

Community Preparation

The **2024 total eclipse** will bring the **largest number of visitors Kerrville has ever seen**. Visitors will seek out **parking, lodging, and other amenities - especially food and beverage**. If you are interested, this is a great opportunity to benefit financially from the influx of tourists. Due to this influx, please know transportation will be challenging and plan accordingly. We encourage residents to travel as little as possible on the **April 8** eclipse and have necessities on hand prior to **April 5, 2024**.

Businesses

2023 & 2024 may seem far in the future, but now is the time to begin preparing your business for the increased number of visitors in Kerr County. Ensuring your business is prepared with the proper amount of **supplies, food, merchandise, and trash receptacles** for the estimated number of visitors is crucial. *Preparation should begin as soon as possible.*

Economic Impact

Over 150,000 visitors are expected to visit the Hill Country for the 2024 eclipse. With this influx of people in the area, the economic impact is expected to soar. This an exciting opportunity for the entire community!

What You Need to Know

→ Events

Several events will be offered throughout the community to celebrate the 2024 total eclipse. **If you or your organization is hosting a public or private event on April 8, 2024, please register it for emergency management purposes at kerrvilleeclipse.com.**

→ Travel

Individuals will be able to begin booking hotels in Kerrville 12 months in advance of the 2024 eclipse. Most hotels in Kerrville will have a 4 night minimum to encourage visitors to stay and enjoy the Hill Country.

→ Our Goal

To educate and encourage the community to be prepared and excited for the upcoming 2023 and 2024 solar eclipses. We are also committed to providing an inviting environment to those visiting.
