Non-Professional Fine Arts Division Coordinator: Mark Wright – 317-459-4611

Non-Professional Fine Arts Division Terms & Conditions:

1. Please read the Indiana State Fair, Indiana Arts Department and Non-Professional Fine Arts Division Terms and Conditions. It is the responsibility of the exhibitor to be familiar with and understand all terms and conditions concerning exhibition.
2. All non-professional exhibitors may choose to place their artwork up for sale in the gallery. 20% of the sale will go to the Indiana Arts Department and 80% to the artist. Exhibitor determines selling price for the art piece at check-in. The exhibitor will be expected to fill out a consignment form and turn it in at check-in. These forms will be available at check-in, as well as online at www.indianastatefair.com. Items that are sold must remain in the gallery throughout the fair. Offering artwork for sale in the Non-Professional gallery does not change the exhibitor's status from Non-Professional to Professional. An exhibitor may continue to enter the Non-Professional Fine Arts Division unless his/her status changes to Professional as described in Terms and Conditions in the Professional Fine Arts Division.
3. Size limit of 48" height and 48" width, including frame, for all paintings, drawings, prints and other exhibits which are intended to be hung for display.
4. Gallery wrap artwork is acceptable. Paintings on Masonite or board must be framed. The use of either glass or Plexiglas for those works which should be covered, as appropriate for the medium, is at exhibitor's discretion, however, broken glass will not be replaced.
5. **All paintings, drawings, and prints must be wired and ready to hang. Screws, not nails, must be used to attach wire to wooden frames. Saw tooth hangers or fasteners affixed with glue or adhesives are not acceptable.**
6. Prior to entry, exhibit tags must be securely fastened to the artwork on the upper left corner of the back. Exhibit tag for non-hanging items may be affixed to the bottom of the exhibit or secured by a cord. Entries failing to meet this requirement will not be accepted.
7. Non-professionals with little or no training who have not established themselves professionally, or who are art students, should make their entries in the Non-Professional Division. Once exhibited in a Professional Fine Arts Division class, an artist may not return to the Non-Professional Fine Arts Division to that same class.
8. Works developed as school, class or student activity or receiving criticism, verbal or in demonstration work from an instructor, must be considered student work and be entered in the Non-Professional Fine Arts Division.
9. Each Non-Professional exhibitor will be permitted 3 entries in class in the Non-Professional Fine Arts Division.
10. All work must be the original production of the exhibitor (excluding China Painting). Photographs or copies of paintings and published photographs are not allowed (excluding China Painting). Kits are not acceptable as 3-D artwork exhibits.
11. All exhibits shall have been produced in the last 3 years and never before shown at the Indiana State Fair.

Exploring indigenous foods like Wisconsin cranberries and Minnesota walleye, celebrating iconic flavors like the wheat and corn from across the prairies, chronicling cuisines from Native American to early European immigrants to 21st-century newcomers, or highlighting fish boils in small towns and fine dining big cities, the Alliance promotes and chronicles the diversity of the region's culinary character.

Please consult www.GreaterMidwestFoodways.com under the 'events' tab for examples of recipes and their histories.

6. By submitting your entry, you accept official rules and agree to be bound by the judges' decisions, which will be final. Judging:

A 3-person panel composed of professional photographers will judge all photographs in each classification. The judges will have the authority to decide any question not specifically covered by these terms and conditions and their decision will be final. Judges also have the right to reclassify any print.

1. **Impact** is the sense one gets upon viewing an image for the first time. Compelling images evoke laughter, sadness, anger, pride, wonder or another intense emotion. There can be impact in any of these 12 elements.
2. **Technical excellence** is the print quality of the image itself as it is presented for viewing. Retouching, manipulation, sharpness, exposure, printing, mounting, and correct color are some items that speak to the qualities of the physical print.
3. **Creativity** is the original, fresh, and external expression of the imagination of the maker by using the medium to convey an idea, message or thought.
4. **Style** is defined in a number of ways as it applies to a creative image. It might be defined by a specific genre or simply be recognizable as the characteristics of how a specific artist applies light to a subject. It can impact an image in a positive manner when the subject matter and the style are appropriate for each other, or it can have a negative effect when they are at odds.
5. **Composition** is important to the design of an image, bringing all the visual elements together in concert to express the purpose of the image. Proper composition holds the viewer in the image and prompts the viewer to look where the creator intends. Effective composition can be pleasing or disturbing, depending on the intent of the image maker.
6. **Presentation** affects an image by giving it a finished look. The mats and borders used, either physical or digital, should support and enhance the image, not distract from it.
7. **Color Balance** supplies harmony to an image. An image in which the tones work together, effectively supporting the image, can enhance its emotional appeal. Color balance is not always harmonious and can be used to evoke diverse feelings for effect.
8. **Center of Interest** is the point or points on the image where the maker wants the viewer to stop as they view the image. There can be primary and secondary centers of interest. Occasionally there will be no specific center of interest, when the entire scene collectively serves as the center of interest.
9. **Lighting** —the use and control of light—refers to how dimension, shape and roundness are defined in an image. Whether the light applied to an image is manmade or natural, proper use of it should enhance an image.
10. **Subject Matter** should always be appropriate to the story being told in an image.
11. **Technique** is the approach used to create the image. Printing, lighting, posing, capture, presentation media, and more are part of the technique applied to an image.
12. **Story Telling** refers to the image's ability to evoke imagination. One beautiful thing about art is that each viewer might collect his own message or read her own story in an image.

Prohibited Items

- No alcoholic beverages may be brought on to the Fairgrounds during the annual Indiana State Fair.
- No person in possession of a deadly weapon shall be permitted onto or be permitted to remain on the Fairgrounds, unless that person can demonstrate that the deadly weapon is intended for sale or trade at an event that is taking place on the Fairgrounds (Indiana Administrative Code, Title 80, Section 11-2-2(b)).
 - The definition of a deadly weapon includes firearms, knives or sharp bladed items (regardless of blade length), or any object carried or possessed with the intent to be used as a deadly weapon.
 - Exhibitors will be permitted to carry and use knives and other tools necessary for the proper care of their animals, tack, and equipment. However, these items may only be carried within the confines of the barn in which the animal(s) is housed. Knives and other tools carried outside of the barn are subject to confiscation under the deadly weapon rules found in the Indiana Administrative Code, Title 80, Section 11-2-2.
- Any deadly weapon found in the possession of a person while on the Fairgrounds is subject to immediate confiscation by persons authorized to provide security protection services as well as city, county, and state police agencies. Federal, state, or local law enforcement officers or those employed or authorized by the Indiana State Fair Commission are excepted from this rule (Indiana Administrative Code, Title 80, Section 11-2-2 (a), (c), and Section 11-2-3 (1) and (2)).
- Any person properly licensed to carry a firearm must secure the firearm in a locked compartment of his/her vehicle and it shall not be visible to passersby (Indiana Administrative Code, Title 80, Section 11-2-2(d)).
- No generators (not attached to a working/in transit RV/trailer/living quarters) or animal scales are permitted on the Fairgrounds except those furnished by the State Fair.

Household and family pets, whether domestic or wild, and service animals not recognized by the Americans with Disabilities Act (ADA) Section 36.104 are not permitted on the Fairgrounds during the Indiana State Fair. No person in possession of or having control over an unauthorized animal shall be permitted onto or be permitted to remain on the Fairgrounds (Indiana Administrative Code, Title 80, Section 11-2-4).

- Cameras are located throughout the Fairgrounds for security and promotional purposes.

Tents, Canopies, & Stall Coverings

- Any tent, canopy, or stall covering in a building must be made of a material to allow for or not block water distribution as well as meet or exceed NFPA Standard 701.
- A portable fire extinguisher must be located under each tent, canopy, or covering.

- Fire extinguishers are located throughout every barn and building. They may be used for approved purposes only. Do not use a fire extinguisher if you are not trained on its proper use.

- Larger barns and buildings will be used for shelter-in-place (points of refuge) to allow Fairgoers to seek shelter. This may cause an influx of people into livestock areas and result in the postponement of a show or exhibition. Exhibitors should be mindful of this, keep aisles and walkways clear, and tend to their animals accordingly.
