- Any deadly weapon found in the possession of a person while on the Fairgrounds is subject to immediate confiscation by persons authorized to provide security protection services as well as city, county, and state police agencies. Federal, state, or local law enforcement officers or those employed or authorized by the Indiana State Fair Commission are excepted from this rule (Indiana Administrative Code, Title 80, Section 11-2-2 (a), (c), and Section 11-2-3 (1) and (2)).

Tents, Canopies, & Stall Coverings

- Any tent, canopy, or stall covering in a building must be made of a material to allow for or not block water distribution as well as meet or exceed NFPA Standard 701.

- Fire extinguishers are located throughout every barn and building. They may be used for approved purposes only. Do not use a fire extinguisher if you are not trained on its proper use.
- Most buildings and barns are equipped with fire alarm and/or fire suppression systems. In the event of a fire, these systems should be activated.

- Do not store tack/supplies in primary aisle or in front of exit doors.

Severe Weather

- In the event of severe weather impacting the Fairgrounds, be it a severe thunderstorm or tornado, you may receive instructions over the barn or building public address system. If the barn or building is not equipped with a public-address system, State Fair staff will notify people in person.
- During a severe weather situation, you will be asked to remain inside, away from windows and doors whenever possible. Staff may be instructed to close all doors and windows, including overhead doors.
- Larger barns and buildings will be used for shelter-in-place (points of refuge) to allow Fairgoers to seek shelter. This may cause an influx of people into livestock areas and result in the postponement of a show or exhibition. Exhibitors should be mindful of this, keep aisles and walkways clear, and tend to their animals accordingly.

Animal Wellness & Care

The Animal Wellness & Care Plan (AWAC) was established to reinforce the Indiana State Fair's commitment and belief in the proper treatment of all animals in exhibition. The Indiana State Fair holds exhibitors of the various species of animals being exhibited to the highest standards in wellness, care and ethics of exhibition. The AWAC is responsible for ensuring the most up to date standards as well as to be a source for the public to seek answers to their questions relating to the health and safety of the animals involved in the Indiana State Fair. Failure or refusal by an exhibitor or fairgoer to comply with the Animal Wellness & Care Plan can result in penalties up to and including but not limited to removal and a ban from the Fairgrounds for the duration of the event.

Biosecurity

The Indiana State Fair Biosecurity Plan was developed to prevent the outbreak of diseases carried by both animals and humans that spread pathogens that can be transmitted to and from farm animals, as well as through the food supply. Many diseases and pathogens can be prevented through maintaining the cleanliness of facilities and encouraging good hygiene. The Biosecurity Plan will be enforced during the Indiana State Fair and all exhibitors are expected to carryout and preform basic biosecurity and hygienic task including:

- Hand Washing/sanitizing following exposure to animals and always before consuming food or drinks
- Excluding human food and food preparation from animal areas
- Maintaining general cleanliness of animals and animal areas
- Properly disposing of animal waste/soiled bedding in properly identified/designated areas
- Cleaning-up after your animal if it soils/has a biological event in a building/Fair common space
- Reporting the appearance or evidence of animal/human sickness or distress to Fair officials

Failure or refusal to comply with the above can result in penalties up to and including but not limited to removal and a ban from the Fairgrounds for the duration of the event.
