

Attorney / Client Phone Conferences

To assist with the communication needs between out of county attorneys and detainees in custody at the Lea County Detention Center, attorney/client phone conferences are accommodated.

Out of county attorneys must send an e-mail to the Records Dept at: LCDCRecords@leacounty.net. A Records Dept staff member will respond by e-mail advising of dates and times staff has available for phone conference.

In county attorneys: We appreciate your understanding that space and available times are limited; therefore, the cubicles are available for you to visit your clients. If you have a set time for visitation, you can e-mail your client list to: LCDCRecords@leacounty.net, Records staff will make every effort possible to have detainees readily available for you upon your arrival to the facility.

LCDC staff will not “pass notes” to detainees. Please make the necessary arrangements to communicate with detainees.
