

Happy New Year!

2021 has arrived! The Lynnwood Convention Center team wishes you and yours a wonderful new year.

New Hybrid Meeting Partner

With hybrid meetings being a key component of events in 2021, we are excited to announce the Lynnwood Convention Center's new partnership with TEP (Technical Event Productions, LLC). Established in 2005, TEP began as a music production company running live concert events and quickly expanded to provide commercial AV design and install. As a full service audio visual production company, they specialize in AV, sound systems, video and projection screens, lighting and staging for live events. For more information about TEP, visit their [website](#). We look forward to the great year of collaboration ahead.

January is National Blood Donor Month

In partnership with BloodworksNW, the Lynnwood Convention Center is hosting a blood drive.

Any donor who donates between now and March 17th will be entered in to win a new car!

Make your appointment for January 28th or 29th [online](#) or call 1-800-398-7888.

Small Meeting Packages

Looking to host a small meeting? Our One-Stop Shop Meeting Packages include all the needed components to make your meeting successful; room rental, audio visual and food and beverage. They have been further customized to include distancing-friendly food and beverage items and include space to accommodate physical distancing requirements. Visit our [website](#) for more information.

New Art Exhibit

The Lynnwood Convention Center is currently hosting two exhibits through June 2021:

"Northwest Eden: Trees, Plants and Gardens of the Northwest" and

"Northwest Enterprise: Working in the Northwest"

The public is welcome to view the art when the

convention center is open. For more information view our exhibit details at www.lynnwoodcc.com/art.

Employee Recognition

ASM Global and all of us at the Lynnwood Convention Center want to recognize Jerome Mitchel, cook, on his 10 year anniversary with the venue.

Jerome has proven to be a great member of the team, with his happy persona, flexibility and team-centric attitude, not to mention the great dishes he creates for our guests.

Congratulations, Jerome!

Committed to Your Health and Safety Update

The Lynnwood Convention Center is proud to be a member of VenueShield, an internal ASM Global environmental hygiene program, and has also received GBAC STAR™ facility accreditation. GBAC STAR™ is a performance-based accreditation program that helps facilities demonstrate they have the work practices, procedures, and protocols to prepare, respond, and recover from outbreaks and pandemics.

For more information on these protocols, visit our [website](#).

In conjunction with our *VenueShield* and GBAC STAR™ programs, our team has gone through great lengths to implement many changes to ensure your next event is met with heightened sanitization and hygiene practices. We have also created new offerings and modified other services to ensure the health and comfort of our guests.

To review the full scope of our safety measures we invite you to review our:
