CENTER

Creating Connections Through Cohesive Wellness - Accreditation #WellnessWednesday

The Lynnwood Convention Center is applying for the Global Biorisk Advisory Council® (GBAC) STAR™ Accreditation

GBAC STAR™ is the cleaning industry's only outbreak prevention, response and recovery accreditation for facilities and is the gold standard of prepared facilities. This accreditation means that a facility has:

- Established and maintained a cleaning, disinfection, and infectious disease prevention program to minimize risks associated with infectious agents like the novel coronavirus (SARS-CoV-2).
- The proper cleaning protocols, disinfection techniques, and work practices in place to combat biohazards and infectious disease.
- Highly informed cleaning professionals who are trained for outbreak and infectious disease preparation and response.

For more information about the accreditation, visit their website [here](#).

The Lynnwood Convention Center Management has also completed the following certifications:

- "Microbial Warriors" Online Fundamentals Training Course through GBAC
- 30-Hour Outreach for General Industry through OSHA (Occupational Safety and Health Administration)

We take your safety seriously and will be ready to maintain a Safe Place to Meet when we welcome you back to the Lynnwood Convention Center!
