SPECIAL NOTE:

Over the past year+ we have been moving, boxing and storing treasures, waiting for the day we could gather together again. That said, we worked on timelines that didn't always allow for us to list and photograph every consignment. This sale will have **very fun** treasures from two different consigners that have been stored away and are not listed here. Even we don't know what is in one of the storage units!

While we're at the fairgrounds, the crowd will be seated outside to allow for distancing. We will provide chairs, but you're welcome to bring your own if you prefer. Please also watch the weather and plan to dress accordingly! We can't wait to see you all again!

"Three generations of honest hard work"
