2. No person in possession of a deadly weapon shall be permitted onto or be permitted to remain on the Fairgrounds, unless that person can demonstrate that the deadly weapon is intended for sale or trade at an event that is taking place on the Fairgrounds (Indiana Administrative Code, Title 80, Section 11-2-2(b)).

 - b. Exhibitors will be permitted to carry and use knives and other tools necessary for the proper care of their animals, tack, and equipment. However, these items may only be carried within the confines of the barn in which the animal(s) is housed. Knives and other tools carried outside of the barn are subject to confiscation under the deadly weapon rules found in the Indiana Administrative Code, Title 80, Section 11-2-2.
3. Any deadly weapon found in the possession of a person while on the Fairgrounds is subject to immediate confiscation by persons authorized to provide security protection services as well as city, county, and state police agencies. Federal, state, or local law enforcement officers or those employed or authorized by the Indiana State Fair Commission are excepted from this rule (Indiana Administrative Code, Title 80, Section 11-2-2 (a), (c), and Section 11-2-3 Cl) and (2)).

No person in possession of or having control over an unauthorized animal shall be permitted onto or be permitted to remain on the Fairgrounds (Indiana Administrative Code, Title 80, Section 11-2-4).
7. Animals entered for exhibition, show or competition and animals scheduled to perform must remain in approved areas at all times. Violation may be disqualifiable offenses. See individual department terms and conditions for more specific information.

Tents, Canopies, & Stall Coverings

- Any tent, canopy, or stall covering in a building must be made of a material to allow for or not block water distribution as well as meet or exceed NFPA Standard 701.
- A portable fire extinguisher must be located under each tent, canopy, or covering. Fire extinguishers mounted in the building by the ISFC do not apply. Exhibitors must have their own fire extinguisher under each tent, canopy, or covering.

Fire Safety

- The Indiana State Fire Marshal's Office conducts regular inspections of all barns and buildings during the Indiana State Fair to identify any potential fire hazards or threats to life safety. The decisions of the fire marshal are final and will be enforced.
- Fire extinguishers are located throughout every barn and building. They may be used for approved purposes only. Do not use a fire extinguisher if you are not trained on its proper use.
- Most buildings and barns are equipped with fire alarm and/or fire suppression systems. In the event of a fire, these systems should be activated.
- Emergency exits are clearly marked in all barns and buildings. In the event of an emergency, calmly evacuate through the nearest accessible emergency exit.
- Do not store tack/supplies in primary aisles, in front of exit doors, or in/under stairwells.

Severe Weather

- In the event of severe weather impacting the Fairgrounds, be it a severe thunderstorm or tornado, you may receive instructions over the barn or building public address system. If the barn or building is not equipped with a public-address system, State Fair staff will notify people in person.
- During a severe weather situation, you will be asked to remain inside, away from windows and doors whenever possible. Staff may be instructed to close all doors and windows, including overhead doors.
- Larger barns and buildings will be used for shelter-in-place (points of refuge) to allow Fairgoers to seek shelter. This may cause an influx of people into livestock areas and result in the postponement of a show or exhibition. Exhibitors should be mindful of this, keep aisles and walkways clear, and tend to their animals accordingly.

Food Preparation/Cooking Policies & Procedures

- Cooking inside and adjacent to barns and buildings is not advised. The Indiana State Fair Biosecurity plan recommends that food be excluded from animal areas. If cooking and/or food preparation is necessary, the following policies and procedures must be followed:

 - Approved cooking devices are limited to crockpots, or similar slow cookers, and microwave ovens. Cooking devices must have a cover approved for use with the device and comply with all applicable electrical and fire codes. Cooking devices are also required to be powered by approved cords that are not frayed or malfunctioning in any way.
 - Exhibitors cooking in the barns and buildings do so at their own risk and assume all liability for their actions concerning food contamination from pathogens that may be present in or near a livestock area.

Animal Wellness & Care

The Animal Wellness & Care Plan (AWAC) was established to reinforce the Indiana State Fair's commitment and belief in the proper treatment of all animals in exhibition. The Indiana State Fair holds exhibitors of the various species of animals being exhibited to the highest standards in wellness, care and ethics of exhibition. The AWAC is responsible for ensuring the most up to date standards as well as to be a source for the public to seek answers to their questions relating to the health and safety of the animals involved in the Indiana State Fair. Failure or refusal by an exhibitor or fairgoer to comply with the Animal Wellness & Care Plan can result in penalties up to and including but not limited to removal and a ban from the Fairgrounds for the duration of the event.

Biosecurity

The Indiana State Fair Biosecurity Plan was developed to prevent the outbreak of diseases carried by both animals and humans that spread pathogens that can be transmitted to and from farm animals, as well as through the food supply. Many diseases and pathogens can be prevented through maintaining the cleanliness of facilities and encouraging good hygiene. The Biosecurity Plan will be enforced during the Indiana State Fair and all exhibitors are expected to carryout and preform basic biosecurity and hygienic task including:

- Hand Washing/sanitizing following exposure to animals and always before consuming food or drinks
- Excluding human food and food preparation from animal areas
- Maintaining general cleanliness of animals and animal areas
- Properly disposing of animal waste/soiled bedding in properly identified/designated areas
- Cleaning-up after your animal if it soils/has a biological event in a building/Fair common space
- Reporting the appearance or evidence of animal/human sickness or distress to Fair officials

Failure or refusal to comply with the above can result in penalties up to and including but not limited to removal and a ban from the Fairgrounds for the duration of the event.

The Indiana State Fair is committed to providing opportunities for all 4-H participants to show their animals as part of the State Fair. The State Fair also wants to ensure the integrity of its 4-H competitions as is evidenced by the various terms and conditions set forth in this Entry Book, including its policy with respect to testing for unauthorized substances in certain animals that are entered into these competitions and the penalties associated with positive results. By entering into these competitions, you agree to these terms and conditions and as such, we strongly recommend that you read this information carefully prior to submitting your entry.
