EVENT PLANNING SERVICES

Following the execution of the License Agreement for your event, the JCC will assign an Event Manager to work with you on event planning and implementation. Your Event Manager will contact you as soon as they are assigned and will remain your primary JCC Liaison through the conclusion of your event. Your Event Managers will help you to understand the policies and procedures and will take on the responsibility of communicating your needs and event requirements to the other departments at the JCC so that your event runs smoothly from beginning to end. These departments include Engineering, Public Safety, Housekeeping, Set-up, Medical, Electrical, Telecommunications, and other technical services.

Audio-Visual (A/V)

The Jackson Convention Complex (JCC) is pleased to offer all AV needs in-house and preferred Audio-Visual provider. A comprehensive inventory of basic and specialized audio, video, and lighting equipment, along with an experienced team of event professionals, are available onsite.

JCC recognizes that certain event organizers may elect to bring in a third-party supplier of audiovisual services ("outside vendor"). JCC can meet any such request(s) provided they adhere to the Facility Rules & Regulations as outlined via the JCC Event Planning Guide. These guidelines have been developed to ensure the utmost safety and care for all guests of the JCC and the JCC premises and to uphold a level of service and quality that is necessary to ensure a successful event.

The event organizer must notify the JCC at least thirty (30) days prior to their program of who their audiovisual provider will be.

All outside vendors and their subcontractors must meet the JCC insurance requirements in order to perform work at JCC. Please refer to your Event Manager for further details.

(See "Appendix H" for Audio/Visual Services)

- **House Sound**
The house sound has the capability to provide sound for meetings and general announcements. Any group that is organizing an entertainment event (concert, comedy show, etc.) will have to have sound brought in for the event. Some events may be required to "fly" sound depending on the space used and the type of event.
PLEASE NOTE: Exclusive Rigging Service Provider for the Jackson Convention Complex. The complex requests that the name of the group that is supplying the sound be submitted to your event manager.
- **Audio Levels**
The JCC reserves the right to regulate the audio levels of all events. Licensee must maintain appropriate audio levels as to not disturb nor interrupt other events. If requested to do so by JCC staff, Licensee must lower volume levels accordingly.
- **Audio Recording/Taping**
Remote recording is possible for media services. For detailed information and associated costs, please contact the in-house AV Technician of your Event Manager for details and fees.
- **Auxiliary Sound Equipment**
A detailed plan of auxiliary sound equipment must be submitted to and approved by both the Event Manager and AV Technician whenever an outside A/V service provider is used. This is to ensure the proper utilization of space, adjust room capacities as needed and to ensure public safety. The plan must be submitted no later than **21 – 30 days prior** to move in.

- c) **Box Office Use & Ticket Takers.** Based on availability, the JCC has two (2) portable ticket booths available for use for a fee as well as fixed box office location and windows. Contact your Event Manager for more detail and to decide. Telephone services and Internet services for the box office are exclusively provided by the JCC and shall be billed to Licensee at the prevailing service rates.
- d) **Complimentary Tickets.** If applicable, the licensee shall provide complimentary tickets to the JCC as outlined in ***the License Agreement*** of the events License Agreement. Complimentary tickets are to be delivered to the JCC either in-person or via insured mail carrier and must be received no later than ***ten (10) business days*** prior to the event.

I. PROTECTION CLAUSE

A protection clause may, upon approval of the JCC'S General Manager, be granted to recurring consumer/public shows that have a proven record of success, and which have produced significant economic benefit to the tourism community and the JCC. If granted, the Protection Clause will offer a maximum of ninety (90) total days of protection. JCC management will have discretion to split the protection period (example: 45 days before and after or 60 days before and 30 days after), but in all cases the Protection Period shall be detailed in the License Agreement. In addition, all advertising related to public shows must focus on the primary product lines being offered in the show and may not promote product lines common to competing shows creating confusion in the public expectation for each show. The Protection Clause will read as follows:

Protection Clause

Licensor agrees that it will not license any portion of the JCC facility to any competing event for a period of ____ days before Licensee's first event day and ____ days after Licensee's last event day (the "Protection Period"). A "competing event" is hereby defined as an event which has twenty percent (20%) or more of its net square footage of exhibit space showing/selling product lines the same or substantially similar to the product lines in the Licensee's event. However, a show that is open to the public shall never be deemed a competing event with a show open only to the trade and vice versa. All advertising for consumer/public shows will focus on the primary theme and product lines being promoted to the consumer and will not promote competitive show product lines. The determination whether or not an event is a "competing event" shall be solely within the discretion of the General Manager and shall be based upon the product lines and/or exhibitor listings from both events.

II. RESERVATION PROCEDURES

A. Facility Use Application

Potential facility users may request space by completing and submitting a "Facility Use Application" or by contacting the JCC Sales Team directly via phone, email or letter. The Sales Team will follow-up on **ALL** requests for space.

B. Deposits

The rental deposit establishes the Licensee's commitment to license the space on the specified dates and is required to fully execute the License Agreement. Generally, no less than 25% of the rental amount is due no along with the executed License Agreement, with the rental balance due no later than 10 days prior to the move-in day. The rental deposit schedule for each event will be detailed in the License Agreement for that event, and may vary depending on event type, lead time to the event, payment history of Licensee and credit references of Licensee.

Deposits schedule for the ancillary goods such as Food and Beverage, audio/visual, equipment rental, electrical and security will be detailed in the event License Agreement as well. It is the standard policy of the JCC to require and obtain deposits for all anticipated ancillary goods and services prior to the first move-in day. Ancillary goods related deposit schedules for specific events may vary depending on event type, lead time to the event, Licensee payment history and credit references.

C. Contingency Deposit

A contingency deposit may be required for certain events such as public dances and concerts. The deposits amount shall be determined by the JCC's General Manager based on potential risk assumed by the JCC on the event being booked. Such deposits are due not later than two (2) weeks prior to the move-in day. The fee is refundable once it is determined that there are no damages or outstanding expenses.

D. Cancellation

Cancellations by Licensee of an event that has an executed License Agreement will be subject to a cancellation fee as liquidated damages, as set forth in the License Agreement. In general, the cancellation fee will be equal to the full gross rental amount of the licensed space, as well as a portion of the anticipated food and beverage revenue, determined by the timing of the cancellation.

III. FIRST OPTION RIGHT OF REFUSAL

Should a group or event of equal priority submit a Facility Use Application for all or part of the same dates and/or space being held as a tentative under a First Option, the Second Option group or event shall be given the right to confirm the dates and/or space contingent upon the First Option group or event releasing the dates and/or space under the definition of First Option in Section II, 5.

FOOD & BEVERAGE POLICY

About Us

Jackson Convention Complex catering and concessions services are proudly operated by **Jackson Convention Complex**. Our goal is to offer the highest quality products and services and deliver truly memorable experiences. Our Executive Chef and his team of culinary experts take great pride in delivering fresh, unique, and flavorful dishes.

Exclusive Caterer

OVGF and the JCC is the exclusive provider of food for the Jackson Convention Complex. Outside food and beverage is prohibited.

Menu Selection

Your Catering Sales Manager will assist you with all of your food and beverage needs and is available to meet with you as early as your first contact with the facility. As your single source for planning food & beverage needs, your Catering Sales Manager should be included in your initial site visits to discuss the possibilities available to you.

As our menus are seasonal, we suggest that you make your initial menu selection no earlier than four months before your event. If you wish to make your selection earlier than this, please contact your Catering Sales Manager for assistance. However, your initial menu selections should be made (and estimated attendance is required) no later than 30 days prior to the scheduled event.

Should you desire something a bit more unique, please let your Catering Sales Manager know. Our team of culinary experts welcomes the opportunity to customize menus and services to create unique and thematic events.

Guarantee

For catered events, the initial menu selection is required no later than 30 days prior to the date of the scheduled event. Any major changes must be made no later than two weeks prior to the event date. A final guaranteed number of attendees ("**Final Guarantee**") for each meal function is required no later than **seven (7) business days** prior to the event. A business day is defined as Monday-Friday and does not include holidays. If the Final Guarantee is not received within seven business days of the scheduled event, the estimated attendance number specified on the contract will be designated as the Final Guarantee. Once determined, the final guarantee is not subject to reduction. If an increase is requested by the client and we are able to accommodate, a 25% overage fee may be added to any additional entrees. Catered functions contracted within five (5) business days of the event will be subject to a 25% additional charge.

Vegetarian meal options are available with all plated entrees. These vegetarian meals are part of the final guarantee and not in addition to it. Vegetarian counts are to be specified by client at time of Final Guarantee. The JCC customarily prepares vegetarian meals based on Chef's choice and the main entrees selected.

Please notify your Catering Sales Manager of any other special dietary restrictions when submitting your Final Guarantee.

For plated meal functions, we customarily prepare meal service for up to 5% over the Final Guarantee, to a maximum of 30 guests. Final charges will be based upon the final guarantee or the actual meal count, whichever is greater.

Accuracy in the Final Guarantee is vital to the success of your function. We will make every effort to service additional guests based upon availability of product and labor. However, we cannot guarantee that any guests above the Final Guarantee plus 5% will be served. Any such request will incur additional service fees.

Contract

By signing the master event license agreement for your event, you agree to abide by all of the policies and procedures of the Jackson Convention Complex, including these Food & Beverage Policies.

If your event includes food & beverage services, Banquet Event Order is also required. You must sign and return your Banquet Event Order to your Catering Sales Manager no later than thirty (30) days after signing your master event License Agreement. The License Agreement and BEO's will constitute the entire agreement between you and Jackson Convention complex.

Food and Beverage Minimum (F&B Minimum)

Some master event License Agreements will be based on a minimum purchase of food and beverage services (F&B Minimum) in exchange for a reduced rental rate. In such cases, the amount of the F&B Minimum will be detailed in the master event License Agreement and is calculated based on any food and beverage products or services purchased, excluding administrative fees and taxes.

Pricing

Due to market fluctuations, menu prices are subject to change. Pricing will be fixed within 60 days of your event (30 days for seafood options).

Food and beverage functions require a minimum purchase of **\$200.00** in food and non-alcoholic beverage. Should your catering order be less, the balance will be invoiced to total **\$200.00** before tax and service fee.

All buffet and break pricing is based on a two (2) hour service time. Additional labor fees (\$35 per server/ per hour) may apply for service time in excess of two (2) hours.

Plated meal function pricing is based on a four (4) hour service time. Additional labor fees (\$35 per server / per hour) may apply for service time in excess of four (4) hours.

Events with a guarantee of less than 50 people for plated or buffet meals will incur a \$75.00 set-up fee.

PLEASE NOTE: A 17% Administrative Fee will be applied to all food and beverage services (including alcohol). This Administrative Fee is retained to defray administrative costs; it is not intended to be a tip, gratuity or service charge and will not be distributed to employees. A 7% state sales tax, a 3% state tourism tax.

Payment

For any increases in the Final Guarantee within five (5) business days of the event is due and payable prior to start of the event. Any on-site adjustments, additions or replenishments of the contracted catering services will require the written authorization of the on-site contact and will be reflected in a final invoice, payable at the conclusion of the event.

You may finalize your account by Company Check, Cashier's Check, Visa, MasterCard, American Express, or cash. We will process / pre-approve your credit card for any estimated balance due three (3) business days prior to your function date.

Post-event direct billing is only available to pre-qualified clients. To apply for direct billing, a Credit Application must be submitted no less than 30 days prior to the contracted event date. Contact your Catering Sales Manager for more details.

Cancellation Policy

Cancellation of contracted food and beverage services must be made in writing. Should the event License Agreement be based on a minimum food and beverage purchase (F&B Minimum), which is included as part of the license fee, then the cancellation policies stipulated in the License Agreement shall prevail. Should the event License Agreement NOT be based on a minimum food and beverage purchase (F&B Minimum), the following cancellation fees apply:

0 - 7 Days	100%
8 - 30 Days	75%
31 - 60 Days	50%
61 - 90 Days	25%

Alcoholic Beverage Service

Mississippi Alcohol & Beverage Control (ABC), a division of the Mississippi Department of Revenue, regulates alcoholic beverages and service in the state of Mississippi. As the holder of the alcoholic beverage license for the Jackson Convention Complex the JCC is responsible for the administration of these regulations within the facility. As such, no other entity may sell or serve alcoholic beverages in the facility. Outside alcoholic beverages are strictly prohibited.

Should you require a bar for your event, a minimum of **\$500.00** in beverage consumption ("**bar minimum**") per bar is required for the first four hours. Bars open longer than four hours require an additional \$100 bar minimum per hour, per bar. Should consumption not reach the specified minimum consumption amounts, the balance will be billed to the Licensee.

All bars must close no later than 30 minutes prior to the scheduled event end time. In the interest of public safety, we reserve the right to close a bar at any time during the event. We also reserve the right to refuse alcohol service to intoxicated or underage persons. Further, we reserve the right to limit the number of alcoholic beverages sold to any individual to two drinks per purchase. Alcoholic beverages may not be removed from the facility.

Outside alcoholic beverages may not be brought into the facility. However, in unique circumstances and only with the written approval of the facility's General Manager, donated wine may be utilized. In such cases, you must adhere to all ABC laws. Additional handling and corkage fees will apply. Please contact your Catering Sales Manager for details.

For events at which some attendees may be under the age of 21, alcohol sales policies may be modified at the sole discretion of the JCC. Such modifications may include, but not be limited to requiring wristbands for age verification (at Licensee's expense), ending alcohol sales at the JCC discretion, and not serving alcohol at all (based on planned event end time, age group, etc...).

Excess Food

The Jackson Convention Complex adheres to federal and local health guidelines which dictate that catered food items may not be taken off the premises. Accordingly, all food and beverage prepared and provided by the JCC must be consumed during the specific event and may not be taken off property. To minimize potential waste, excess prepared food is donated under regulated conditions to agencies feeding the underprivileged at the convention center's sole discretion.

Facility Services

Banquet prices include black lines to the floor, glassware, china, and flatware for up to 1,100 guests. For functions with more than 1,100 guests, an additional charge of \$5 per guest will be charged for china service. Any events requiring food & beverage service outdoors will also incur additional services charges.

Linens

Black linen (132 round) and white napkins are included for plated and buffet meal functions. The number of tables dressed will be based on the final guarantee plus 5%. Non-food service tables or additional guest tables above the guaranteed amount may be clothed upon request at a charge of \$5.00 per table. For non-food tables, table skirting is available at \$20.00 per table.

Decorations & Floral

In an effort to make your job as easy as possible, and to provide a one-stop-shopping option, your Catering Sales Manager is available to assist you with fresh flowers, thematic decorations, specialty linens and center pieces to enhance your event.

Holidays

Menu pricing will be increased by up to 50% for events that fall on the following holidays: New Year's Day, Labor Day, Thanksgiving Day, The day after Thanksgiving, Christmas Eve and Christmas Day.

Concessions

We reserve the right, but are not obligated, to sell food and beverages at any location throughout the facility. For exhibit hall events, the Licensee may neither block, nor permit its exhibitors or contractors to block, access to the permanent concession stands. Licensee must ensure that a 10' x 35' area directly in front of each concession stand in each exhibit hall remains open and available for use by the facility's exclusive concessionaire.

Should you require a concession stand for your event, a minimum of \$800 in sales ("concessions minimum") per stand is required for the first four (4) hours. Concession stands open longer than four hours require an additional \$150 concessions minimum per hour, per stand. Should concession sales not reach the specified concessions minimum amounts, the balance will be billed to the Licensee.

A concessions voucher program has been established to assist public event show managers who may choose to provide meals to staff, judges and/or vendors. The discounted vouchers may be purchased through your Catering Sales Manager. Vouchers must be purchased in advance. Vouchers are date specific and are not transferable, refundable or exchangeable. Vouchers that go unused will be null and void after the specific date.
