No convenience or purchased mixes may be used for any food entries. 4-H food project books include recipes for the food to be exhibited.

Each Exhibitor may only enter one item per class.

Food entries must be put on a small plate and placed inside a re-sealable plastic bag. Pies, cakes and bread loaves need to be covered properly.

All Cross Stitch articles must be framed and if needed matted. This does not apply to napkins, towels, bibs, etc.

Self Determined Projects:

All Self-Determined entries must be accompanied by a completed Self-Determined Project Record Form 100.SD-1 (R-03). Self-Determined items that do not have a sheet will be disqualified. It is recommended the exhibitor place the entire Self Determined Record Sheet into a page protector and attach to the project securely.

All 4-H members who have enrolled in a Self Determined project are STRONGLY ENCOURAGED to construct an exhibit of their project, based on the goals and steps they set at the beginning of the current 4-H year. All self determined project exhibits MUST BE entered under the specific project, Self Determined class number. For example, a Self Determined Welding project may have a poster exhibit of the large scale project that was completed, where as a Self Determined Gardening Project may include a display of vegetables or flowers and how they were grown.

When the word Poster, Display Board, or Exhibit Board is used, please follow the guidelines below. Any exhibit not following the guidelines will be disqualified.

Exhibit sizing guidelines:

Posters: Posters may be no larger than 14 x 22 inches (this is half of a standard sheet of poster board). Posters are defined as any flat paper, foam board, cardboard, or other backing appropriate for hanging on the wall for display. Flat items placed on stands or with stands attached will be considered posters and the stands will not be utilized for display.

Display Boards: Display boards may be no larger than 18 x 48 inches (this is a small size display board or half of a standard display board). Display boards are defined as scored, freestanding science boards that may be purchased at any school supply store. These are boards made freestanding by the sides being folded in slightly.

Other Exhibit Boards: Exhibit bases for three dimensional vertical displays may be no larger than 24x24 inches. A vertical display is defined as an exhibit with a solid base where the exhibit itself rises up. This would apply to small engines, self-determined, or any other appropriate 3-D Display.

Project Specific Boards: Some project boards are given specific measurements within the project book. For example, leather craft and braiding have guidelines in the project book. If an exhibit is defined by the project book that is the rule members must follow.

Oversized Exhibits: Because of security and space limitations, extremely large/heavy project exhibits may not be accepted for display in the 4-H Department. This only applies to actual items - posters, display boards, and vertical displays may not be over-sized. We cannot guarantee that oversized items will be placed behind glass.

Photography Exhibits: See specific sizing guidelines under the photography section. Photos may be mounted or matted with material strong enough to withstand transport and display (cardboard, mat board, poster board, etc.). We are not responsible for lost or damaged photos - please keep a copy of all prints submitted.
