General Principles

1. By submitting an Indiana State Fair Entry Form or online entry, 4-H Exhibitors agree to all Terms & Conditions.
 - a. Exhibitors entered under one account are also responsible and held accountable to all Terms and Conditions.
2. The Indiana State Fair is fully committed to ensuring integrity in all 4-H Competitions. As such, there is **No Tolerance** for any violation of Terms & Conditions; intent is not relevant (i.e., strict liability) and any determined violations including testing results are final and binding. 4-H Exhibitors should expect that any animal exhibit may be tested at any time while on the Fairgrounds or at harvest.
3. The Indiana State Fair is fully committed to carrying out the Animal Wellness & Care Plan and ensuring the proper treatment of all animal exhibits. Therefore, sick animals shall not be exhibited because of the risk to the animal exhibit, other animal exhibits, the 4-H Exhibitor, other 4-H Exhibitors, other persons, and the integrity of 4-H Competitions. Based on Animal Wellness & Care Plan, Show Management may prohibit an animal exhibit from showing at their sole discretion.

Eligibility to Enter

4. To be eligible to participate in a 4-H Livestock show at the Indiana State Fair an exhibitor must:
 - a. Be enrolled in and a member in good standing of the 4-H Project in which they are entering.
 - b. Submit DNA for the animal being shown by May 15, 2026 to the County Extension Office. This is required for Beef, Dairy Beef, Dairy Females, Swine, Sheep and Meat Goats.
 - c. Have satisfactorily fulfilled county 4-H requirements.

Animal Ownership, Possession and Exhibition

5. Each exhibitor shall own his/her own 4-H Exhibit. Ownership must be in effect on or before the county and state ID deadlines and continuously until after the 4-H show at the County and/or State Fair.
 - a. For 4-H breeding animals, family corporations and/or partnerships of 4-H members with one or more parents, siblings, grandparents, aunts, uncles, or legal guardians are acceptable.
 - b. For 4-H dairy cattle, family corporations and/or partnerships of the 4-H member with unrelated persons or dairy operations are also acceptable.
 - c. Dairy heifers, horses, ponies, alpacas and llamas may be leased subject to approval of both the county 4-H dairy, horse and pony, or llama committee and the respective County Extension Educator. 4-H animals (horse and pony, dairy, alpacas and llamas are only eligible to be leased by a single 4-H member in a 4-H program year.
 - d. 4-H animals are expected to be in the personal possession and regular care of the 4-H member who owns/leases them (unless other arrangements have been agreed upon by the County 4-H Extension Educator) from the animal ID deadline until the conclusion of the County and/or State Fair.

- e. 4-H market animals and commercial animals must be individually identified and verified under the supervision of the county 4-H program at county identification events by May 15th. These species include market lambs and commercial ewes, dairy wethers, dairy feeder steers, dairy beef steers, beef steers, market and commercial heifers, meat goat wethers, and market wether dams.
- f. 4-H animals purchased, sold, or offered for sale after the enrollment deadline and prior to the Indiana State Fair (including animals that have gone through a "Premium Only Auction"), shall not be eligible to show in the 4-H show at the Indiana State Fair. Sale of products of animals (milk, cheese, wool, etc.) in lieu of the animal, is considered equivalent to a "Premium Only Auction."
- g. 4-H animals exhibited after the May 15 State 4-H animal ID deadline at any show by anyone other than the individual whose 4-H enrollment record is connected to the ID of the animal in Indiana 4-H Online will not be eligible to be shown in the 4-H show at the Indiana State Fair. This term/condition does not apply to siblings, who may show each other's animals at any show during the year without jeopardizing State Fair eligibility. 4-H animals that are selected by 4-H Extension Staff or 4-H Adult Volunteers for use in supreme showmanship contests (Master Showmanship, Round Robin, etc.) may be used in those county events without jeopardizing State Fair eligibility. This policy applies to all 4-H animal projects. For animal projects without state ID deadlines, the person who enters them in the Indiana State Fair 4-H show is the equivalent of the owner of the animals.
- h. 4-H breeding beef, boer goats, dairy goats, sheep and swine must be registered in one of the following ownership methods:
 - i. in the 4-H members' name
 - ii. John Smith and Sons
 - iii. John Smith, Sons and Daughters
 - iv. John Smith & Family (family includes sons, daughters, and legal guardian youth only)
 - v. Mark Smith (brother) and Mary Smith (sister)
 - vi. Family corporations, where the 4-H members' name appears as a holder of stock in the corporation, and proof of same must be supplied on or before the enrollment date
 - vii. Family partnership where the 4-H members father, mother, brother, sister, aunt, uncle, grandparent, and/or legal guardian is also in the family partnership and the 4-H member's name appears on the legal, notarized partnership. A copy of the written document must be on file with the Extension Office before the ID deadline. A single animal can only be included in one 4-H Online family profile.
- i. 4-H breeding beef, boer goats, dairy goats, sheep and swine will NOT be accepted in the State Fair 4-H Show if they are registered in a father's name only, farm name only, or partnerships with unrelated persons (such as "Smith View", "Smith Oak", "John Doe and William Smith (4-H member)", "Long Oak and William Smith (4-H Member)", etc.).
- j. For 4-H dairy cattle, partnerships of the 4-H member with unrelated persons or dairy operations are acceptable (i.e. John Doe and William Smith (4-H member) or Long Oak and William Smith). Dairy cows and heifers, owned in a partnership, may not be exhibited by more than one person from May 15 until the conclusion of the State Fair 4-H Dairy Show. This person must be the exhibitor of the animal in the current State Fair 4-H Dairy Show, or the animal will be ineligible for this show. 4-H dairy cattle will not be accepted in 4-H classes at the State Fair if they are registered in the father's name only or in a farm name, such as "Smith View", "Smith Oak", etc., unless the 4-H member has a certified lease agreement for this animal.
- k. The Dairy lease program is only for 4-H members who do not own their own dairy cows and/or heifers. Only dairy heifers that will be less than two years-of-age at the time of the Indiana State Fair 4-H dairy show, may be leased. Leasing a dairy heifer will be considered the equivalent of ownership. The 4-H member should be regularly involved in the care of the heifer, regardless of where the heifer is kept, and the 4-H member should have exclusive show rights to the heifer during the 4-H lease period from May 15 until the 4-H dairy show at the Indiana State Fair. Leased 4-H dairy heifers must be registered (although it is not necessary to have the registration paper transferred to the 4-H member's name) by May 15 and be properly identified in Indiana 4-H Online.

Care Of Animal Exhibits

6. 4-H Exhibitors are completely responsible for the care and custody of animal exhibits at the Indiana State Fair.
7. Exhibitors shall be responsible for the continuous care, grooming, and preparation of their own animals entered at the Indiana State Fair. An exhibitor may receive assistance in the care, grooming, and preparation of the livestock entered in the Indiana State Fair, provided that the assistance shall be limited to explanation or demonstration and that the exhibitor is involved in the preparation. 4-H Exhibitors will be held accountable for all individuals contributing to animal project including but not limited to parents, siblings and animal fitters or groomers.
8. Ownership of the animal exhibits passes from the 4-H Exhibitors or their families to the Indiana State Fair Commission when the Indiana State Fair Commission takes possession of the animal exhibits for harvesting.

4-H Exhibitor Pen & Tack Area Clean-Up Requirement

9. All 4-H members are required to fully clean their animal pens and tack areas at the conclusion of each exhibition competed in.

Clean-Up Expectations

- All trash must be separated from bedding and placed in designated receptacles.
- Bedding must remain free of trash so it can be properly spread on Indiana fields by the contractor.

Species Requirements

- **Sheep, Horses & Ponies, Llamas, Goats, and Swine**
 - Pens must be completely cleaned of all bedding and trash.
 - Tack areas must be left clear of trash and debris.
- **Beef, Dairy, Rabbits, and Poultry**
 - Due to how bedding is removed, exhibitors must ensure all tack and stall areas are completely free of trash and disposed of in appropriate receptacles.

Loss of Privilege

Failure to clean pens and/or tack areas as outlined above will result in a loss of privilege to exhibit in that species at the Indiana State Fair the following year.

This policy enforces an existing rule, establishes accountability, and ensures the expectation becomes standard practice rather than an ongoing enforcement issue.

Code of Ethics

10. In order to protect the integrity of the Indiana State Fair 4-H Competitions and the food supply, the Indiana State Fair reserves the right to disqualify any animal(s) they have reasonable cause to believe have been fitted in an unethical manner.
- a. By submitting an Indiana State Fair Entry Form or online entry, 4-H Exhibitors represent that the exhibitors' animal(s) natural conformation and structure have not been altered in any way. This alteration is also known as "unethical fitting" and includes but is not limited to injection of air, gas, or other foreign substances, cutting/tearing of the hide, or removal of tissue in an attempt to alter the physical appearance or shape of the animal, numbing an animal's tail, cutting tendons of an animal, using foreign substances to build or cosmetically re-shape feet.
 - b. Any animal found to have surgical alterations other than dehorning, castration, or docking as permitted by the species-specific rules may be disqualified. Unethical fitting also includes attempts to disrupt or change normal dental development. The act of artificially filling animals internally, which includes stomach pumping or any other method per os (by esophagus) is prohibited for all species.
 - c. No injection sites (including sites from acupuncture treatments) may be found in marketable areas such as top, rounds, loin, hips, etc.
 - d. The administration of any drug prohibited by Federal, State, or Local law or any drug used in a manner prohibited by Federal, State, or Local law is prohibited.
 - e. In such cases where unethical fitting appears to have been attempted, the Indiana State Fair may appoint a veterinarian to inspect the entry. The Indiana State Fair will follow a course of action based on the findings and conclusions of the examining veterinarian. Any 4-H Exhibitor that is disqualified for any rules or code of ethics violations will forfeit all premiums

Drug & Alterations Testing/Examination Principles

11. The Indiana State Fair 4-H Animal Testing Program protects the integrity of the Indiana State Fair, 4-H Competitions and the food supply. At no time shall animal exhibits have any substance present, alteration or tissue anomalies that:
- a. Violates standards established by the United States Department of Agriculture (USDA).
 - b. Violates standards established by the Food and Drug Administration (FDA). Should testing results reveal non label compound use, consideration may be given if credible veterinary disclosure or testimony is provided, accompanied by credible documentation citing appropriate exercise of the Animal Medicinal Drug Use Clarification Act of 1994 (AMDUCA) within an existing Veterinarian Client Patient Relationship (VCPR) at the time of treatment is provided in a timely manner when requested by State Fair officials before, not after an Appeal Process as outlined in General Terms & Conditions 34-48 has been initiated and is recorded and present on the exhibit's Animal Affidavit.
 - c. Is determined by the Purdue University Meat Lab Manager or State or Federal Meat Inspectors to be unacceptable for human consumption either during or post-harvest.
 - d. Provides any potential performance enhancing quality or any potential showing advantage including but not limited to tampering, altering, or misrepresenting any exhibit; coloring that alters or misrepresents breed characteristics; pumping air or other substances to alter conformation; methods to induce artificial fill; performing surgical and/or non-surgical procedures to alter the animal's configuration or natural conformation of any part of the animal's body; and unethical fitting. The following generally accepted management practices are allowed: hoof trimming, dehorning, removal of hair, castration, branding, tattooing, ear notching, and docking of tails.

Treatment of Acute Injury Policy for 4-H Animal Exhibits at the 2026 ISF.

12. In the event that an animal suffers an acute injury, it is permissible for the animal to be treated with FDA approved medications. An ISF veterinarian must administer all treatments. The determination of the time of injury and its impact on the animal is solely based on the evaluation and diagnosis of the attending ISF veterinarian. For market animals, all withdrawal times must be completed prior to the start of the show. Failure to meet this withdrawal time requirement shall disqualify an animal from exhibition. Non-market animals are exempt from withdrawal times being completed by the time of show.
13. The use by non-veterinarians (exhibitor or otherwise) of animal compounds or other substances in any manner other than in accordance with the labeling approved by FDA is a violation of federal law and individuals found to be in violation may be disqualified and/or ejected from the event at the discretion of Show Management.

Attaching accompanying veterinary documentation to support any Animal Affidavit claims is recommended.
17. If you are exhibiting multiple species on multiple weekends you will need a separate affidavit per weekend. (ie all barrows would be on one affidavit and the following weekend gilts would need a separate document.)

Recognized Breed Participation Policy

67. Recognized Breed Participation: Indiana State Fair recognized breeds which are listed in the current entry book are required to have a minimum head total (sum of market and breeding animals checked in) to maintain breed status in both market and breeding shows in the following state fair year.
 - Cattle: 5 head
 - Goats: 15 head
 - Swine: 15 head
 - Sheep: 15 head
 - If minimum is not met, the breed will be put on probationary status, see rule 70.
 - This information and data will be collected from the current year check-in process of each species and verified. Information and breeds on probation (breeds that did not meet the minimum number) will be available and posted for exhibitors in the Fall after the conclusion of the state fair.
 - *Example 1: The Angus cattle breed must have 5 head checked-in at the current Indiana State Fair to keep breed recognition status for the following Indiana State Fair. This data will be combined with checked-in entries in the market and breeding classes and verified at the current Indiana State Fair check-in of each species.*
 - *Example 2: The Dorset Advantage sheep breed must have 15 head checked-in at the current Indiana State Fair to keep breed recognition status for the following Indiana State Fair. This data will only be taken from the Breeding Ewe entries that are checked-in as Dorset Advantage is not a recognized breed in the Market Lamb Show. 68. Once the check-in process is completed at the current Indiana State Fair, each recognized breed exhibiting in either the market show or the breeding show must have a minimum of three animals checked in, in order to be a recognized market animal breed or breeding animal breed. If minimum is not met, the breed becomes an unrecognized breed for the current Indiana State Fair, and will be placed in the AOB Division by State Fair Staff.
69. **AOB Division:** The AOB Division will be offered in the Swine, Beef Cattle, and Sheep departments and shall be considered a recognized breed. The division will include:
 - All other registered breeds with proof of registration from an established breed association which are not listed in the current department entry book
 - Breeds that are classified by Indiana State Fair Classifiers which are not listed in the current department entry book
 - Any breed that has not met the minimum three head requirement for the current Indiana State Fair per Rule 67
 - Regardless of the number of animals in the AOB class, premiums will be offered for the AOB division. Champions of the AOB division would be eligible for Grand or Supreme Drive.

This rule does not apply to any Poultry or Rabbit Exhibits

Exhibitors should be mindful of this, keep aisles and walkways clear, and tend to their animals accordingly.

Food Preparation/Cooking Policies & Procedures

- Cooking inside and adjacent to barns and buildings is not advised. The Indiana State Fair Biosecurity plan recommends that food be excluded from animal areas. If cooking and/or food preparation is necessary, the following policies and procedures must be followed:

The Indiana State Fair holds exhibitors of the various species of animals being exhibited to the highest standards in wellness, care and ethics of exhibition. The AWAC is responsible for ensuring the most up to date standards as well as to be a source for the public to seek answers to their questions relating to the health and safety of the animals involved in the Indiana State Fair. Failure or refusal by an exhibitor or fairgoer to comply with the Animal Wellness & Care Plan can result in penalties up to and including but not limited to removal and a ban from the Fairgrounds for the duration of the event.

Biosecurity

The Indiana State Fair Biosecurity Plan was developed to prevent the outbreak of diseases carried by both animals and humans that spread pathogens that can be transmitted to and from farm animals, as well as through the food supply. Many diseases and pathogens can be prevented through maintaining the cleanliness of facilities and encouraging good hygiene. The Biosecurity Plan will be enforced during the Indiana State Fair and all exhibitors are expected to carryout and preform basic biosecurity and hygienic task including:

The Indiana State Fair is committed to providing opportunities for all 4-H participants to show their animals as part of the State Fair. The State Fair also wants to ensure the integrity of its 4-H competitions as is evidenced by the various terms and conditions set forth in this Entry Book, including its policy with respect to testing for unauthorized substances in certain animals that are entered into these competitions and the penalties associated with positive results. By entering into these competitions, you agree to these terms and conditions and as such, we strongly recommend that you read this information carefully prior to submitting your entry.

4-H Market Lamb and Wether Dam Qualifications

1. Exhibitors may show a maximum of four (4) Wether Dams and four (4) market lambs.
2. All market lambs must be under one (1) year-of-age on show day and still have their lamb's teeth intact.
3. 4-H members may not show the same ewe lamb as a market lamb, wether dam and a breeding ewe in the 4-H sheep show at the Indiana State Fair in any given year. A ewe lamb can, however, be shown as a 4-H market lamb or wether dam one (1) year and then shown as a yearling breeding ewe or wether dam the following year.
4. Any lambs showing evidence of testicular tissue may be ineligible. If testicular tissue is discovered in a lamb during the "harvesting" procedure, the exhibitor will receive market value for the carcass, will be disqualified and forfeit all entry fees, premium and prize money.
5. Market Lambs/Wether Dams must arrive show ready. Specifically, slick shorn at a uniform length (1/8 inch or less).
6. Any Market Lambs/Wether Dams with wool/hair over 1/8 of an inch in between the hock/knee and ears will not be permitted to enter the ring. This includes belly wool.
7. All Market Lambs/Wether Dams will be unloaded and presented without blankets for close inspection by designated department staff.
8. Declared weight cards for all market lambs/Wether Dams are due into the 4-H office by the time listed in the schedule. Once cards are turned in, cards cannot be changed. Failure to submit cards will result in the lamb being ineligible to show. Classes will be divided using the lambs declared weight. After the top placing animals are reweighed, market lamb's/wether dam's actual weight must be at least 70 pounds and no more than 6 lbs above or below the declared weight or they will be disqualified. All animals are subject to weight verification at any time. Once an animal weighs out, there are no opportunities to reweigh.
9. Classes will have a minimum of 5 lambs, and a maximum of 20 lambs.
10. The three (3) highest placing 4-H market lambs in each class will have their 840 RFID tags scanned immediately following the placing of their class. Market lambs/Wether Dams whose 840 RFID tag cannot be verified will be disqualified.
11. Purebred Market Lambs/Wether Dams must be born of purebred parents of the same breed and exhibit characteristics consistent with that breed.
12. Please refer to the Department schedule to see when the breed determination committee; and scales will be available. The animal's card; indicating the declared weight and that the animal has been screened by the breed determination committee; must be turned into the office by the time indicated on the schedule.
13. All breed class winners will show for breed champion Market Lambs/Wether Dams, and the second place lamb to the breed champion may compete for reserve breed champion.
14. Division Champions will be selected in market lamb breeds as follows: 6-8 classes = 2 divisions / 9 -11 classes = 3 divisions/ 12 or more classes = 4 divisions
15. 4-H market lambs/Wether Dams are not allowed be shown with ear tags that display wording of any kind and will be covered up during check-in. Only official, county issued five-digit ear tags, 840 RFID tags, and scrapie tags will be permitted.
16. All breed champions and the two (2) commercial champions will show for grand champion market lamb and Wether Dam. The reserve grand champion market lamb and Wether Dam will be selected from the remaining champion market lambs and Wether Dams plus the reserve champion of the breed from which the grand champion was selected.
17. Once a market lamb is selected for the Celebration of Champions, it cannot be withdrawn by the exhibitor, withdrawing or failure to complete Transfer of Ownership to the Indiana State Fair for the Celebration of Champions will result in the disqualification of the animal and any and all awards and premiums for that animal shall be forfeited. The State Fair and State 4-H officials require market lambs selected for the Celebration of Champions to be "harvested".

4-H Breeding Ewe Qualifications

1. A 4-H exhibitor may show a maximum of six (6) ewes. From these six (6) ewes, a 4-H exhibitor may show, a maximum of two (2) ewes per age division per breed (i.e. spring ewe lambs, fall ewe lambs, and yearling ewes). Divisions (fitted, slick) within a breed count against the total for that breed. e.g. 1 slick yearling ewe and 1 fitted yearling ewe of the same breed equals the maximum for that breed. 4-H members may bring one additional ewe for the fitting contest, but this ewe may not be shown in 4-H breeding sheep classes.
2. Ewe lambs must have been born after September 1st of the previous year.
3. Animals exhibited in the ewe lamb classes must still have their lamb's teeth intact. Lambs with broken mouths or showing evidence of yearling teeth, will show in a yearling class. Determination of yearling ewes' teeth will be at the discretion of the judge.
4. A pair of lambs in breeding classes must both be ewe lambs and owned by one exhibitor. The exhibitor may be request the assistance of up to three additional 4-H exhibitors.
5. Animals shown in pair classes must have been shown as individual ewe lambs or yearling ewes, and the pair must be entered and shown by the same 4-H exhibitor.
6. All breeding sheep may be exhibited either shorn or with full fleece except for Dorset Advantage, Shropshire, Southdown, Texel and Commercial ewes. All Dorset Advantage, Shropshire, Southdown and Commercial ewes must be slick shorn for exhibition.
7. Ewes in any slick sheared class must be slick sheared at a uniform length (1/8 inch) with no wool between hock/knee and ears.
8. Any slick shorn ewes with wool over 1/8 of an inch in between the hock/knee and ears will not be permitted to enter the ring. This includes belly wool.
9. A separate class for slick sheared ewe lambs will be offered for the Border Cheviot, Dorset, Suffolk, Hampshire Horned Dorset, Tunis and Oxford breeds. The slick shorn class will be shown as the first class of ewe lambs in each breed. The Border Cheviot, Dorset, Suffolk, Hampshire, Horned Dorset, Tunis and Oxford breeds will also offer a slick shorn class for yearling ewes and this class will show before the fitted yearling ewes.
10. All registered breeding ewes must be identified by a 840-RFID Tag and ID that matches registration Papers and DNA Hair Sample. Commercial Ewes must be identified by a 840-RFID Tag and 5- digit County Tag/or official Scrapies tag and DNA Hair Sample.
11. The three (3) highest placing 4-H ewes in each class will be have their 840 RFID tags scanned immediately following the placing of their class. Ewes whose 840 RFID tag cannot be verified will be disqualified.
12. Except for commercial ewes, all breeding sheep must be registered, the registration number recorded with the breed association and the papers (no photocopies, carbon or FAX copies except a FAX directly from the national breed association to the Indiana State Fair) in the possession of the exhibitor. The breeder's tag/tattoo must be worn if required by the breed association.
13. All commercial ewe lambs and yearling ewes will be weighed for class designations.
14. Classes will have a maximum of 20 ewes
15. Ewe lambs shown as 4-H market lambs at the 2026 Indiana State Fair will not be eligible to show in 4-H breeding ewe classes at the 2027 Indiana State Fair.
16. Breeding ewes may be shown in the ring by two exhibitors. If two exhibitors are used, the 4-H exhibitor who owns the ewe being shown, must hold the ewe's head. Pairs may have three exhibitors.
17. The champion ewe in each breed will compete for the Supreme Champion 4-H Ewe. Once a Breed Champion is selected for any position in the overall Ewe selection that respective Reserve Breed Champion will be allowed to enter the ring for contention.
18. Once an ewe is selected for the Celebration of Champions, it cannot be withdrawn by the exhibitor, withdrawing will result in the disqualification of the animal and any and all awards and premiums for that animal shall be forfeited.

Sheep Classes and Showmanship Qualifications

4-H members who participate in State Fair 4-H sheep showmanship classes may only show their own animals that will be exhibited by them in a regular State Fair 4-H class. Showmanship will be judged on the fitting and training of the animal and the showmanship ability of the exhibitor.

1. ELIGIBILITY FOR SHOWMANSHIP

Each 4-H member who competes in the State Fair 4-H market lamb/Wether Dam show may enter the market lamb/Wether Dam showmanship contest. Also, each 4-Her who competes in the State Fair 4-H breeding ewe show may enter the breeding ewe showmanship. Each breed will have showmanship classes, which will not exceed 25 participants. A 4-H member may show in only one (1) market lamb/Wether Dam and one (1) ewe showmanship class. Contestants may compete in both the market lamb/Wether Dam and breeding ewe showmanship contests.

2. SHOWMANSHIP CLASSES. Grade in school on January 1 of the current year.

- a. Junior showmanship - all 4-H exhibitors in the 3rd, 4th or 5th grades are eligible. Once an exhibitor is the overall junior market lamb/Wether Dam showmanship winner, the 4-Her is only eligible to compete in the intermediate or senior market lamb/Wether Dam showmanship classes in future years. The same is true for ewe showmanship.
- b. Intermediate showmanship - all 4-H exhibitors in the 6th, 7th or 8th grades are eligible (exception only for any previous year's junior showmanship winners). Once a 4-H member is the champion intermediate market lamb/Wether Dam or ewe showman, they must compete in the senior division of that showmanship category in subsequent years.
- c. Senior showmanship - all 4-H exhibitors in the 9th grade or above are eligible (exception only for any previous year's intermediate showmanship winners).

In both the ewe and market lamb/Wether Dam showmanship events, only one (1) 4-H exhibitor from each breed and the commercial class may show for champion showman. This is true for the junior, intermediate and senior divisions. Both the champion senior market lamb/Wether Dam showman and the champion senior breeding sheep showman will represent the 4-H sheep department in the 4-H supreme showman contest.
