General Principles

1. By submitting an Indiana State Fair Entry Form or online entry, 4-H Exhibitors agree to all Terms & Conditions.
 - a. Exhibitors entered under one account are also responsible and held accountable to all Terms and Conditions.
2. The Indiana State Fair is fully committed to ensuring integrity in all 4-H Competitions. As such, there is **No Tolerance** for any violation of Terms & Conditions; intent is not relevant (i.e., strict liability) and any determined violations including testing results are final and binding. 4-H Exhibitors should expect that any animal exhibit may be tested at any time while on the Fairgrounds or at harvest.
3. The Indiana State Fair is fully committed to carrying out the Animal Wellness & Care Plan and ensuring the proper treatment of all animal exhibits. Therefore, sick animals shall not be exhibited because of the risk to the animal exhibit, other animal exhibits, the 4-H Exhibitor, other 4-H Exhibitors, other persons, and the integrity of 4-H Competitions. Based on Animal Wellness & Care Plan, Show Management may prohibit an animal exhibit from showing at their sole discretion.

Eligibility to Enter

4. To be eligible to participate in a 4-H Livestock show at the Indiana State Fair an exhibitor must:
 - a. Be enrolled in and a member in good standing of the 4-H Project in which they are entering.
 - b. Submit DNA for the animal being shown by May 15, 2026 to the County Extension Office. This is required for Beef, Dairy Beef, Dairy Females, Swine, Sheep and Meat Goats.
 - c. Have satisfactorily fulfilled county 4-H requirements.

Animal Ownership, Possession and Exhibition

5. Each exhibitor shall own his/her own 4-H Exhibit. Ownership must be in effect on or before the county and state ID deadlines and continuously until after the 4-H show at the County and/or State Fair.
 - a. For 4-H breeding animals, family corporations and/or partnerships of 4-H members with one or more parents, siblings, grandparents, aunts, uncles, or legal guardians are acceptable.
 - b. For 4-H dairy cattle, family corporations and/or partnerships of the 4-H member with unrelated persons or dairy operations are also acceptable.
 - c. Dairy heifers, horses, ponies, alpacas and llamas may be leased subject to approval of both the county 4-H dairy, horse and pony, or llama committee and the respective County Extension Educator. 4-H animals (horse and pony, dairy, alpacas and llamas are only eligible to be leased by a single 4-H member in a 4-H program year.
 - d. 4-H animals are expected to be in the personal possession and regular care of the 4-H member who owns/leases them (unless other arrangements have been agreed upon by the County 4-H Extension Educator) from the animal ID deadline until the conclusion of the County and/or State Fair.

- e. 4-H market animals and commercial animals must be individually identified and verified under the supervision of the county 4-H program at county identification events by May 15th. These species include market lambs and commercial ewes, dairy wethers, dairy feeder steers, dairy beef steers, beef steers, market and commercial heifers, meat goat wethers, and market wether dams.
- f. 4-H animals purchased, sold, or offered for sale after the enrollment deadline and prior to the Indiana State Fair (including animals that have gone through a "Premium Only Auction"), shall not be eligible to show in the 4-H show at the Indiana State Fair. Sale of products of animals (milk, cheese, wool, etc.) in lieu of the animal, is considered equivalent to a "Premium Only Auction."
- g. 4-H animals exhibited after the May 15 State 4-H animal ID deadline at any show by anyone other than the individual whose 4-H enrollment record is connected to the ID of the animal in Indiana 4-H Online will not be eligible to be shown in the 4-H show at the Indiana State Fair. This term/condition does not apply to siblings, who may show each other's animals at any show during the year without jeopardizing State Fair eligibility. 4-H animals that are selected by 4-H Extension Staff or 4-H Adult Volunteers for use in supreme showmanship contests (Master Showmanship, Round Robin, etc.) may be used in those county events without jeopardizing State Fair eligibility. This policy applies to all 4-H animal projects. For animal projects without state ID deadlines, the person who enters them in the Indiana State Fair 4-H show is the equivalent of the owner of the animals.
- h. 4-H breeding beef, boer goats, dairy goats, sheep and swine must be registered in one of the following ownership methods:
 - i. in the 4-H members' name
 - ii. John Smith and Sons
 - iii. John Smith, Sons and Daughters
 - iv. John Smith & Family (family includes sons, daughters, and legal guardian youth only)
 - v. Mark Smith (brother) and Mary Smith (sister)
 - vi. Family corporations, where the 4-H members' name appears as a holder of stock in the corporation, and proof of same must be supplied on or before the enrollment date
 - vii. Family partnership where the 4-H members father, mother, brother, sister, aunt, uncle, grandparent, and/or legal guardian is also in the family partnership and the 4-H member's name appears on the legal, notarized partnership. A copy of the written document must be on file with the Extension Office before the ID deadline. A single animal can only be included in one 4-H Online family profile.
- i. 4-H breeding beef, boer goats, dairy goats, sheep and swine will NOT be accepted in the State Fair 4-H Show if they are registered in a father's name only, farm name only, or partnerships with unrelated persons (such as "Smith View", "Smith Oak", "John Doe and William Smith (4-H member)", "Long Oak and William Smith (4-H Member)", etc.).
- j. For 4-H dairy cattle, partnerships of the 4-H member with unrelated persons or dairy operations are acceptable (i.e. John Doe and William Smith (4-H member) or Long Oak and William Smith). Dairy cows and heifers, owned in a partnership, may not be exhibited by more than one person from May 15 until the conclusion of the State Fair 4-H Dairy Show. This person must be the exhibitor of the animal in the current State Fair 4-H Dairy Show, or the animal will be ineligible for this show. 4-H dairy cattle will not be accepted in 4-H classes at the State Fair if they are registered in the father's name only or in a farm name, such as "Smith View", "Smith Oak", etc., unless the 4-H member has a certified lease agreement for this animal.
- k. The Dairy lease program is only for 4-H members who do not own their own dairy cows and/or heifers. Only dairy heifers that will be less than two years-of-age at the time of the Indiana State Fair 4-H dairy show, may be leased. Leasing a dairy heifer will be considered the equivalent of ownership. The 4-H member should be regularly involved in the care of the heifer, regardless of where the heifer is kept, and the 4-H member should have exclusive show rights to the heifer during the 4-H lease period from May 15 until the 4-H dairy show at the Indiana State Fair. Leased 4-H dairy heifers must be registered (although it is not necessary to have the registration paper transferred to the 4-H member's name) by May 15 and be properly identified in Indiana 4-H Online.

Care Of Animal Exhibits

- 6. 4-H Exhibitors are completely responsible for the care and custody of animal exhibits at the Indiana State Fair.
- 7. Exhibitors shall be responsible for the continuous care, grooming, and preparation of their own animals entered at the Indiana State Fair. An exhibitor may receive assistance in the care, grooming, and preparation of the livestock entered in the Indiana State Fair, provided that the assistance shall be limited to explanation or demonstration and that the exhibitor is involved in the preparation. 4-H Exhibitors will be held accountable for all individuals contributing to animal project including but not limited to parents, siblings and animal fitters or groomers.
- 8. Ownership of the animal exhibits passes from the 4-H Exhibitors or their families to the Indiana State Fair Commission when the Indiana State Fair Commission takes possession of the animal exhibits for harvesting.

4-H Exhibitor Pen & Tack Area Clean-Up Requirement

9. All 4-H members are required to fully clean their animal pens and tack areas at the conclusion of each exhibition competed in.

Clean-Up Expectations

- All trash must be separated from bedding and placed in designated receptacles.
- Bedding must remain free of trash so it can be properly spread on Indiana fields by the contractor.

Species Requirements

- **Sheep, Horses & Ponies, Llamas, Goats, and Swine**
 - Pens must be completely cleaned of all bedding and trash.
 - Tack areas must be left clear of trash and debris.
- **Beef, Dairy, Rabbits, and Poultry**
 - Due to how bedding is removed, exhibitors must ensure all tack and stall areas are completely free of trash and disposed of in appropriate receptacles.

Loss of Privilege

Failure to clean pens and/or tack areas as outlined above will result in a loss of privilege to exhibit in that species at the Indiana State Fair the following year.

This policy enforces an existing rule, establishes accountability, and ensures the expectation becomes standard practice rather than an ongoing enforcement issue.

Code of Ethics

10. In order to protect the integrity of the Indiana State Fair 4-H Competitions and the food supply, the Indiana State Fair reserves the right to disqualify any animal(s) they have reasonable cause to believe have been fitted in an unethical manner.
- a. By submitting an Indiana State Fair Entry Form or online entry, 4-H Exhibitors represent that the exhibitors' animal(s) natural conformation and structure have not been altered in any way. This alteration is also known as "unethical fitting" and includes but is not limited to injection of air, gas, or other foreign substances, cutting/tearing of the hide, or removal of tissue in an attempt to alter the physical appearance or shape of the animal, numbing an animal's tail, cutting tendons of an animal, using foreign substances to build or cosmetically re-shape feet.
 - b. Any animal found to have surgical alterations other than dehorning, castration, or docking as permitted by the species-specific rules may be disqualified. Unethical fitting also includes attempts to disrupt or change normal dental development. The act of artificially filling animals internally, which includes stomach pumping or any other method per os (by esophagus) is prohibited for all species.
 - c. No injection sites (including sites from acupuncture treatments) may be found in marketable areas such as top, rounds, loin, hips, etc.
 - d. The administration of any drug prohibited by Federal, State, or Local law or any drug used in a manner prohibited by Federal, State, or Local law is prohibited.
 - e. In such cases where unethical fitting appears to have been attempted, the Indiana State Fair may appoint a veterinarian to inspect the entry. The Indiana State Fair will follow a course of action based on the findings and conclusions of the examining veterinarian. Any 4-H Exhibitor that is disqualified for any rules or code of ethics violations will forfeit all premiums

Drug & Alterations Testing/Examination Principles

11. The Indiana State Fair 4-H Animal Testing Program protects the integrity of the Indiana State Fair, 4-H Competitions and the food supply. At no time shall animal exhibits have any substance present, alteration or tissue anomalies that:
- a. Violates standards established by the United States Department of Agriculture (USDA).
 - b. Violates standards established by the Food and Drug Administration (FDA). Should testing results reveal non label compound use, consideration may be given if credible veterinary disclosure or testimony is provided, accompanied by credible documentation citing appropriate exercise of the Animal Medicinal Drug Use Clarification Act of 1994 (AMDUCA) within an existing Veterinarian Client Patient Relationship (VCPR) at the time of treatment is provided in a timely manner when requested by State Fair officials before, not after an Appeal Process as outlined in General Terms & Conditions 34-48 has been initiated and is recorded and present on the exhibit's Animal Affidavit.
 - c. Is determined by the Purdue University Meat Lab Manager or State or Federal Meat Inspectors to be unacceptable for human consumption either during or post-harvest.
 - d. Provides any potential performance enhancing quality or any potential showing advantage including but not limited to tampering, altering, or misrepresenting any exhibit; coloring that alters or misrepresents breed characteristics; pumping air or other substances to alter conformation; methods to induce artificial fill; performing surgical and/or non-surgical procedures to alter the animal's configuration or natural conformation of any part of the animal's body; and unethical fitting. The following generally accepted management practices are allowed: hoof trimming, dehorning, removal of hair, castration, branding, tattooing, ear notching, and docking of tails.

Treatment of Acute Injury Policy for 4-H Animal Exhibits at the 2026 ISF.

12. In the event that an animal suffers an acute injury, it is permissible for the animal to be treated with FDA approved medications. An ISF veterinarian must administer all treatments. The determination of the time of injury and its impact on the animal is solely based on the evaluation and diagnosis of the attending ISF veterinarian. For market animals, all withdrawal times must be completed prior to the start of the show. Failure to meet this withdrawal time requirement shall disqualify an animal from exhibition. Non-market animals are exempt from withdrawal times being completed by the time of show.
13. The use by non-veterinarians (exhibitor or otherwise) of animal compounds or other substances in any manner other than in accordance with the labeling approved by FDA is a violation of federal law and individuals found to be in violation may be disqualified and/or ejected from the event at the discretion of Show Management.

Disclosing drugs and/or alterations on the animal affidavit does not affect the imposition of penalties should there be a violation of the Code of Ethics or drug testing /examination principles outlined above. Attaching accompanying veterinary documentation to support any Animal Affidavit claims is recommended.
17. If you are exhibiting multiple species on multiple weekends you will need a separate affidavit per weekend. (ie all barrows would be on one affidavit and the following weekend gilts would need a separate document.)
18. Failure to complete the animal affidavit shall result in automatic disqualification and may result in additional imposed penalties as listed below in General Terms & Conditions 36-40.

Recognized Breed Participation Policy

67. Recognized Breed Participation: Indiana State Fair recognized breeds which are listed in the current entry book are required to have a minimum head total (sum of market and breeding animals checked in) to maintain breed status in both market and breeding shows in the following state fair year.
 - Cattle: 5 head
 - Goats: 15 head
 - Swine: 15 head
 - Sheep: 15 head
 - If minimum is not met, the breed will be put on probationary status, see rule 70.
 - This information and data will be collected from the current year check-in process of each species and verified. Information and breeds on probation (breeds that did not meet the minimum number) will be available and posted for exhibitors in the Fall after the conclusion of the state fair.
 - *Example 1: The Angus cattle breed must have 5 head checked-in at the current Indiana State Fair to keep breed recognition status for the following Indiana State Fair. This data will be combined with checked-in entries in the market and breeding classes and verified at the current Indiana State Fair check-in of each species.*
 - *Example 2: The Dorset Advantage sheep breed must have 15 head checked-in at the current Indiana State Fair to keep breed recognition status for the following Indiana State Fair. This data will only be taken from the Breeding Ewe entries that are checked-in as Dorset Advantage is not a recognized breed in the Market Lamb Show. Data will be verified at the current Indiana State Fair check-in of each species.*
68. Once the check-in process is completed at the current Indiana State Fair, each recognized breed exhibiting in either the market show or the breeding show must have a minimum of three animals checked in, in order to be a recognized market animal breed or breeding animal breed. If minimum is not met, the breed becomes an unrecognized breed for the current Indiana State Fair, and will be placed in the AOB Division by State Fair Staff.
69. **AOB Division:** The AOB Division will be offered in the Swine, Beef Cattle, and Sheep departments and shall be considered a recognized breed. The division will include:
 - All other registered breeds with proof of registration from an established breed association which are not listed in the current department entry book
 - Breeds that are classified by Indiana State Fair Classifiers which are not listed in the current department entry book
 - Any breed that has not met the minimum three head requirement for the current Indiana State Fair per Rule 67
 - Regardless of the number of animals in the AOB class, premiums will be offered for the AOB division. Champions of the AOB division would be eligible for Grand or Supreme Drive.

Establishing New Breeds In Competition

70. The Indiana State Fair must approve a state-affiliate breed association application for a breed show. The breed must also have a minimum number of head exhibited in either proposed breed/gender classification (ie. rams, ewes, market lambs) over a two-year period prior to the recognition of the new breed. This rule does not apply to any Poultry or Rabbit Exhibits
 - b. Breed association letters are to be sent to the Exhibitor Livestock Manager at livestock@indianastatefair.com.
71. To place an established breed of livestock on probation the following shall apply:
 - c. The first year that a breed does not meet a minimum number of head, it shall be considered on its first probation.
 - d. At the end of the second consecutive year of probation, if the breed does not meet the minimum head, that breed will then exhibit as Exhibition Only the following year, if the minimum head is not reached, the breed will be removed and eligible for exhibition in AOB.
 - e. The same entry fees shall be paid by all livestock exhibitors regardless of show classification.
 - Minimum Number of head:
 - Cattle: 5 head
 - Goats: 15 head
 - Swine: 15 head
 - Sheep: 15 head

3. Any deadly weapon found in the possession of a person while on the Fairgrounds is subject to immediate confiscation by persons authorized to provide security protection services as well as city, county, and state police agencies. Federal, state, or local law enforcement officers or those employed or authorized by the Indiana State Fair Commission are excepted from this rule (Indiana Administrative Code, Title 80, Section 11-2-2 (a), (c), and Section 11-2-3 CI) and (2)).

Tents, Canopies, & Stall Coverings

- Any tent, canopy, or stall covering in a building must be made of a material to allow for or not block water distribution as well as meet or exceed NFPA Standard 701.
- A portable fire extinguisher must be located under each tent, canopy, or covering. Fire extinguishers mounted in the building by the ISFC do not apply. Exhibitors must have their own fire extinguisher under each tent, canopy, or covering.

Fire Safety

- The Indiana State Fire Marshal's Office conducts regular inspections of all barns and buildings during the Indiana State Fair to identify any potential fire hazards or threats to life safety. The decisions of the fire marshal are final and will be enforced.
- Fire extinguishers are located throughout every barn and building. They may be used for approved purposes only. Do not use a fire extinguisher if you are not trained on its proper use.
- Most buildings and barns are equipped with fire alarm and/or fire suppression systems. In the event of a fire, these systems should be activated.
- Emergency exits are clearly marked in all barns and buildings. In the event of an emergency, calmly evacuate through the nearest accessible emergency exit.
- Do not store tack/supplies in primary aisles, in front of exit doors, or in/under stairwells.

Severe Weather

- In the event of severe weather impacting the Fairgrounds, be it a severe thunderstorm or tornado, you may receive instructions over the barn or building public address system. If the barn or building is not equipped with a public-address system, State Fair staff will notify people in person.
- During a severe weather situation, you will be asked to remain inside, away from windows and doors whenever possible. Staff may be instructed to close all doors and windows, including overhead doors.
- Larger barns and buildings will be used for shelter-in-place (points of refuge) to allow Fairgoers to seek shelter. This may cause an influx of people into livestock areas and result in the postponement of a show or exhibition. Exhibitors should be mindful of this, keep aisles and walkways clear, and tend to their animals accordingly.

Food Preparation/Cooking Policies & Procedures

- Cooking inside and adjacent to barns and buildings is not advised. The Indiana State Fair Biosecurity plan recommends that food be excluded from animal areas. If cooking and/or food preparation is necessary, the following policies and procedures must be followed:

 - Approved cooking devices are limited to crockpots, or similar slow cookers, and microwave ovens. Cooking devices must have a cover approved for use with the device and comply with all applicable electrical and fire codes. Cooking devices are also required to be powered by approved cords that are not frayed or malfunctioning in any way.
 - Exhibitors cooking in the barns and buildings do so at their own risk and assume all liability for their actions concerning food contamination from pathogens that may be present in or near a livestock area.

Extension Cords

- Extension Cords shall not be a substitute for permanent wiring. IFC 2012 (605.4.1) Extension Cords shall not be affixed to structures. IFC 2012 (605.5)

Animal Wellness & Care

The Animal Wellness & Care Plan (AWAC) was established to reinforce the Indiana State Fair's commitment and belief in the proper treatment of all animals in exhibition. The Indiana State Fair holds exhibitors of the various species of animals being exhibited to the highest standards in wellness, care and ethics of exhibition. The AWAC is responsible for ensuring the most up to date standards as well as to be a source for the public to seek answers to their questions relating to the health and safety of the animals involved in the Indiana State Fair. Failure or refusal by an exhibitor or fairgoer to comply with the Animal Wellness & Care Plan can result in penalties up to and including but not limited to removal and a ban from the Fairgrounds for the duration of the event.

Biosecurity

The Indiana State Fair Biosecurity Plan was developed to prevent the outbreak of diseases carried by both animals and humans that spread pathogens that can be transmitted to and from farm animals, as well as through the food supply. Many diseases and pathogens can be prevented through maintaining the cleanliness of facilities and encouraging good hygiene. The Biosecurity Plan will be enforced during the Indiana State Fair and all exhibitors are expected to carryout and preform basic biosecurity and hygienic task including:

- Hand Washing/sanitizing following exposure to animals and always before consuming food or drinks
- Excluding human food and food preparation from animal areas
- Maintaining general cleanliness of animals and animal areas
- Properly disposing of animal waste/soiled bedding in properly identified/designated areas
- Cleaning-up after your animal if it soils/has a biological event in a building/Fair common space
- Reporting the appearance or evidence of animal/human sickness or distress to Fair officials

Failure or refusal to comply with the above can result in penalties up to and including but not limited to removal and a ban from the Fairgrounds for the duration of the event.

The Indiana State Fair is committed to providing opportunities for all 4-H participants to show their animals as part of the State Fair. The State Fair also wants to ensure the integrity of its 4-H competitions as is evidenced by the various terms and conditions set forth in this Entry Book, including its policy with respect to testing for unauthorized substances in certain animals that are entered into these competitions and the penalties associated with positive results. By entering into these competitions, you agree to these terms and conditions and as such, we strongly recommend that you read this information carefully prior to submitting your entry.
