The Kendall County Fair not only entertains and educates, but also has an immense economic, educational, social and cultural impact to our community.

This would not be possible without the continued support of our sponsors, volunteers, exhibitors, vendors, advertisers, entertainers, judges, monetary donors, in-kind service/gift donors, underwriting sponsors/donors, directors and families, senior directors and families, fair association membership, supporters of the fair, royalty court and families (past and present) and fair visitors of all ages.

The Kendall County Fair Association respectfully requests that you take the time to recognize all the above listed. Without them it would not be possible to present the 117th Annual Kendall County Fair.

### **Homestead Heritage Exhibit Hall History**

The first exhibition hall was built in 1918 and had been the center stage of fair events and celebrations throughout the early years of the Kendall County Fair Association. A devastating misty early morning fire on Friday, February 17, 1984, completely burned the sixty-six-year-old building to the ground, along with a structure history, a wealth of Kendall County Fair memorabilia and mementos were destroyed. Burned also and never to be replaced were seventeen antique showcases that was stored inside the hall. With a plea from the association to the community for donations of fair memorabilia and mementos the association replaced many of the destroyed items lost in the fire. Only a few of the early president's pictures and catalogs have not been replaced along with selected fair mementos such as trophies, ribbons, and pictures. Shortly before the fire the exhibition hall had just gone under a remodel and was electrically re-wired. With the remodel complete the solid aged structure promised many more decades of usefulness. The actual cause of the fire has never been determined. With the help of association members, women's auxiliary, and community volunteers the now existing exhibition hall was built with donated funds and many volunteered hours. With all this effort and pride for the Kendall County Fair Association the newly built exhibition hall doors were opened for the 79th Annual Kendall County Fair on September 1st, 1984.

From the earliest days of the Kendall County Fair exhibition hall was and is the "Heart" of the annual fair. It continues to showcase the many talents of Kendall County citizens year after year. Each year the locals from all ages enter exhibits into judging competition against their fellow friends, neighbors and even family members for a chance to win a ribbon or the "Best of Division" Award for Best Overall Entry in divisions from baking to taxidermy or maybe the "Best of Show" Award chosen from the "Best of Division" winners or an "Honorable Mention". Showcases are brimful of fair memorabilia and mementos of the past and present. "The President's Wall" atop the showcase displays pictures of the association's presidents from 1949 to 2023. Selected walls throughout the hall display pictures of fair royalty, projects, and celebrations. A wall of plaques honoring association individuals is displayed listing their designated titles and years of service. The exhibit hall will be open daily and nightly with selected hours for fair visitors to enjoy the exhibits and take a trip down memory lane by viewing the history on display from the first exhibition hall to memorabilia of the Kendall County Fair Association since its first fair held in downtown Boerne on September 4th, 1905.

## 2nd Annual Cookie Baking Contest

When did cookies begin? Research shows nobody is really sure who created the first cookie. It may have just been a mistake in the baking area. Some cooking experts believe that many many years ago cooks wanted to test the temperature of their oven so they would bake a small blob of cake batter to see if the oven was heated well enough to bake an entire cake. The Dutch called these little test cakes a "keokje" which means "little cake". This recipe or process was brought to America from the Netherlands by the Dutch. The term cookie likely derived from the Dutch version. England called these popular little cakes biscuits as does Australians. Spain calls them galletas and Italy biscotti. Almost every country has a word for the cookie. At the Kendall County Fair, we are going to go the distance and just call them GREAT! All great things are worthy of putting our baking hands in the dough and competing for the bragging rights of making the best COOKIE! We are excited to bring you the 2nd Cookie Baking Contest in the Exhibit Hall at this year's Kendall County Fair. Get your flour ready and come join the fun!
