

Photo Upload Guidelines, Tips and Tricks

- A maximum of 3 photos may be accepted, at least one should include both the exhibitor and their current year sale animal.
- Acceptable image formats are .jpeg, .gif, .bmp, .png only.
- The total file size of the uploaded image must be less than 8 MB.
- Screenshots of a photo tend to result in a grainy picture and will be deleted.
- Enter a short title for your photo (optional).
- For those familiar with using photo editing programs, note: the minimum image dimensions (width or height) should be at least 450 pixels.
- It is highly recommended that animals be “show ready” in the photographs/video.
- For liability reasons, photographs containing minors outside immediate family will not be allowed unless the face(s) of the minors are blurred or facing away from the camera.
- Photos should not be altered or edited.
- Exhibitor may not advertise or promote anything other than themselves and their sale animal.
- All photos will be reviewed and subject to final approval by the LMAS committee.
