A Note to Parents about Your Child's Personal Information:

Why do we require personal information and social security numbers? We understand your concerns, and we want you to know why this info is needed. Many of our 4-H and FFA youths take part in various contests and events-rabbits, poultry, dog show, horse show, and other open and youth shows. It is possible our kids can earn multiple premiums and accumulate a sum of money that requires us to report their earnings to the IRS. It would be difficult to contact parents after the fair to get the information needed and still get checks written and to the winners in a timely manner. We want you to know their information is guarded and entry forms are shredded when they are no longer needed.

Photography Release

Photographs will be taken during these events and the images will be used to help promote the fair and educate the public about our different programs and competitions.

I authorize the Greater Jacksonville Agricultural Fair or their assignees to record and photograph my image and/or voice (or that of my child if under 18) for use in research, educational and promotional programs. I also recognize that these audio, video and image recordings are the property of the Greater Jacksonville Agricultural Fair.

If anyone has an objection to the use of their child's image please send a request to jackie@jacksonvillefair.com.

NOTICE: In the case of papers pending, it is the responsibility of the exhibitor to provide the fair with a letter from the breed association stating that the papers on their animal have been applied for but have not yet been processed. Papers pending will not be accepted without this letter from the association.
