Creating Connections Through Cohesive Wellness - Announcing *VenueShield* #WellnessWednesday

While cleanliness and the safety of our staff and guests has always been paramount, guidelines and standards have now changed. Leading the charge in establishing heightened venue cleaning protocols is the Lynnwood Convention Center's management company, ASM Global. ASM Global is supporting the local team through a new program titled, *VenueShield*.

"*VenueShield* is the culmination of extensive and ongoing work by our Global Task Force to develop this industry-leading set of protocols that will ensure the highest levels of health and safety for our employees, entertainers, athletes and guests. We appreciate the expertise provided by the world-class team of experts we have assembled. We look forward to growing the *VenueShield* program with our partners at AECOM, SERVPRO and Drexel University College of Medicine as we continue to reopen across the globe."

~ *Bob Newman, President and CEO of ASM Global*
