General Principles

- 1. By submitting an Indiana State Fair Entry Form or online entry, 4-H Exhibitors agree to all Terms & Conditions.
 - a. Exhibitors entered under one account are also responsible and held accountable to all Terms and Conditions.
- 2. The Indiana State Fair is fully committed to ensuring integrity in all 4-H Competitions. As such, there is **No Tolerance** for any violation of Terms & Conditions; intent is not relevant (i.e., strict liability) and any determined violations including testing results are final and binding. 4-H Exhibitors should expect that any animal exhibit may be tested at any time while on the Fairgrounds or at harvest.
- 3. The Indiana State Fair is fully committed to carrying out the Animal Wellness & Care Plan and ensuring the proper treatment of all animal exhibits. Therefore, sick animals shall not be exhibited because of the risk to the animal exhibit, other animal exhibits, the 4-H Exhibitor, other 4-H Exhibitors, other persons, and the integrity of 4-H Competitions. Based on Animal Wellness & Care Plan, Show Management may prohibit an animal exhibit from showing at their sole discretion.

Eligibility to Enter

- 4. To be eligible to participate in a 4-H Livestock show at the Indiana State Fair an exhibitor must:
 - a. Be enrolled in and a member in good standing of the 4-H Project in which they are entering.
 - b. Submit DNA for the animal being shown by May 15, 2026 to the County Extension Office. This is required for Beef, Dairy Beef, Dairy Females, Swine, Sheep and Meat Goats.
 - c. Have satisfactorily fulfilled county 4-H requirements.

Animal Ownership, Possession and Exhibition

- 5. Each exhibitor shall own his/her own 4-H Exhibit. Ownership must be in effect on or before the county and state ID deadlines and continuously until after the 4-H show at the County and/or State Fair.
 - a. For 4-H breeding animals, family corporations and/or partnerships of 4-H members with one or more parents, siblings, grandparents, aunts, uncles, or legal guardians are acceptable.
 - b. For 4-H dairy cattle, family corporations and/or partnerships of the 4-H member with unrelated persons or dairy operations are also acceptable.
 - c. Dairy heifers, horses, ponies, alpacas and llamas may be leased subject to approval of both the county 4-H dairy, horse and pony, or llama committee and the respective County Extension Educator. 4-H animals (horse and pony, dairy, alpacas and llamas are only eligible to be leased by a single 4-H member in a 4-H program year.
 - d. 4-H animals are expected to be in the personal possession and regular care of the 4-H member who owns/leases them (unless other arrangements have been agreed upon by the County 4-H Extension Educator) from the animal ID deadline until the conclusion of the County and/or State Fair.

- e. 4-H market animals and commercial animals must be individually identified and verified under the supervision of the county 4-H program at county identification events by May 15th. These species include market lambs and commercial ewes, dairy wethers, dairy feeder steers, dairy beef steers, beef steers, market and commercial heifers, meat goat wethers, and market wether dams.
- f. 4-H animals purchased, sold, or offered for sale after the enrollment deadline and prior to the Indiana State Fair (including animals that have gone through a "Premium Only Auction"), shall not be eligible to show in the 4-H show at the Indiana State Fair. Sale of products of animals (milk, cheese, wool, etc.) in lieu of the animal, is considered equivalent to a "Premium Only Auction."
- g. 4-H animals exhibited after the May 15 State 4-H animal ID deadline at any show by anyone other than the individual whose 4-H enrollment record is connected to the ID of the animal in Indiana 4-H Online will not be eligible to be shown in the 4-H show at the Indiana State Fair. This term/condition does not apply to siblings, who may show each other's animals at any show during the year without jeopardizing State Fair eligibility. 4-H animals that are selected by 4-H Extension Staff or 4-H Adult Volunteers for use in supreme showmanship contests (Master Showmanship, Round Robin, etc.) may be used in those county events without jeopardizing State Fair eligibility. This policy applies to all 4-H animal projects. For animal projects without state ID deadlines, the person who enters them in the Indiana State Fair 4-H show is the equivalent of the owner of the animals.
- h. 4-H breeding beef, boer goats, dairy goats, sheep and swine must be registered in one of the following ownership methods:
 - i. in the 4-H members' name
 - ii. John Smith and Sons
 - iii. John Smith, Sons and Daughters
 - iv. John Smith & Family (family includes sons, daughters, and legal guardian youth only)
 - v. Mark Smith (brother) and Mary Smith (sister)
 - vi. Family corporations, where the 4-H members' name appears as a holder of stock in the corporation, and proof of same must be supplied on or before the enrollment date
 - vii. Family partnership where the 4-H members father, mother, brother, sister, aunt, uncle, grandparent, and/or legal guardian is also in the family partnership and the 4-H member's name appears on the legal, notarized partnership. A copy of the written document must be on file with the Extension Office before the ID deadline. A single animal can only be included in one 4-H Online family profile.
- i. 4-H breeding beef, boer goats, dairy goats, sheep and swine will NOT be accepted in the State Fair 4-H Show if they are registered in a father's name only, farm name only, or partnerships with unrelated persons (such as "Smith View", "Smith Oak", "John Doe and William Smith (4-H member)", "Long Oak and William Smith (4-H Member)", etc.).
- j. For 4-H dairy cattle, partnerships of the 4-H member with unrelated persons or dairy operations are acceptable (i.e. John Doe and William Smith (4-H member) or Long Oak and William Smith). Dairy cows and heifers, owned in a partnership, may not be exhibited by more than one person from May 15 until the conclusion of the State Fair 4-H Dairy Show. This person must be the exhibitor of the animal in the current State Fair 4-H Dairy Show, or the animal will be ineligible for this show. 4-H dairy cattle will not be accepted in 4-H classes at the State Fair if they are registered in the father's name only or in a farm name, such as "Smith View", "Smith Oak", etc., unless the 4-H member has a certified lease agreement for this animal.
- k. The Dairy lease program is only for 4-H members who do not own their own dairy cows and/or heifers. Only dairy heifers that will be less than two years-of-age at the time of the Indiana State Fair 4-H dairy show, may be leased. Leasing a dairy heifer will be considered the equivalent of ownership. The 4-H member should be regularly involved in the care of the heifer, regardless of where the heifer is kept, and the 4-H member should have exclusive show rights to the heifer during the 4-H lease period from May 15 until the 4-H dairy show at the Indiana State Fair. Leased 4-H dairy heifers must be registered (although it is not necessary to have the registration paper transferred to the 4-H member's name) by May 15 and be properly identified in Indiana 4-H Online.

Care Of Animal Exhibits

6. 4-H Exhibitors are completely responsible for the care and custody of animal exhibits at the Indiana State Fair.
7. Exhibitors shall be responsible for the continuous care, grooming, and preparation of their own animals entered at the Indiana State Fair. An exhibitor may receive assistance in the care, grooming, and preparation of the livestock entered in the Indiana State Fair, provided that the assistance shall be limited to explanation or demonstration and that the exhibitor is involved in the preparation. 4-H Exhibitors will be held accountable for all individuals contributing to animal project including but not limited to parents, siblings and animal fitters or groomers.
8. Ownership of the animal exhibits passes from the 4-H Exhibitors or their families to the Indiana State Fair Commission when the Indiana State Fair Commission takes possession of the animal exhibits for harvesting.

4-H Exhibitor Pen & Tack Area Clean-Up Requirement

9. All 4-H members are required to fully clean their animal pens and tack areas at the conclusion of each exhibition competed in.

Clean-Up Expectations

- All trash must be separated from bedding and placed in designated receptacles.
- Bedding must remain free of trash so it can be properly spread on Indiana fields by the contractor.

Species Requirements

- **Sheep, Horses & Ponies, Llamas, Goats, and Swine**
 - Pens must be completely cleaned of all bedding and trash.
 - Tack areas must be left clear of trash and debris.
- **Beef, Dairy, Rabbits, and Poultry**
 - Due to how bedding is removed, exhibitors must ensure all tack and stall areas are completely free of trash and disposed of in appropriate receptacles.

Loss of Privilege

Failure to clean pens and/or tack areas as outlined above will result in a loss of privilege to exhibit in that species at the Indiana State Fair the following year.

This policy enforces an existing rule, establishes accountability, and ensures the expectation becomes standard practice rather than an ongoing enforcement issue.

Code of Ethics

10. In order to protect the integrity of the Indiana State Fair 4-H Competitions and the food supply, the Indiana State Fair reserves the right to disqualify any animal(s) they have reasonable cause to believe have been fitted in an unethical manner.
- a. By submitting an Indiana State Fair Entry Form or online entry, 4-H Exhibitors represent that the exhibitors' animal(s) natural conformation and structure have not been altered in any way. This alteration is also known as "unethical fitting" and includes but is not limited to injection of air, gas, or other foreign substances, cutting/tearing of the hide, or removal of tissue in an attempt to alter the physical appearance or shape of the animal, numbing an animal's tail, cutting tendons of an animal, using foreign substances to build or cosmetically re-shape feet.
 - b. Any animal found to have surgical alterations other than dehorning, castration, or docking as permitted by the species-specific rules may be disqualified. Unethical fitting also includes attempts to disrupt or change normal dental development. The act of artificially filling animals internally, which includes stomach pumping or any other method per os (by esophagus) is prohibited for all species.
 - c. No injection sites (including sites from acupuncture treatments) may be found in marketable areas such as top, rounds, loin, hips, etc.
 - d. The administration of any drug prohibited by Federal, State, or Local law or any drug used in a manner prohibited by Federal, State, or Local law is prohibited.
 - e. In such cases where unethical fitting appears to have been attempted, the Indiana State Fair may appoint a veterinarian to inspect the entry. The Indiana State Fair will follow a course of action based on the findings and conclusions of the examining veterinarian. Any 4-H Exhibitor that is disqualified for any rules or code of ethics violations will forfeit all premiums

Drug & Alterations Testing/Examination Principles

11. The Indiana State Fair 4-H Animal Testing Program protects the integrity of the Indiana State Fair, 4-H Competitions and the food supply. At no time shall animal exhibits have any substance present, alteration or tissue anomalies that:
- a. Violates standards established by the United States Department of Agriculture (USDA).
 - b. Violates standards established by the Food and Drug Administration (FDA). Should testing results reveal non label compound use, consideration may be given if credible veterinary disclosure or testimony is provided, accompanied by credible documentation citing appropriate exercise of the Animal Medicinal Drug Use Clarification Act of 1994 (AMDUCA) within an existing Veterinarian Client Patient Relationship (VCPR) at the time of treatment is provided in a timely manner when requested by State Fair officials before, not after an Appeal Process as outlined in General Terms & Conditions 34-48 has been initiated and is recorded and present on the exhibit's Animal Affidavit.
 - c. Is determined by the Purdue University Meat Lab Manager or State or Federal Meat Inspectors to be unacceptable for human consumption either during or post-harvest.
 - d. Provides any potential performance enhancing quality or any potential showing advantage including but not limited to tampering, altering, or misrepresenting any exhibit; coloring that alters or misrepresents breed characteristics; pumping air or other substances to alter conformation; methods to induce artificial fill; performing surgical and/or non-surgical procedures to alter the animal's configuration or natural conformation of any part of the animal's body; and unethical fitting. The following generally accepted management practices are allowed: hoof trimming, dehorning, removal of hair, castration, branding, tattooing, ear notching, and docking of tails.

Treatment of Acute Injury Policy for 4-H Animal Exhibits at the 2026 ISF.

12. In the event that an animal suffers an acute injury, it is permissible for the animal to be treated with FDA approved medications. An ISF veterinarian must administer all treatments. The determination of the time of injury and its impact on the animal is solely based on the evaluation and diagnosis of the attending ISF veterinarian. For market animals, all withdrawal times must be completed prior to the start of the show. Failure to meet this withdrawal time requirement shall disqualify an animal from exhibition. Non-market animals are exempt from withdrawal times being completed by the time of show.
13. The use by non-veterinarians (exhibitor or otherwise) of animal compounds or other substances in any manner other than in accordance with the labeling approved by FDA is a violation of federal law and individuals found to be in violation may be disqualified and/or ejected from the event at the discretion of Show Management.

Attaching accompanying veterinary documentation to support any Animal Affidavit claims is recommended.
17. If you are exhibiting multiple species on multiple weekends you will need a separate affidavit per weekend. (ie all barrows would be on one affidavit and the following weekend gilts would need a separate document.)
18. Failure to complete the animal affidavit shall result in automatic disqualification and may result in additional imposed penalties as listed below in General Terms & Conditions 36-40.

The Indiana State Fair holds exhibitors of the various species of animals being exhibited to the highest standards in wellness, care and ethics of exhibition. The AWAC is responsible for ensuring the most up to date standards as well as to be a source for the public to seek answers to their questions relating to the health and safety of the animals involved in the Indiana State Fair. Failure or refusal by an exhibitor or fairgoer to comply with the Animal Wellness & Care Plan can result in penalties up to and including but not limited to removal and a ban from the Fairgrounds for the duration of the event.

Biosecurity

The Indiana State Fair Biosecurity Plan was developed to prevent the outbreak of diseases carried by both animals and humans that spread pathogens that can be transmitted to and from farm animals, as well as through the food supply. Many diseases and pathogens can be prevented through maintaining the cleanliness of facilities and encouraging good hygiene. The Biosecurity Plan will be enforced during the Indiana State Fair and all exhibitors are expected to carryout and preform basic biosecurity and hygienic task including:

To avoid delays, we recommend picking up badges during Tack Drop-Off or Animal Unloading / Check-In.
7. 4-H Horse and Pony exhibitors may enter only one horse and show in a total of 5 classes.
8. Each 4-H Horse and Pony may be entered and shown at the State Fair by only one (1) 4-H member. 4-H member's horses will be verified to ensure they are in compliance.

Arrival

1. No horse or pony arrivals between the hours of 10pm – 6am unless prior authorization from Horse and Pony Superintendent.
2. Stall horse and move in supplies. Each 4-H Horse and Pony animal will be assigned a stall by horse and pony staff. Each 4-H member will be assigned 1/4 of a tack stall. Locks are not permitted on the stall doors. All horses must be bedded with a minimum of 1 bale of shavings. The horse may not be put in any stall except the stall assigned.
3. After unloading all trucks and trailers, 4-H'ers must seek parking outside the Fairgrounds proper. This year you will have two options:
 - a. Parking will be available for trucks and trailers at the 46th Street truck lot at no charge.
 - b. Some parking will be available for trucks and trailers in the South 38th Street Lot, just south of the Indiana State Fairgrounds across 38th Street. Reserved parking will be sold at the South 38th Street Lot during the 4-H Horse Show.
 - c. Once your "rig" is parked for unloading, you will have 20 minutes to unload your horse and tack. At the end of this time, the vehicle may be towed.
4. Transportation will be provided for exhibitors from the 46th Street lot to Gate 7 of the State Fairgrounds and from Gate 7 back to the 46th Street lot.
5. 4-H animals and exhibitors will be released from the 4-H Horse Stall Office to go get their trailer after they have completed their classes. Bring your "rig" to the same loading and unloading area.
6. You may leave once your stall is cleaned and the barn crew has verified and approved it.
7. **All horses are to remain on the grounds until completion of their final class.**

ANIMAL HEALTH REQUIREMENTS FOR EXHIBITION OF DOMESTIC ANIMALS IN INDIANA 2026

This document describes the Indiana State Board of Animal Health's (BOAH) requirements for all animal exhibitions in the state. Indiana State 4-H has imposed additional requirements as a condition of exhibition. These additional conditions are denoted with an “**” throughout this document.

Please call the Indiana State 4-H Office at (765) 494-8435 with questions concerning 4-H exhibition requirements in Indiana.

GENERAL REQUIREMENTS FOR ALL SPECIES

A. Limitations on Exhibition

This section describes limitations on exhibiting animals in Indiana. Other exhibition limitations may be described in the species-specific requirements that follow.

1. Failure to meet all animal health requirements will result in removal of animals from the exhibition premises.

4. The State Veterinarian is authorized to make the final determination as to an animal's eligibility for exhibition. The State Veterinarian may order removal of any animal from the exhibition grounds.
5. Exhibition organizers may impose health requirements in addition to those prescribed by BOAH. Added requirements may not contradict requirements imposed by BOAH.
6. Exhibition organizers may have a licensed and accredited veterinarian review animals and animal health documentation during the exhibition.
