

# Camel

## The only attraction in the world featuring rare varieties of the Dromedary Camel

Transform your facility into a desert oasis with Camel Kingdom and the stars of the show...rare Dromedary camels. This educational and entertaining attraction features snow white and spotted camels. There are less than 5,000 snow white camels and only 1,000 spotted dromedaries in existence. Camel Kingdom features the only touring herd in the world.

Camel Kingdom is a fun, one-of-a-kind experience – enjoyable for all ages. The daylong exhibit provides visitors with an opportunity to get an up-close look at these unique creatures and interact with care experts between shows.

After the conclusion of each presentation, attendees can meet the stars of the show and have their very own camel encounter with a photo or ride.

"Just caught the show at The Big E. It was awesome! The camels are as magnificent as they are beautiful. What a rare treat to see not only the spotted blue-eyed camels but baby camels too. Without a doubt the best attraction The Big E has had in decades! Well done!"

**Christine M.**

"You nailed it – educational as well as entertaining. Your animals appear to be happy, healthy ambassadors for their species. Hope to see you again next year!"

**Gabriella M.**

"I saw your amazing show last night! I love all the hard work and care you put into your animals. Your explanation of the whip was perfect! I can't wait to see it again."
