

NCW FAIR YOUTH LIVESTOCK SALE Rules/Guidelines

The NCW Fair is dedicated to staying true to its Mission Statement of, “*Commitment to the future of our youth, families and communities through education and promotion of agriculture, industry and resources of the region*” and to move forward with a Livestock Sale in conjunction with our in-person auction, which provides an opportunity for 4-H, Grange Youth, and FFA members to sell their market animals.

Exhibitors are to deliver their animal entries to the NCW Fairgrounds between the hours of 3:00 p.m. and 8:00 p.m. on Wednesday, August 24. Ear tags will be assigned to all exhibitors for their market class animals. Arrangements will be made with the Club Leaders/Advisors for the entire club. Potential buyers can bid in person at the sale arena as they have in the past. All exhibitors of market class animals will submit a combined picture of themselves with their animal, as detailed below, to be used to verify that all animals have been properly tagged prior to bringing them to the fairgrounds on August 24.

General Rules, briefly summarized below. Please see the 2022 premium book for complete rules and guidelines.

1. 4-H, Grange Youth, and FFA members currently enrolled in a market livestock project (beef, sheep, hogs, or meat goat) are eligible to participate in the sale.
2. An exhibitor is allowed to sell only one market animal, regardless of being enrolled in both 4-H, Grange Youth, and FFA. No feeder stock will be sold.

Animal Registration

3. Completed registration and non-refundable payment must be received by the NCW Fair office by July 15, 2022 or postmarked by July 15. No late registrations will be accepted.
4. Registrants will be notified when ear tags are available for pickup at the NCW Fair Office. The ear tag provided must immediately be put into the animal.
5. A combined photo of the sale animal and its owner must be submitted for **all** market animals to the NCW Fair by midnight August 15. The ear tag must be visible in the photo submitted; instructions for how to properly tag your animal will be provided.
