MESSAGE FROM THE GOVERNOR

Welcome to the 2023 Kansas State Fair!

As you enter the fairgrounds, know that you are taking part in one of my favorite Kansas traditions. Each year, visitors from around the world come to Hutchinson to celebrate the culture and history of our great state. Whether that means taste-testing 50-year-old family recipes, cheering on the All-Star Monster Truck Tour, or taking a trip on the Skyride overlooking the Fairgrounds, the State Fair showcases why it's so fun to be a Kansan.

The Fair also reflects our state's history of entrepreneurship and resilience. It began 150 years ago with a group of businesspeople who organized the Reno County Agricultural Society. Despite a swarm of angry grasshoppers interrupting activities the next year, organizers persisted and gradually expanded the Fair into the modern version we know and love.

The Fair continues to evolve to this day. In 2019, one of the first bills I signed as governor authorized the State Fair Board to establish a nonprofit corporation to fundraise to expand the fair's offerings. Last year, the State invested nearly \$15 million to restore the Bison Arena, revamp the Expo Center, and provide air conditioning in

the 4-H Centennial Hall and Oz Gallery. And under the leadership of the State Fair Board and General Manager Bryan Schulz, the State Fair continues to increase attendance, draw new and exciting attractions, and bring together Kansans and visitors to our state like never before.

My administration will continue to support efforts to grow the Fair in the coming years as an important Kansas tourist attraction, symbol of our agricultural sector's strength, and driver of the local economy.

No matter what brings you to the Fair, I hope you all enjoy your time here and create memories that will last a lifetime. I especially want to thank everyone who makes this valuable attraction possible year in and year out. Your hard work is why more Kansans gather at the State Fair than anywhere else. You make our state proud.

FAIRIFIED FRESH UPGRADES

The Kansas State Fair, with assistance from the Kansas Legislature and our great Corporate Sponsors, has been doing a large amount of upgrades to the Fairgrounds over the past year. These upgrades will continue throughout the rest of 2023 and into 2024.

ROAD REFRESH

With the over 550 events that go on at the Fair each year, the traffic plays a huge role in the wear and tear of our asphalt. With the State's assistance, we were able to secure funding to do a complete overlay of all our asphalt areas. This project will happen prior to and after the 2023 Kansas State Fair, for your convenience.

SAFETY FIRST

A permanent Public Address system has been installed for your safety. Other measures that are in the works for 2023 and 2024 are upgrades in lighting and cameras.

HOUSE OF CAPPER

Other beautification projects on the grounds include the newly rebuilt House of Capper and Coop Park. This is a tribute to former Governor and Senator Arthur Capper.

KEEPIN' IT COOL

With all of the extreme weather fluctuations that happen during the Kansas State Fair, we want to make sure that our guests and volunteers have a cool space.

This year the Oz Gallery will be an air-conditioned space. Check out fine arts, school arts, Boy Scouts and Girl Scouts as well as the Explore Kansas Festival the last weekend of the Fair.

LIGHTS ON!

Make sure that you stick around after dark to check out all of the beautiful tree light scaping that has been done in Gottschalk Park, Administration Park, North of the Administration Building, around the Lair White House, and throughout the Lowen Corporation Free Stage located at Lake Talbott.

You won't want to miss it!

REDOING THE LOO

Restrooms on the grounds have always been an area that have needed updating. This year we have updated the restrooms in the Expo Center, and the Grandstand. Over the next couple of years, we will continue to upgrade all of the restroom facilities.

BISON ARENA

One very large project will be the renovation of the Bison Arena. Plans are in the works to renovate this iconic facility into an Ag Innovation Center that will tell the story of Agriculture in Kansas. Look for more updates to come.

Thank you to all of our Sponsors and the Kansas State Legislature for all their contributions to making the Kansas State Fair a fantastic place for all our guests!

CAPPER COOPERATIVE PARK

The Kansas State Fair is excited to announce the completion of the **Capper Building and the Cooperative Park.**

THE NEWLY REBUILT HOUSE OF CAPPER was completed earlier this year. Built in the architectural style of the original structure from 1916, this historical landmark of the Kansas State Fairgrounds is now equipped with a state-of-the-art audio and lighting system and boasts a beautiful educational park, complete with story-boards and immaculate landscaping.

NAMED FOR ARTHUR CAPPER, the first native-born Kansas Governor and U.S. Senator who spearheaded the Capper-Volstead Act, the park is the only exhibit in the United States dedicated to cooperatives and the Capper-Volstead act of 1922.
