Creating Connections Through Cohesive Wellness - Thinking Outside the Box

#WellnessWednesday

The current situation has given us a unique opportunity; a chance to creatively rethink our events and to try something new.

The Lynnwood Convention Center is working with our fall events to ensure a **Healthy Event Space** is provided. We are creating plans to assist you, the Event Planner, in conforming to physical distancing guidelines, including:

- Complimentary upgrades to a larger event space (i.e. downstairs events will be upgraded to the upstairs space if/when available)
- Complimentary expansion of space (i.e. upstairs events expanding into the downstairs space if/when available)
- Two general session rooms with presentations simulcasted in both (to help with physical distancing)
- Stantioned lines for flow with directional signage (i.e. registration, ingress/egress, restrooms)

Each event will need to overcome unique opportunities and our team is committed to working with you on creating realistic and sustainable solutions.

Be safe!
