunity to exhibit. It is the policy of 4-H to be an inclusive organization. No county policy or practice should be used to arbitrarily exclude youth from either membership or participation. Youth should participate in 4-H Youth Development opportunities at levels and times that best suit the youth's development.

Per state and federal guidelines, volunteers and Extension Educators may not require youth to attend 4-H club meetings in order to complete 4-H or exhibit their work.

4-H MEMBERSHIP:

Youth may become 4-H members when they enter the third grade and may continue their membership through the completion of grade 12. Each individual may continue membership for a maximum of ten (10) consecutive years. An individual's 4-H grade is determined by the school grade in which he or she is classified at the time of year he or she enrolls in 4-H. A member does not advance in 4-H grade until he or she enrolls in 4-H for the subsequent year. Each member should enroll in the division of a project/subject that would best suit his/her interest and potential for personal growth and would enhance their family involvement. Opportunities in the 4-H program are available to all Indiana youth as defined regardless of race, religion, color, sex, age, national origin or ancestry, marital status, parental status, sexual orientation or disability. Married young men and women of 4-H age may participate in any of the 4-H projects and activities. However, married persons must participate by the same terms and conditions and/or guidelines as unmarried participants. Membership in 4-H is gained by annually enrolling through a Purdue University Cooperative Extension Service Office located in each of Indiana's 92 counties. The Indiana 4-H Youth Development program year is October 1 to September 30 annually. Enrollment is an annual process attained by completing individual 4-H enrollment via the 4-H Online enrollment process. Statewide 4-H Online enrollment occurs annually October 1 through January 15.

COMPLETION:

The completion of a 4-H experience may include a variety of options and must not be misinterpreted solely as exhibition of a project at a local, county, or state fair. There are a number of ways that a young person may participate in the 4-H Youth Development Program in addition to the club-based option. Participating in these 4-H opportunities enable the youth to build skills that will serve them well throughout their adult lives. Some of these participation options do not include the preparation of a specific exhibit by an individual that would be on display at a fair or similar event. In some cases, the youths' actual participation may be the final product that results in their completion of a year of 4-H. Some examples of this participation include working as a team to develop a robot for a workshop or challenge; completing a Spark Club experience; participating in State 4-H Band or Chorus; taking part in a science training or experiment; participating in an after school 4-H experience; etc. 4-H members are considered complete in their 4-H educational experience for the year when they have (1) completed the 4-H member enrollment process prior to the established and published date for enrolling; and (2) had an officially recognized 4-H volunteer/Extension Educator verify the existence of the completed project/subject or the member's participation in a 4-H educational experience. Additionally, 4-H members who participate in a club- or fair-based 4-H project/subject will submit a completed 4-H record sheet based on printed or web-based educational materials (used by Indiana 4-H Youth Development) prior to the established and published date. Though exhibiting in local, county, and state exhibits/fairs is not required for project completion, as it does not necessarily relate directly to content and skills learned in the development of the 4-H project, project exhibition is encouraged as a continuation of the educational experience. Extension employees and volunteers are obligated to eliminate (and should not create) any practices that limit, deprive, or tend to deprive any youth of opportunities for membership and/or participation in the Indiana 4-H program.

EXHIBITION AT THE INDIANA STATE FAIR:

Exhibition of 4-H projects in local, county or state exhibits/fairs is considered a privilege and is voluntary on the part of the exhibitor. The exhibition of 4-H projects provides 4-H members an opportunity to display their 4-H projects, enter into competition and participate in an educational/social environment with their peers. With exhibition also comes the responsibility for abiding by all of the terms and conditions pertaining to the respective 4-H project. Not following the established terms and conditions of the projects will be grounds for exclusion from the competition/exhibition or the project itself.

1. If DNA is not submitted by May 15th to the County Extension Office that animal is not eligible to show at the

Indiana State Fair.(Required for: BEEF,DAIRY BEEF, DAIRY FEMALES, SWINE, SHEEP AND MEAT GOATS)

3. All 4-H exhibits at the State Fair must be prepared during the current 4-H year. Eligibility rests solely with the State 4-H Youth Program Leader or their designee on entries in all 4-H classes.

In cases where this cannot be done, the owner may request another Indiana 4-H member to serve as a substitute showman. Substitute showmen must be approved in writing by the 4-H show manager, 24 hours prior to showing of the animal(s) needing a substitute showman. Requests will only be granted for medical emergencies, conflicts with showing other animals, or circumstances deemed unavoidable by the 4-H show manager. Failure to be excused from a job and/or participation in a non 4-H-related creative arts or sporting event or practice will not result in a substitute showman being granted.

4-H ANIMAL OWNERSHIP, POSSESSION AND EXHIBITION:

This term/condition does not apply to siblings, who may show each other's animals at any show during the year without jeopardizing State Fair eligibility. 4-H animals that are selected by 4-H Extension Staff or 4-H Adult Volunteers for use in supreme showmanship contests (Master Showmanship, Round Robin, etc.) may be used in those county events without jeopardizing State Fair eligibility.  - e. The veterinarians may take each dog's temperature as part of the vet health check.

 - h. Excessive and/or inhumane treatment of a 4-H dog by a handler and/or family member will be grounds for disqualification of the 4-H exhibitor.

Obedience

Dogs showing in obedience at the Indiana State Fair must be at least 6 months old on day of show.

Please refer to 4-H Dog Website <https://extension.purdue.edu/4h/Pages/project.aspx?proj=5> for training guides and score sheets.

Judging Procedures

- Whenever possible, all obedience classes will be judged through a progression of rings, with the same judge passing inspection on a particular exercise for all participants.
For example, the same judge will evaluate “heel-on-leash” for all of the dogs in the same class, while another judge will evaluate “stand for examination.” On rare occasions, substitute judges may be called upon to supplement show needs.
NOTE: to reduce scent conflict, the order of the dog show for Classes 4 through 6 will be in reverse order (i.e. 6-5-4 classes).
- Classes will start at the scheduled time, facilities permitting.
- Judges will not wait on any exhibitor. If a 4-H member is not present when their arm band number is scheduled to go into the ring, their number will be placed at the bottom of the list. Once final score sheets have been turned in to auditing, no further exhibitors will be allowed to show in that class for a placing.
- Score sheets from the 4-H dog show will not be released on show day. However, 4-H score sheets and comment sheets will be mailed to respective 4-H exhibitors Purdue Extension Offices for pickup.
- Tie scores in obedience classes will be broken as follows: a) scores will be compared for each area of the obedience competition, beginning with the first exercise on the score sheet and proceeding down the sheet through the successive exercises; b) if the scores are tied in each exercise, the first exercise on the score sheet will be repeated in its entirety, in order to determine a winner.
- A dog fouling in the ring will receive an automatic ten (10) point dock in score.
- The high jump will be set at the same height as the 4-H dog measures at the withers rounded to the nearest multiple of two (2) inches. Minimum height is four (4) inches and the maximum height is 36 inches. (All dogs less than 7.5 inches must jump the four (4) inch minimum.) At the obedience check-in, a handler may request a 2-inch reduction in high jump height for a dog 7 years or older. The broad jump distance will be twice the high jump height. See the 4-H Obedience Guide for specific breeds that jump at reduced height and distance.
- Obedience regulations not covered by these terms and conditions will be based on the regulations of the American Kennel Club, Inc.
- The veterans’ obedience class is for 4-H members whose dogs are at least seven (7) years-old or are physically challenged. The dog must have completed at least class 2-B in previous years. Dogs who are physically challenged must be accompanied by a letter from a veterinarian stating that the dog is unable to perform jumping and/or retrieving exercises. A dog may not be shown in any other obedience class at the Indiana State Fair 4-H Dog Show, once they have competed in the Veteran’s Class.
- 4-H dog exhibitors will receive a participation ribbon. Honorable mention ribbons will be awarded to non-placed entries when deemed appropriate in classes 5A, 5B, 6A and 6B

The complete agility rules and obstacle specifications are detailed in the Indiana 4-H Dog Agility Rules, <https://extension.purdue.edu/4-H/projects/4-h-project-dog.html>. Agility regulations not covered by these rules and the terms and conditions below will be based on the regulations of The American Kennel Club, 8051 Arco Corporation Drive, Suite 100, Raleigh, NC 27617-3390; www.akc.org.

1. Dogs showing in agility at the Indiana State Fair are required to have shown in obedience at the current State Fair and must be at least 15-months-old on day of show. Agility is recommended for 1B dogs and higher. Dogs that have been disqualified in Obedience may not compete in Agility; in situations where the dog completes Agility before they complete Obedience, the Agility Score sheet will be pulled for that exhibitor.
2. Agility section/classes will be entered as Beginning, Intermediate, Advanced and Excellent. Awards will be granted by that classification, regardless of dog size. The show committee will place dogs in the appropriate size division based on the height at the withers reported on the entry form.
