Commissioners' Award

Each Latah County Commissioner will award a special Rosette and a \$50.00 personal gift from the individual commissioner to an outstanding exhibit, display, individual or presentation which they feel best portrays the true spirit of the Latah County Fair.

Ribbons... Explained

For the Competitive Exhibit Shows,
Latah Fair uses the "Danish System"

The Judges look at each entry in a particular CLASS and award each entry ONE of the following, based on *individual merit* of the entries:

BLUE: Excellent; exhibit most nearly meets the standard (does not indicate perfection).

Example of numerical score = 90-100

RED: Good; relative to established standards, a few specific shortcomings have been identified. Example of a numerical score = 80-89

White: Fair; improvements are needed in order for the exhibit to meet the established standards. Example of a numerical score = 70-79

Then the Blue Ribbon entries are judged against each other and the Judges award a:

Best of Class = Best exhibit in the class

Silver = Second best exhibit in the class

Bronze = Third best exhibit in the class

Then the Judges look at all of the Best in Class Entries and pick a

BEST OF SHOW.

Which is their pick for the best exhibit in the show.

The stand alone contests (such as Potato Family Adventure or King Arthur Baking) do not use the Danish system. Entries are judged, and awarded prizes as provided by the contest sponsors. If unique ribbons are not provided for the contest, a Judge's Choice is often used for first place, and a Silver for second.

The Floriculture Show is Judged using the National Garden Club Flower Show Guidelines.

The 4-H & FFA animal projects are judged using the Danish System, but Class winners are given a Grand Champion, Reserve Champion, and Bronze Ribbons.

Wildfire season is here. Avista is ready.

Dry vegetation and high winds increase the chances of wildfires. But Avista is doing our part to keep our system and communities safe.

We are partnering with property owners to remove or trim trees near our lines. We are making improvements to make our system stronger. And we are changing operations when hot, windy forecasts are predicted. In areas of higher risk, we can set the system to be more sensitive, meaning we don't try and reenergize automatically if something comes in contact with a line. We physically patrol the line when it's safe to make sure there is no fire danger before reenergizing.

Our system is built to keep outages to a minimum but help us keep you informed. Log in and update your contact information on our website. Also sign up to receive power-outage alerts by text or mobile app.

Click the word "**outage**" in the top navigation to locate the page. We just want to keep you safe.

Cinnamon-Apple Twist Bread

INGREDIENTS

Dough

- 3 1/4 cups (390g) King Arthur Unbleached All-Purpose Flour
- 1/4 cup (43g) potato flour or 1/2 cup (43g) dried potato flakes (instant mashed potatoes)*
- 3 tablespoons (35g) granulated sugar
- 1 1/2 teaspoons instant yeast
- 1 1/4 teaspoons (8g) salt
- 3 tablespoons (43g) butter, softened
- 1 teaspoon King Arthur Pure Vanilla Extract
- 1 large egg
- 1 cup + 2 tablespoons (255g) milk, lukewarm
- *Substitute 3/4 cup (170g) unseasoned mashed potatoes and reduce the milk to 2/3 cup (152g)

Filling

- 1 cup (170g to 227g) peeled, grated apple
- 1 tablespoon (14g) lemon juice
- 1/2 cup (99g) granulated sugar
- 3 tablespoons (21g) cornstarch or 2 tablespoons (21g) Instant ClearJel
- 1/8 teaspoon salt
- 1 teaspoon cinnamon

Glaze

- 1 cup (113g) confectioners' sugar
- 1 teaspoon King Arthur Pure Vanilla Extract
- 1/8 teaspoon salt
- 1 to 2 tablespoons (14g to 28g) water or 2 to 4 tablespoons (28g to 57g) heavy cream

INSTRUCTIONS

1. To make the dough: Weigh your flour; or measure it by gently spooning it into a cup, then sweeping off any excess. Whisk together all of the dry ingredients, then add the butter, vanilla, egg, and milk, mixing until a shaggy dough forms. If your schedule permits, let the dough rest for 30 minutes; this resting period allows the flour to absorb the liquid fully, making it easier to knead.
2. Knead the dough — by hand, using a mixer, or in a bread machine set on the dough cycle — until it's smooth and soft, though still slightly sticky. Place the dough in a greased bowl, turning to coat. Cover the bowl, and let the dough rise until it's almost doubled in bulk, about 1 1/2 to 2 hours. The amount of time this takes will depend on the temperature of your kitchen; yeast works the fastest at about 85°F, but we prefer the flavor the bread gets from a longer, cooler (about 70°F) rise. If you're using a bread machine set on the dough cycle, simply allow it to complete its cycle.
3. While the dough is rising, make the filling.
4. To make the filling using

cornstarch: Toss the grated apple with the lemon juice in a saucepan. Whisk together the sugar, cornstarch, salt, and cinnamon, and add to the pan, stirring to combine. Cook over low heat, stirring frequently, until the apple starts to release its juice. Increase the heat to medium, and bring to a simmer. Simmer, stirring, until the mixture thickens, 1 to 2 minutes; drawing a spatula across the bottom of the pan should leave a track that doesn't readily fill in. Remove from the heat, and set aside to cool to room temperature; if you want to hasten the process, place in the refrigerator.

5. To make the filling using Instant ClearJel: Whisk together the sugar, ClearJel, salt, and cinnamon. Toss the grated apple with the lemon juice, then add that to the sugar mixture. Mix well, and set aside.
6. To assemble the loaf: Gently deflate the risen dough and turn it out onto a lightly floured or greased work surface. Divide the dough in half. Roll the first half into a 10" x 12" rectangle. Spread half the filling over the rolled-out dough, leaving a 1/2" margin clear of filling along all sides.
7. Starting with a long side, roll

the dough into a log, sealing the edge. Use a bench knife, pizza cutter, or sharp knife to cut the log in half lengthwise. Place the half-logs, filled side up, side by side on a well-greased or parchment-lined baking sheet. Keeping the filling side up, twist or "braid" the two logs together, working from the center to each end. Pinch the ends together. Repeat with the second piece of dough. Cover the twists lightly, and set them aside to rise for 1 to 2 hours; they should be puffy but not doubled in bulk.

8. **To bake the bread:** Bake the loaves in a preheated 350°F oven for 30 to 40 minutes, until they're lightly browned. Check the loaves after 20 minutes and tent with aluminum foil if they're browning too quickly. When the loaves are fully baked, a digital thermometer inserted into a loaf (be sure to position the thermometer in the bread, not the filling) should register about 190°F. Remove the bread from the oven and allow it to cool for about 1 hour before glazing and serving.
9. **To make the glaze:** Mix together all of the glaze ingredients. Drizzle over the loaves once they're cool.
